Criminal Organization Its Elementary Forms

Petter Gottschalk, Christopher Hamerton

Criminal Organization Its Elementary Forms:

Criminal Organization: Its Elementary Forms Donald Ray Cressey, 1972 Extension of the author's Churchill College Overseas Fellowship Lecture delivered on 3 May 1971 and published in 1971 under title Organized crime and criminal Criminal Organization: Its <u>Elementary Forms</u> Donald Ray Cressey,1972 **Document Retrieval Index** Memory as Power Alex Tepperman, Paul Bleakley, 2025-01-27 Featuring a collection of works by scholars from ,1974 across a variety of disciplines this book outlines the principles of a critical historical criminology For historical criminologists this book provides a framework of how to engage with historical material in a way that is critical in its interrogation instructive in terms of how the past impacts upon our current and future practice and attentive to the dangers of presentism For critical criminologists this book highlights the potential benefits of looking to the past to inform our understanding of the critical issues we face in the current social cultural and political context in a purposeful historically sensitive way This remarkable volume aims to model how to practice a critical version of historical criminology that has implications for practice in the contemporary period It does so by incorporating contributions that emphasize robust high quality historical research that nonetheless speaks to issues and problems of premium concern to present minded critical criminologists bridging a gap between the past and present through an operationalization of the past that allows readers to better understand the criminological concerns of the present In this sense it can be used pedagogically as a collection of works which model critical historical criminology and is thus of instructional use alongside its research contribution **Organized Criminal Activities** United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations, 1978

Crime and Social Organization Elin Waring, David Weisburd, 2018-02-06 This tenth volume in the Advances in Criminological Theory series is dedicated to the work of Albert J Reiss Jr It focuses on the relationship between crime and social organization that is so central to his work This focus rejects a view of crime solely as the action of atomistic individuals and sees the criminal justice system as inseparable from its social political and organizational context This perspective has had a resurgence in recent years and this volume brings together some of the most important scholars who have contributed to these developments Articles examine the social organization of crime itself the context of crime and the response to crime The concept of co offending originally developed by Reiss is explored both as a way of improving understanding of juvenile offending and as a framework for understanding patterns of criminal organization across crime types and the relationship of criminal to licit organization Other articles recast social disorganization theory in light of recent theoretical and empirical developments They argue for a version of control theory that incorporates internal contextual and state focused dimensions Organizational actors both as offenders and as governmental agencies responding to crime are explored Building from Reiss s groundbreaking work on policing a group of articles on policing examine organizational change through reorganization the adoption of strategies such as community policing and the increased use of empirical evidence complicated by routines

organizational culture and political constraints Taken together these works develop new connections between dimensions of social organization and renew the social organization perspective on crime and criminal justice Contributors include Diane Vaughan Joan McCord Kevin P Conway Elin Waring Felton Earls Beat Mohler Peter Manning Stephen Mastrofski Lawrence Sherman David Weisburd Robert Sampson David F Greenberg Margaret Kelley Robin Tamarelli and Jeremy Travis and Networks Carlo Morselli, 2013-10-08 This innovative collection of original essays showcases the use of social networks in the analysis and understanding of various forms of crime More than any other past research endeavor the seventeen chapters in this book apply to criminology the many conceptual and methodological options from social network analysis Crime and Networks is the only book of its kind that looks at the use of networks in understanding crime and can be used for advanced undergraduate and beginner's graduate level courses in criminal justice and criminology Wayward Capitalists Susan P. Shapiro, 1987-03-01 Recounts actual cases of security frauds explains how the SEC investigates the securities market and suggests new policies to strengthen the SEC s role as government watchdog Understanding Business Offenders Petter Gottschalk, Christopher Hamerton, 2024-12-01 Focusing on understanding business offenders through an exploration of workplace deviance and crime this book closely examines a number of illustrative contemporary case studies and underpins the analysis of original comparative fieldwork with an interdisciplinary approach which informs develops and augments the existing literature on white collar criminology. The book contends inter alia that the traditional centrality of the individual actor within narratives of white collar offending has receded somewhat in recent years despite being a founding artifact within its late twentieth century discourse and that therefore a detailed reassessment is overdue

Fifty Key Thinkers in Criminology Keith Hayward, Shadd Maruna, Jayne Mooney, 2009-12-04 Fifty Key Thinkers in Criminology brings the history of criminological thought alive through a collection of fascinating life stories The book covers a range of historical and contemporary thinkers from around the world offering a stimulating combination of biographical fact with historical and cultural context A rich mix of life and times detail and theoretical reflection is designed to generate further discussion on some of the key contributions that have shaped the field of criminology Featured profiles include Cesare Beccaria Nils Christie Albert Cohen Carol Smart W E B DuBois John Braithwaite Fifty Key Thinkers in Criminology is an accessible and informative guide that includes helpful cross referencing and suggestions for further reading It is of value to all students of criminology and of interest to those in related disciplines such as sociology and criminal justice

