Dictatorship, Democracy, and Transitional Justice in Global Legal History Ignacio Czeguhn, Jan Thiessen, Vittoria Calabrò, Bronisław Sitek, Albert Pielak, Miho Mitsunari, Jose Antonio Perez Juan, Antonio Sánchez Aranda, Ramón M. Orza Linares, Gerhard Kemp, Claudia Vanoni, Samuel Salzborn, Benjamin Lahusen, 2023-12-19

The anthology presents the lectures given on the symposium From Dictatorship to democracy at the House of the Wannsee Conference on 13-14 September 2021. The aim of the organizers was to show what problems existed during the transition from dictatorship to democracy in several countries around the world. They all enacted laws or other measures to ensure that fundamental rights and the rule of law would resist anti-democratic ideologies, anti-Semitism, racism, and war crimes in the future. However, the legal system and law in these countries themselves often had their origins in dictatorship. Thus, there were and are obvious and hidden anti-democratic continuities that influence law and the legal system up to the present.

Scientists and jurists from Italy, Japan, Poland, Spain, South Africa, and Germany examine these continuities in their contributions.

Law and Policy on Korean Unification Jong-Chul Park and Jeong-Ho Roh, Korea Institute for National Unification (South Korea), 2014-12-31

The aim of this project is to research the necessity of international cooperation on Korean unification in legal terms as South Korea's Unification Policy and how issues of the Korean Peninsula have been dealt with in the international framework. Since this is the second year of a five-year project, the conceptual aspect requires clarification in the overall aspect and this requires a multidisciplinary approach. But the main focus remains the legal aspect of international law in particular. This study assumes that unification will be a gradual process generally in three stages: 1. inter-Korean cooperation, 2. negotiation for inter-Korean unification, be it North Korea's collapse or actual inter-Korean negotiation for unification. This stage includes any inter-Korean negotiation for unification and international negotiation formula such as Six Party Talks etc. and 3. post-unification integration. The study begins with the understanding that South Korea needs to be prepared for legal matters potentially arising in these processes. The project this year in particular deals with the legal issues that should be dealt with in the first and second stages. The scope of the papers in this project covers four main areas. The first is time span. The research for this project covers the 19th century to the present and draws future-oriented implications, but the main focus is on current issues. The second is in regard to approaches. The study deals with three main approaches: historical, political, and legal, but for purposes of this project, the main focus is on the legal

aspect The third concerns the issues addressed These are the nuclear issue the military issue inter Korean cooperation issues and the human rights issue Finally the scope of actors considered includes South and North Korea neighboring countries the U S China Japan and Russia and international organizations e g UN WFP WHO etc The papers included here are organized into three main sections The first concerns the meaning of Korean unification and the context of international cooperation Park Jong Chul provides a general overview of the Park Geun Hye administration s North Korea and unification policy referred to as Trustpolitik and the trust building process on the Korean Peninsula as well as the need for international cooperation Sue Mi Terry examines the U S and China s perspective on the issues laid out above She explores areas where U S China interests converge and diverge and whether strategic cooperation and coordination between the two nations are possible in the case of Korean unification The second section presents historical and legal perspectives related to the situation on the Korean peninsula Charles K Armstrong s work on the historical perspective is divided into three sections chronologically 1 the struggle of 19th Century Korea to become a modern sovereign state and its failure with the advent of colonial rule 2 war leading to the division of the Korean Peninsula and 3 the inter Korean situation based on de facto recognition as opposed to de jure as a political entity arising out of the 1972 Joint Communiqué and the special relationship from then on Next Roh Jeong Ho provides a legal approach to the question of inter Korean relations and the debate on unification by dividing the period from 1876 to the present day into five distinct periods and examining the limitations to the legal order and the evolution of world order as they pertain to Korea Finally Leon V Sigal discusses how international law and institutions might improve South Korean security and facilitate inter Korean reconciliation with special attention to confidence building in the West Sea The third section examines in greater detail the legal aspects of Inter Korean Cooperation and human rights Regarding human rights it is important to consider the link between inter Korean cooperation and human rights The improvement of human rights and people s livelihood in North Korea which is part of the ultimate goal of unification can be achieved by inter Korean cooperation Inter Korean cooperation leads to inducing change in North Korea which then logically leads to the improvement of human rights in North Korea Lee Hyo Won focuses on the legal matters regarding the establishment of a DMZ World Peace Park Soung Jea Hyen looks at the legal matters regarding the internationalization of the Gaeseong Industrial Complex Cho Jung Hyun provides an analysis of the contents and legal implications of the recent outcome of the UN Commission of Inquiry COI on Human Rights in the DPRK such as the meaning of stating crimes against humanity the notion of Responsibility to Protect R2P in respect to North Korea and transitional justice in the possible post unification stage Finally David Hawk tracks North Korean human rights developments in the post COI period Preface Jong Chul Park and Jeong Ho Roh I The Meaning of Korean Unification in the Context of International Cooperation South Korea s TrustPolitik and International Cooperation 1 South Korea s TrustPolitik and International Cooperation Jong Chul Park 3 U S China Rivalry and the Unification of the Korean Peninsula Sue Mi Terry 31 II The Situation

