Close Protection Security Techniques Manual:

The Unconventional Close Protection Training Manual Robert Scali, 2018-01-27 I wrote this book to teach people with no background in the protection industry how to not only be their own bodyguard but how to learn new skills so that they may eventually protect other people professionally If you want to learn the business and become a Private Security or Close Protection Operator you must learn a series of skill sets How you gain any skill set can vary from person to person Some people acquire the skills in the military police or even after years of hands on martial arts training You do not have to become a Green Beret Navy SEAL or CIA Contractor to acquire a series of proficient skill sets on survival combatives or shooting All you have to do to acquire some new skills in personal protection is to have the desire to learn and then apply what you have learned safely and with a high level of proficiency I will pass on small pearls of wisdom throughout this book The gems that I pass on to you have been passed on to me in many different ways throughout my life Each jewel will be a new skill or a direction to learn The more that you learn the more you will understand Any person with the passion for learning will pick up these new skills and instantly apply them The more that you read about close protection the more you will learn from this book The more that you physically do the more ingrained your skills will become into daily operational procedures Even if you learn just one new thing from this book that saves your life or someone else's then it was worth learning that skill Stay flexible in your thinking and keep an open mind as you read this book The more you learn about yourself the more you will want to know and apply your new skills towards your everyday life Eventually you will be able to tie all of the pearls from this book together and become operationally proficient and stay safe in many different scenarios

The Counter Terrorist Manual Leroy Thompson, 2009-10-19 A comprehensive guide to counterterrorism units around the world and their recruitment training weapons equipment tactics and missions In the past thirty five years counterterrorist

units have been deployed to deal with airplane ship train and bus hijackings They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers prison rioters and assorted dangerous criminals Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to act should they take hostages Following the September 11th attack on the World Trade Centre the mission of many anti terrorist units has expanded Some units now track terrorists to their lairs in other countries and strike them there Despite the significant and growing role of these units little is known about the way they operate The selection training structure and principles of maintaining such units together with basic theories of asymmetric warfare are the subject of Thompson s latest work In a practical step by step guide he analyses the necessary organization of such elite teams the arming and equipping of units and methods for a variety of missions from hostage rescue and high level dignitary protection to securing foreign embassies and counter WMD strikes Open the pages of this book and enter the world of the counterterrorist operator Praise for The Counter Terrorist Manual A finely illustrated guidebook to antiterrorist units deployed to handle airplane ship train and bus hijackings Units around the world are examined in a survey of these elite antiterrorist units and their operations a pick for any military library and packed with color photos of equipment and more Midwest Book Review [Bodyguard Manual](#) Leroy Thompson,2005 Although military operations against terrorist forces often garner the headlines those who protect government military and business leaders from assassination or kidnapping are also in the front lines against terrorism Ready and prepared to place his body between his employer and a bullet the bodyguard must be able to blend into the milieu around his charge yet be ready to spring into action instantly to counter an attack Based on techniques of the U S Secret Service U S State Department Security the Special Air Service the Royal Corps of Military Police the Metropolitan Police the KGB and its successor the FSB France s GSPR and other protective units around the world The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress From security aboard Concorde the Orient Express or the Queen Elizabeth 2 to protecting a military general officer in combat The Bodyguard Manual allows the reader to stand post with the professional bodyguard **The Modern Bodyguard** Peter Consterdine,2006-07-02 The most complete book on the subject of Close Protection and training Covering all aspects of the work of being a bodyguard Includes the requirements for the S I A Close Protection Training and Licensing *Advanced Skills in Executive Protection* A. Hunsicker,2010 Any professional actively engaged in the executive protection field novice or veteran whether in a team or as team leader must train for and be able to pinpoint even the most unexpected security concerns The continuation of The Fine Art of Executive Protection Handbook for the Executive Protection Officer 2007 *Advanced Skills in Executive Protection* contains carefully selected and illustrated material for the executive protection and security enforcement professional All available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual For the client

as a prospective principal it provides important details that will assure lifesaving protection Comprehensive detailed and straightforward Advanced Skills in Executive Protection is the only book to offer an in depth look into the operational aspects of executive protection It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective protection planning Information about every aspect of executive protection is not only an important part of the professional s ongoing training curriculum but is also crucial for the client who seeks this professional protection to face not only today s protection needs but also those of the future See also The Fine Art of Executive Protection Handbook for the Executive Protection Officer and Understanding International Counter Terrorism A Professional s Guide to the Operational Art by A Hunsicker **The Protection Officer Training Manual** IFPO,2003-09-26 This revised edition retains the exceptional organization and coverage of the previous editions and is designed for the training and certification needs of first line security officers and supervisors throughout the private and public security industry Completely updated with coverage of all core security principles Course text for the Certified Protection Officer CPO Program Includes all new sections on information security terrorism awareness and first response during crises *Behind the Shield* A. Hunsicker,2011 The worldwide number of incidents involving civil disturbances public unrests demonstrations uprisings and riots is increasing by the minute Each incident presents an ever demanding challenge for law enforcement and security professionals A detailed and understandable manual for security enforcement and riot control professionals is a priority and the answer to those challenging situations Any professional actively directly or indirectly engaged in crowd control operations vice or veteran whether in a unit or as team leader must train for and be able to pinpoint even the most unexpected security concerns Behind the Shield contains carefully selected and illustrated material for the crowd control law enforcement and security professional All of the available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual Comprehensive detailed and straightforward Behind the Shield is the only book to offer an in depth look into the operational aspects of crowd control operations It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective crowd control planning and operations Information about every aspect of crowd control operations is not only an important part of the professional s ongoing training curriculum but is also crucial for those officials who seek a professional operation and solution facing not only today s security needs but also those of the future *The Security Society* Francis Dodsworth,2019-05-07 This book provides a critical engagement with the idea of the security society which has been the focus of so much attention in criminology and the social sciences more broadly Security has been argued to constitute a new mode of social ordering displacing the disciplinary society that Foucault saw as characteristic of the liberal era He saw a control society or risk society characteristic of Neo Liberalism in which the deviant behaviour of particular individuals as less important than general attempts to offset risk and reduce harm Dodsworth argues that much of this literature is

extraordinarily present ist in orientation denying the long history of attempts to mitigate risk prevent harm and manage security which have always been a part of the government of order This book develops a critical history of security a thematic analysis of debates about security and aspects of the security society which puts contemporary arguments and practices in dialogue with the texts and practices of the past In doing so the book develops a cultural analysis of the meanings of security and the way these meanings have been articulated in particular practical contexts in order to understand how the promise of security has so effectively captured the imagination and channeled the effective engagement of people throughout the modern period
