Creative Silence Thomas Merton:

Love and Living Thomas Merton, 2007-10 Reprint Originally published New York Farrar Straus Giroux c1979 *Echoing Silence* Thomas Merton, 2007-02-13 When Thomas Merton entered a Trappist monastery in December 1941 he turned his back on secular life including a very promising literary career He sent his journals a novel in progress and copies of all his poems to his mentor Columbia professor Mark Van Doren for safe keeping fully expecting to write little if anything ever again It was a relatively short lived resolution for Merton almost immediately found himself being assigned writing tasks by his Abbot one of which was the autobiographical essay that blossomed into his international best seller *The Seven Storey Mountain* That book made him famous overnight and for a time he struggled with the notion that the vocation of the monk and the vocation of the writer were incompatible Monasticism called for complete surrender to the absolute whereas writing demanded a tactical withdrawal from experience in order to record it He eventually came to accept his dual vocation as two sides of the same spiritual coin and used it as a source of creative tension the rest of his life Merton's thoughts on writing have never been compiled into a single volume until now Robert Inchausti has mined the vast Merton literature to discover what he had to say on a whole spectrum of literary topics including writing as a spiritual calling the role of the Christian writer in a secular society the joys and mysteries of poetry and evaluations of his own literary work Also included are fascinating glimpses of his take on a range of other writers including Henry David Thoreau Flannery O'Connor Dylan Thomas Albert Camus James Joyce and even Henry Miller along with many others **Mystery Hidden Yet Revealed** Marie Theresa Coombs, 2003-09-02 This work focuses on a reality central to each human life and basic to every branch of theology namely the immanent transcendence of God This study begins by exploring that theme of mystery hidden yet revealed from the perspective of the interrelationship of transcendence self actualization and creative expression The book goes on to describe the interplay of those three elements in the lives and the works of Thomas Merton monk and writer and Georgia O'Keeffe artist People from a wide variety of backgrounds and traditions will find this study a stimulating source of insight for their spiritual quest Thomas Merton Patrick F. O'Connell, 2013 This volume provides a broad cross section of Merton's work as an essayist collecting pieces that are characteristic examples of his astonishing output and the fantastic breadth of his interests The essays range from the wisdom of the desert fathers to the novels of Faulkner and Camus from interreligious dialogue to racial justice *Thomas Merton* Thomas Merton, 2000 With a substantial introduction Thomas Merton includes a broad range of Merton's writings including his letters and highlights his threefold call to prayer to compassion and to unity It offers the essential writings of one of the greatest spiritual teachers of our time **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved** Thomas Merton's Paradise Journey Thomas Merton, William H. Shannon, 2010-07-15 A book which traces the development of the thoughts and writings of the 20th century Cistercian monk Thomas Merton on the subject of contemplation **Thomas Merton Monk of the Modern World** Sebastian Hale, Merton

bridged mysticism peace and social critique His contemplative writings invite seekers to find silence compassion and spiritual integration in modern chaos *Thomas Merton* James Thomas Baker,2014-07-11 Thomas Merton Social Critic organizes and critically analyzes the social thought of the Cistercian monk who has become an internationally known symbol of the spiritual element in man The author evaluated all of Merton s writings published and unpublished then discussed his interpretations with Merton personally The result is a perceptive relation of Merton s social thought to its genesis in his own life experiences and contemplation a faithful rendering of Merton s thought on the problems of our time Merton the author makes clear called for a spiritual social and religious union It was a poetic and sometimes unimplemented solution to alienation and division a valid and authentic if at times limited response to the contemporary chaos This study will be greeted by a strong reaction from Mertonians everywhere **Thomas Merton's Art of Denial** David D. Cooper,2008-12-01

Trappist monk and best selling author Thomas Merton battled constantly within himself as he attempted to reconcile two seemingly incompatible roles in life As a devout Catholic he took vows of silence and stability longing for the security and closure of the monastic life But as a writer he felt compelled to seek friendships in literary circles and success in the secular world In *Thomas Merton's Art of Denial* David D Cooper traces Merton s attempts to reach an accommodation with himself to find a way in which the silence of the monk could live compatibly with the racket of the writer From the roots of this painful division in the unsettled early years of Merton s life to the turmoil of his directionless early adult years in which he first attempted to write he was besieged with self doubts Turning to life in a monastery in Kentucky in 1941 Merton believed he would find the solitude and peace lacking in the quotidian world But as Merton once wrote An author in a Trappist monastery is like a duck in a chicken coop And he would give anything in the world to be a chicken instead of a duck Merton felt compelled to choose between life as either a less than perfect priest or a less prolific writer Discovering in his middle years that the ideal monastic life he had envisioned was an impossibility Merton turned his energies to abolishing war It was in this pursuit that he finally succeeded in fusing the two sides of his life converting his frustrated idealism into a radical humanism placed in the service of world peace Here is a portrait of a man torn between the influence of the twentieth century and the serenity of the religious ideal a man who used his own personal crises to guide his youthful ideals to a higher purpose
