Anthropology and the Individual Daniel Miller, 2020-05-18 Anthropology is usually associated with the study of society but the anthropologist must also understand people as individuals This highly original study demonstrates how methods of social analysis can be applied to the individual while remaining entirely distinct from psychology and other perspectives on the person Contributors draw on approaches from material culture to create fascinating portraits of individuals offering analytical insights that convey ethnographic encounters with often extraordinary people from Turkey Spain and Britain to Albania Cuba Jamaica Mali Serbia and Trinidad Exploring relationships to places and spaces such as social networking sites to persons such as parents to ethical concerns such as fairness and to concepts such as the ideology of struggle Anthropology and the Individual shows how the study of the individual can provide insights into society without losing a sense of the particularity of the person [The Routledge International Handbook to Veils and Veiling](#) Anna-Mari Almila, David Inglis, 2017-07-06 Veils and veiling are controversial topics in social and political life generating debates across the world The veil is enmeshed within a complex web of relations encompassing politics religion and gender and conflicts over the nature of power legitimacy belief freedom agency and emancipation In recent years the veil has become both a potent and unsettling symbol and a rallying point for discourse and rhetoric concerning women Islam and the nature of politics Early studies in

gender doctrine and politics of veiling appeared in the 1970s following the Islamic revival and re veiling trends that were dramatically expressed by 1979 s Iranian Islamic revolution In the 1990s research focussed on the development of both an Islamic culture industry and greater urban middle class consumption of Islamic garments and dress styles across the Islamic world In the last decade academics have studied Islamic fashion and marketing the political role of the headscarf the veiling of other religious groups such as Jews and Christians and secular forms of modest dress Using work from contributors across a range of disciplinary backgrounds and locations this book brings together these research strands to form the most comprehensive book ever conceived on this topic As such this handbook will be of interest to scholars and students of fashion gender studies religious studies politics and sociology