Research Perspectives on White-Collar and Corporate Crime Convenience Petter Gottschalk,2025-01-06 This study identify current research perspectives on white collar and corporate crime convenience an important emergent area of research It applies the theory of convenience to research articles on white collar and corporate crime recently published in the most relevant journals addressing economic crime This kind of white collar corporate crime is often committed by persons of respectability and high social status who commit financial crime based on their trusted professional positions with

high social status While convenience theory covers fourteen convenience propositions there is varying attention to them in the reviewed articles For example a frequent topic analysed in the journal articles is online romance fraud where victims were not on guard because they trusted their offenders Trust tends to strengthen the convenience proposition addressing lack of guardianship oversight and control The book adds substance to the theory of convenience that emerged less than a decade ago and has since been developing and applied by various scholars. The review is also interesting from the perspective of understanding what aspects of crime convenience are implicitly and explicitly addressed in economic criminology research that is whether motives opportunities or attitudes are mainly addressed in financial crime research so far The second part of the book presents several short case studies on topics including fraud tax evasion and money laundering The final part of the book discusses gender convenience perspectives and the emerging issues around digital Fraud and Corruption Peter C. Kratcoski, Maximilian Edelbacher, 2018-09-14 This textbook provides an overview of the major types of fraud and corrupt activities found in private and public agencies as well as the various methods used to prevent fraud and corruption It explores where opportunities for fraud exist the personal characteristics of those who engage in fraud as well as their prevention and control This work covers fraud in the financial sector insurance health care and police organizations as well as cybercrime It covers the relationship between fraud corruption and terrorism criminal networks and major types of personal scams like identity theft and phishing Finally it covers the prevention and control of fraud through corporate whistle blowing investigative reporting forensic accounting and educating the public This work will be of interest to graduate level students as well as upper level undergraduates in Criminology Criminal Justice particularly with a focus on white collar and corporate crime as well as related fields like business and management **Contemporary** Gangs Deborah Lamm Weisel, 2002 Annotation Questioning whether organizational theory can lead to greater understandings of gang structure size and growth and contribute predictive theories about gang success and expansion Weisel political science and public administration North Carolina State U conducted field research with four Chicago and San Diego gangs Qualitative analysis methods and software were used to identify varying aspects of gang organizations including labor specialization patterns of leadership extent of hierarchy occurrence of regular meetings payment of dues and adherence to rules discipline and penalties Annotation c Book News Inc Portland OR booknews com The Containment of Organised Crime and Terrorism Cyrille J.C.F. Fijnaut, 2016-11-21 This unique volume collects articles and contributions to edited books published throughout his distinguished career by Professor Cyrille Fijnaut one of the world's leading experts in the fields of organised crime security and criminology It makes clear what issues the author systematically explored over the years and how he helped to shape the fields in which he has worked and continues to work The texts reflecting the author s profound understanding of these complex fields and wealth of experience on a practical level are presented according to topic In addition the volume offers English translations of seminal articles published originally in Dutch thus making these

important texts accessible to international scholars for the first time. The volume thus constitutes a unique and indispensable resource for scholars and practitioners inside and outside the Netherlands Russian Mafia in America James O. Finckenauer, Elin J. Waring, 1998 An examination of Russian organized crime at home and in the U.S. Globalization and Public Policy David Audretsch, Erik Lehmann, Aileen Richardson, Silvio Vismara, 2015-06-04 This volume of selected articles was released in light of the new economic social and environmental challenges Europe and the United States have been faced with following the end of the Cold War and in the evolving era of globalization National security immigration and the provision of health and other key social services call for a radically different outlook in terms of policy discussions The contributors of this book focus on seven key policy issues and challenges that currently affect the United States and Europe income distribution the gender pay gap crime and security unemployment health care the demographic question and environmental regulation The purpose of this volume is to analyze how public policy within the European context is responding to the challenges posed by this new global era **Unemployment and Crime** United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1978 The Privatization of Fraud Investigation Petter Gottschalk, 2019-09-19 This book discusses privatization of law enforcement in relation to suspected corporate crime and recommends guidelines for successful fraud examinations. There is a growing business for global auditing and local law firms to conduct internal investigations at client organizations when there is suspicion of white collar misconduct and crime This book reflects on the work by these private fraud examiners in terms of an evaluation of their investigation reports The book brings an original theoretical and methodological approach to investigations of white collar crime It develops the theory of convenience as an explanation for motive opportunity and willingness to commit and conceal white collar crime This theory is then related to the case studies Structured in such a way as to allow the reader to use the text as a nonsequential reference source or guide to a set of connected issues the book illustrates the practice of privatization by cases and presents guidelines for successful fraud examination As an investigation can lead to conviction and incarceration this privatization of crime investigation feeds into the larger issue of privatization of policing The work will be a valuable resource for students academics and practitioners working in the areas of Criminal Justice Corporate Law and Business Russian Organized **Crime** Phil Williams, 2014-06-17 First Published in 1997 During the 1990s transnational criminal organizations of all kinds have received increased scrutiny from law enforcement agencies intelligence analysts and academic researchers While there are many differences of both interpretation and assessment regarding a whole range of issues divisions are particularly acute in the area of Russian organized crime This title gives a brief history of Russian Organized Crime before exploring recent trends major mafia gangs and their relationship overseas **Encyclopedia of Criminology** J. Mitchell Miller, Richard A. Wright, 2013-12-17 This three volume work offers a comprehensive review of the pivotal concepts measures theories and practices that comprise criminology and criminal justice No longer just a subtopic of sociology criminology has become an

independent academic field of study that incorporates scholarship from numerous disciplines including psychology political science behavioral science law economics public health family studies social work and many others. The three volume Encyclopedia of Criminology presents the latest research as well as the traditional topics which reflect the field s multidisciplinary nature in a single authoritative reference work. More than 525 alphabetically arranged entries by the leading authorities in the discipline comprise this definitive international resource. The pivotal concepts measures theories and practices of the field are addressed with an emphasis on comparative criminology and criminal justice. While the primary focus of the work is on American criminology and contemporary criminal justice in the United States extensive global coverage of other nations justice systems is included and the increasing international nature of crime is explored thoroughly Providing the most up to date scholarship in addition to the traditional theories on criminology the Encyclopedia of Criminology is the essential one stop reference for students and scholars alike to explore the broad expanse of this multidisciplinary field

Ignite the flame of optimism with Crafted by is motivational masterpiece, Find Positivity in **Criminal Organization Its Elementary Forms**. In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
