Joacim Rocklöv

Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives:

Crises in European Integration Ludger Kühnhardt, 2011-01-15 While the major trends in European integration have been well researched and constitute key elements of narratives about its value and purpose the crises of integration and their effects have not yet attracted sufficient attention This volume with original contributions by leading German scholars suggests that crises of integration should be seen as engines of progress throughout the history of European integration rather than as expressions of failure and regression a widely held assumption It therefore throws new light on the current crises in European integration and provides a fascinating panorama of how challenges and responses were guiding the process during its first five decades

The History of European Integration Ivan T. Berend, 2016-05-20 The foundation of the European Union was one of the most important historical events in the second half of the 20th century In order to fully appreciate the modern state of the EU it is crucial to understand the history of European integration This accessible overview differs from other studies in its focus on the major roles played by both the United States and European multinational corporations in the development of the European Union Chronologically written and drawing on new findings from two major archives the archives of the US State Department and Archive of European Integration this book sheds crucial new light on the integration process The History of European Integration offers a major contribution to our understanding of Europe's postwar history and will be essential reading for any student of postwar European History Contemporary History European Politics and European Studies

Crises of European Integration Lucas Schramm, 2024-04-08 The book offers explanations for the striking variation in the outcomes of European integration crises It analyzes eight major cases over the entire integration process starting from the early 1950s and lasting until very recently All cases went beyond a single policy field or member state but affected key features principles and objectives of European integration As such they qualify as constitutional crises My cases comprise the crisis of the European Defence Community 1952-54 the empty chair crisis 1965-66 the oil crisis 1973-74 the budgetary rebate crisis 1979-84 the end of the Cold War crisis 1989-92 the Constitutional Treaty crisis 2004-07 the Euro crisis 2009-12 and the migration crisis 2015-16 Taking a historical comparative perspective the book shows that crises have been an integral part of the European integration process since its beginning European integration after all started with a major setback when member states in 1954 failed to realize plans for a European army through the European Defense Community

Empires to be remembered Michael Gehler, Robert Rollinger, 2022-03-10 By applying a comparative approach the volume focuses on a select group of empires which are generally not in the focus of empire studies They are studied in detail and analyzed due to a strict concept that takes into account real history and reception history as well Reception history becomes more and more an important element in empire studies although this topic is still often more or less underdeveloped The volume singles out a series of such forgotten empires It aims to provide a methodologically clearly structured as well as a uniform and consistent approach It develops a general set of questions that

help to compare and distinguish these entities This way the volume intends to examine and to illuminate empires that are generally ignored by modern scholarship The European Integration Process: Crisis and Resilience in the Aftermath of the Covid-19 Pandemic António Portugal Duarte, Srdjan Redžepagic, Fátima Teresa Sol Murta, The process of European integration is considered the most innovative example of regionalism in the world The Covid 19 pandemic crisis which the world experienced since the beginning of 2020 caused a brutal negative shock on the economies It raised new doubts and challenges about the European integration project making the prospect of the EU's dissolution something possible even if undesirable The book analyses these events counting with the contribution of 41 authors from universities and research centers of several European countries and also from other continents Its objective is to gather four perspectives to the European integration in a post pandemic context I that of the countries of the Eurozone II that of the Eurozone candidate countries III the East look of EU candidate countries and IV the view of the rest of the world The book is divided into four parts each corresponding to one of these inputs for a total of 24 chapters *'Integration through Law' Revisited* Daniel Augenstein, 2016-05-23 Over the last twenty years processes of pluralization differentiation and trans nationalization in the European Union have arguably challenged the centrality of law to European integration Yet these developments also present opportunities to investigate new understandings of law triggered by European integration The contributors to this book revisit one of the first academic projects to conceptualise and study European legal integration the early Integration through Law School On this basis they consider continuities and discontinuities in the underlying social and political landscape which the law is to integrate the object of integration the forms and capacities of the law itself the agent of integration and the way these two dimensions reflect on each other Displaying different normative concerns and varied theoretical starting points all contributors maintain that integration through law remains of enduring significance to the European integration process The volume provides a valuable reference for scholars in the field of European integration studies and European legal and political theory **Europe in Crisis** Mark Hewitson, Matthew D'Auria, 2012-10-01 The period between 1917 and 1957 starting with the birth of the USSR and the American intervention in the First World War and ending with the Treaty of Rome is of the utmost importance for contextualizing and understanding the intellectual origins of the European Community During this time of crisis many contemporaries especially intellectuals felt they faced a momentous decision which could bring about a radically different future The understanding of what Europe was and what it should be was questioned in a profound way forcing Europeans to react The idea of a specifically European unity finally became at least for some a feasible project not only to avoid another war but to avoid the destruction of the idea of European unity This volume reassesses the relationship between ideas of Europe and the European project and reconsiders the impact of long and short term political transformations on assumptions about the continent's scope nature role and significance *Anti-liberal Europe* Dieter Gosewinkel, 2015 The history of modern Europe is often presented with the hindsight of present day European integration

which was a genuinely liberal project based on political and economic freedom. Many other visions for Europe developed in the 20th century however were based on an idea of community rooted in pre modern religious ideas, cultural or ethnic homogeneity or even in coercion and violence. They frequently rejected the idea of modernity or reinterpreted it in an antiliberal manner. Anti liberal Europe examines these visions including those of anti modernist Catholics, conservatives, extreme rightists as well as communists arguing that antiliberal concepts in 20th century Europe were not the counterpart to but instead part of the process of European integration.