Transitional Justice in Peacebuilding Djeyhoun Ostowar,2020-11-22 This book explores the role of actors in determining transitional justice in peacebuilding contexts In recent decades transitional justice mechanisms and processes have been introduced to a variety of settings becoming widely regarded as essential elements in the peacebuilding toolbox While it has increasingly been suggested that transitional justice is imposed by neo imperial actors with little regard for the needs and cultures of local populations evidence suggests that dismissing these policies as neo imperial or neo liberal impositions would result in grossly overlooking their dynamics which involve a whole range of relevant actors operating at multiple levels This book interrogates

this theme through empirical analysis of three sites of peacebuilding that have seen extensive international involvement Kosovo East Timor and Afghanistan It proposes a novel framework for analysing and approaching transitional justice in peacebuilding that disaggregates three broad sets of actors operating at different levels in relevant processes external actors international and regional levels transitional justice promoters local national international and transnational levels and transitional regimes national and local levels The book argues that transitional justice in peacebuilding must be conceived of as actor contingent and malleable due to the significance of agency and inter actions of key categories of actors throughout peacebuilding transition This book will be of interest to students and practitioners of transitional justice peacebuilding law and International Relations *Chinese (Taiwan) Yearbook of International Law and Affairs, Volume 35 (2017)* Ying-jeou Ma, 2018-11-26 The Chinese Taiwan Yearbook of International Law and Affairs includes articles and international law materials relating to the Republic of China on Taiwan and contemporary Asia Pacific issues This volume provides insight into the South China Sea Arbitration cross strait relations and Taiwan s New Southbound Policy Questions and comments can be directed to the editorial board of the Yearbook by email at yearbook nccu edu tw *Research Handbook on Transitional Justice* Cheryl Lawther, Luke Moffett, 2023-08-14 Providing a refreshing take on transitional justice this second edition Research Handbook brings together an expanse of scholarly expertise to reconsider how societies deal with gross human rights violations structural injustices and mass violence Contextualised by historical developments it covers a diverse range of concepts actors and mechanisms of transitional justice while shedding light on new and emerging areas in the field

Korea Under Siege, 1876-1945 Young-Iob Chung, 2006-02-23 The Korean economy was transformed from the opening of the hermit kingdom in 1876 to the end of Japanese rule in 1945 In Korea under Siege Young Iob Chung focuses on capital formation economic growth and structural changes The so called miraculous economic development in the southern half of the Korean peninsula has transformed the region from an agrarian economy to that of a major industrial power in a very short time period South Korea is now considered one of a dozen industrialized countries in the world However there has been little careful analysis of the heritage of the Korean economy in the traditional and transitional periods from which it launched into a modern phenomenal economic success The approach in this study is behavioral and analytical more than historical Chung supports this analysis with quantitative data without being mathematical statistical or technical Although narratives of Korean economic history before 1945 are scarce in English Korea under Siege builds its analysis from data and narrative description from English Japanese and Korean language original sources BOOK JACKET *Congressional Record* United States.
