### **Creatus Series Boxed Set:**

**Creatus** Carmen DeSousa, 2016-09-09 Derrick's desire to save one human girl will ignite a war. For four thousand years creatus have concealed themselves from the humans who hunted them almost to extinction. Unwittingly one creatus will endanger them all. As with most of his family, Derrick Ashton knows his future and what position he's destined to fill within his unique society. Everything changes, however, when he breaks one of his family's strictest laws and falls in love with a human. In his quest to protect the woman, he can never have a twist of fate propels him into a new role that will cause dissension among his family and endanger the anonymity that they've spent thousands of years protecting. Now he will risk everything to save the girl from humans and his own kind. The one thing he can't save her from, however, is herself. The Creatus series is not your normal paranormal story; it's a realistic supernatural romantic suspense based on the myths you've heard your entire life. Prepare to believe. Editorial Reviews: This story is completely unique and is definitely not generic sex and vampires. In fact, I think Creatus will redefine the paranormal genre. Creatus has intrigue, suspense, romance, and tremendous depth. Quiet Fury Books. This book could easily classify itself as romance, mystery, suspense, thriller. I'm not a big Twilight fan, but I did enjoy the first movie. I found Creatus reminding me somewhat of Twilight, but with actors I loved. New York Times and USA Today bestselling author Linda S. Prather well-written, compassionately told, and creates characters that make you want to know them better. It is the foundation for a great series, and I believe it will be quite popular. Sweet Mystery Books. Bonus Material: This special edition boxed set includes the prequel Creatus: They Exist, Creatus Book One, and a sneak peek at Creatus: Rogue.

Carmen DeSousa, 2025-08-11 A new breed of creatus has been born, or rather reborn. For four thousand years creatus elders have insisted that the creatus population concealed themselves from human beings because humans had hunted the creatus almost to extinction. That is until the creatus started to breed with humans, creating a ferocious killer feared by humans and creatus alike. A creature so fierce that its legacy of death and destruction has fed nightmares for millennia. And now a new breed of creatus has been born, or rather reborn. Vev, one of the first generations of