Poverty and Welfare in Modern German History Lutz Raphael, 2016-12-01. For many the history of German social policy is defined primarily by that nation's postwar emergence as a model of the European welfare state. As this comprehensive volume demonstrates however the question of how to care for the poor has had significant implications for German history throughout the modern era. Here eight leading historians provide essential case studies and syntheses of current research into German welfare from the Holy Roman Empire to the present day. Along the way they trace the parallel historical dynamics that have continued to shape German society including religious diversity, political exclusion and inclusion and concepts of race and gender.

Short-term Empires in World History Robert Rollinger, Julian Degen, Michael Gehler, 2020-06-04. The volume will focus on a comparative level on a specific group of states that are commonly labelled as empires and that we encounter through all historical periods. Although they are very successful at the very beginning like most empires are this success is very ephemeral and transient. The era of conquest is never followed by a period of consolidation. Collapse and or reduction to much smaller dimension run as fast as the process of wide ranging conquest and expansion. The volume singles out a series of such short term empires and aims to provide a methodologically clearly structured as well as a uniform and consistent approach by developing a general set of questions that guarantee the possibility to compare and distinguish. This way it intends to examine not only already well established empires but also to illuminate forgotten ones.

European Integration Since the 1920s Mark Hewitson, 2024-10-14. Brexit, populism and Euroscepticism seem to have challenged old assumptions about European integration and raised the prospect of disintegration. This book re-examines why the European Union and its forerunners were created and investigates how and why they have changed. It links contemporary events to historical explanation arguing that there were long term sets of conditions dating back to the 1920s which pushed European governments to cooperate economically and to try to resolve their diplomatic differences. The failure of the French and German governments to create what Aristide Briand had called a European federal union demonstrated both the precariousness of the enterprise and its connection to the domestic politics of European states. After 1945 the unexpected advent of a Cold War and the military, diplomatic and economic presence of the United States in Europe facilitated the gradual development of habits of cooperation and institutional integration but they also placed limits on European governments activities as did disagreements between political parties and the expectations of citizens. As a consequence supranational bodies such as the European Commission have been accompanied and often

overshadowed by intergovernmental institutions such as the European Council with the EU as a whole functioning in important respects as a type of confederation The volume addresses a series of large scale historical questions which are integral to an understanding of the European Union It asks how and why citizens of member states have identified with the EU how matters of security affected the development of the European Community during and after the Cold War whether economic and social convergence have taken place and with what consequences and why European institutions have come to function as they have The study is thematic focusing on the most important aspects of European integration and explaining why member states have decided to carry out or have consented to the unique experiment of the European Union

European Security Policy and Strategic Culture Peter Schmidt, Benjamin Zyla, 2013-09-13 With the Lisbon Treaty in place and the European Union increasingly involved in international crisis management and stabilization operations in places near and far this volume revisits the trajectory of a European strategic culture Specifically it studies the usefulness of its application in a variety of circumstances including the EU's operations in Africa and the Balkans as well as joint operations with NATO and the United Nations The contributors find that strategic culture is a useful tool to explain and understand the EU's civilian and military operations not in the sense of a cause but as a European normative framework of preferences and constraints Accordingly classical notions of strategic culture in the field of international security must be adapted to highlight the specific character of Europe's strategic culture especially by taking the interaction with the United Nations and NATO into account Though at variance over the extent to which security and defence missions have demonstrated or promoted a shared strategic culture in Europe the authors reveal a growing sense that a cohesive strategic culture is critical in the EU's ambition of being a global actor Should Europe fail to nurture a shared strategic culture its actions will be based much more on flexibility than on cohesion This book was published as a special issue of Contemporary Security Policy

Humanitarianism and Media Johannes Paulmann, 2018-12-17 From Christian missionary publications to the media strategies employed by today's NGOs this interdisciplinary collection explores the entangled histories of humanitarianism and media It traces the emergence of humanitarian imagery in the West and investigates how the meanings of suffering and aid have been constructed in a period of evolving mass communication demonstrating the extent to which many seemingly new phenomena in fact have long historical legacies Ultimately the critical histories collected here help to challenge existing asymmetries and help those who advocate a new cosmopolitan consciousness recognizing the dignity and rights of others

The Force of Comparison Willibald Steinmetz, 2019-09-01 In an era defined by daily polls institutional rankings and other forms of social quantification it can be easy to forget that comparison has a long historical lineage Presenting a range of multidisciplinary perspectives this volume investigates the concepts and practices of comparison from the early modern period to the present Each chapter demonstrates how comparison has helped to drive the seemingly irresistible dynamism of the modern world exploring how comparatively minded assessors determine their units of analysis the criteria they select or

ignore and just who it is that makes use of these comparisons and to what ends *Building Bridges Between Academia, Politics, and Media* Ludger Kühnhardt, 2025-04-29 Ludger Kühnhardt a globally active political scientist consultant and publicist provides vivid and personal insights into the people and sources that shaped him the thought paths he has followed and the impulses his work in research and teaching has triggered over decades A biographical workshop report of high authenticity bringing together what often appears unconnected in the midst of professional everyday life Insights that were ahead of their time are repeatedly illuminated from different perspectives and findings that have remained timelessly relevant are recalled A vividly written work biography about the inner driving forces and external contexts of a cosmopolitan public intellectual as an enlightening and advisory catalyst in the interplay of science politics and journalism The book reflects German European and global contemporary history from the mid 20th century to the third decade of the 21st century in a scholarly work and its classification as a testimony to political culture **A Revolution of Perception?** Ingrid

Gilcher-Holtey, 2014-08-01 The year 1968 marked the climax of protests that simultaneously captured most industrialized Western countries The protesters challenged the institutions of Western democracies confronting powerful established parties and groups with an opposing force and public presence that negated traditional structures of institutional authority and criticized the basic assumptions of the post war order Exploring the effects the protest movement of 1968 had on the political social and symbolic order of the societies they called into question this volume focuses on the consequences and echoes of 1968 from different perspectives including history sociology and linguistics Transnationale Parteienkooperation der europäischen Christdemokraten und Konservativen Michael Gehler, Marcus Gonschor, Hinnerk Meyer, Hannes Schönner, 2017-11-07 Christdemokratische und konservative Parteien spielten in der zweiten Hälfte des 20 Jahrhunderts eine immer wichtigere integrationspolitische Rolle Es gab neue Anreize und Herausforderungen für transnationale Kontakte und organisierte Parteienkooperation Nach dem Genfer Kreis und den Nouvelles Equipes Internationales NEI konstituierte sich die Europäische Union Christlicher Demokraten EUCD 1965 Es folgten die Europäische Volkspartei EVP 1976 und die European Democrat Union EDU 1978 Diese Parteienzusammenschlüsse führten zur Abstimmung in politischen und ideologischen Fragen sowie zu gemeinsamem Vorgehen auf nationaler und internationaler Ebene Dabei ging es um Fragen der Europa und Integrationspolitik aber der Internationalisierung und Globalisierung Diese mehrsprachige auf deutschen englischen französischen und italienischen Dokumenten basierende Quellenedition verdeutlicht die Rolle der christdemokratischen und konservativen Parteien Europas Sie agierten als kommunikative Mittler zwischen Staat und Gesellschaft insbesondere hinsichtlich grenzüberschreitender Entwicklungen im Sinne der Debatte über ein gemeinsames und integriertes Europa Der Band knüpft an die Edition Transnationale Parteienkooperation der europäischen Christdemokraten an in der Dokumente der Jahre 1945 1965 ediert worden sind K G Saur Verlag 2004 ISBN 3 598 11655 1 **Europa - Europäisierung - Europäistik** Michael Gehler, Silvio Vietta, 2010 Der Begriff der Europäistik signalisiert einen neuen Fokus

in der kulturwissenschaftlichen Forschung Weg von der Dominanz der nationalen hin zu einer integrativ europäischen Perspektive Europa aus dem Blick der anderen Dabei geht es um Fragen der europäischen Identität der europäischen Integration und Kooperation Wie konstituiert und definiert sich Europa in Vergangenheit und Gegenwart und wie wird es von außen wahrgenommen

Work in a Modern Society Jürgen Kocka, 2010-02-01 Whereas the history of workers and labor movements has been widely researched the history of work has been rather neglected by comparison This volume offers original contributions that deal with cultural social and theoretical aspects of the history of work in modern Europe including the relations between gender and work working and soldiering work and trust constructions and practices The volume focuses on Germany but also places the case studies in a broader European context It thus offers an insight into social and cultural history as practiced by German speaking scholars today but also introduces the reader to ongoing research in this field

Sites of Modernity—Places of Risk Martin H. Geyer, 2023-07-14 Places of risk and sites of modernity refer not merely to physical locations but also objects and institutions that stand at the center of contemporary debates on security and risk These are social and political domains where energy and infrastructure are produced where domestic security is pursued and maintained and where citizens encounter the state in its punitive or monitory roles Taking a wide view of the period from the 1970s to today this volume brings together innovative interdisciplinary case studies of sites of modernity that promise to provide security and safety yet at the same time are deemed responsible for creating new risks With a particular contemporary interest in the technocratic changes of security and risk control the contributors to Sites of Modernity Places of Risk position the 1970s as a turning point in the path from industrial to post industrial modernity

Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives

Introduction

In today's digital age, the availability of Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books and manuals for download and embark on your journey of knowledge?

FAQs About Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives Books

1. Where can I buy Crises In European Integration Challenges And Responses 1945 2005 New German Historical Perspectives books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
