

A high-contrast, black and white close-up portrait of C. L. R. James. His face is the central focus, showing deep wrinkles on his forehead and around his eyes. He has a slight, thoughtful smile. The lighting is dramatic, with strong highlights and deep shadows. The background is dark and out of focus.

Clr James Crickets Philosopher King:

CLR James Dave Renton, 2013-10-31 Books about CLR James abound but this is a particularly good one. It is lucidly written, full of narrative interest and explores areas of the great Caribbean man's life and struggles that have rarely been a point of focus. Chris Searle, *The Morning Star*. Known as The Cricketing Marxist, Cyril Lionel Robert James (1901-89) was one of the leading black intellectuals of the 20th century, a Marxist theorist of the first rank and also one of the finest writers on cricket with his legendary book *Beyond a Boundary*. This seeming paradox is reflected in other areas of his life and work, the product of a British style education and fanatical cricketer who never abandoned the values the sport inculcated in him: he was a Trotskyite expelled from the USA during the McCarthy era who was a friend and inspiration to a generation of leaders of newly independent African countries such as Kwame Nkrumah of Ghana and Julius Nyerere of Tanzania. Described in his lifetime as the black Hegel and the black Plato, his book on the 18th century slave revolt in Haiti, *The Black Jacobins*, is one of the great historical works of the 20th century yet he was never comfortable with the idea of Black Studies. In this fascinating new study of this seminal thinker, Dave Renton hopes to persuade Marxists of the joys of cricket and followers of cricket of the calibre of James and of James Marxism. *C.L.R. James and the Study of Culture* A. Smith, 2010-08-04 This book provides the first dedicated introduction to the cultural writings and analyses of the radical West Indian thinker C L R James. It lays out James' account of the way in which games, books, music and film become a part of the politics and history of popular struggles. **The Black Jacobins Reader** Charles Forsdick, Christian Høgsbjerg, 2017-01-06 Containing a wealth of new scholarship and rare primary documents, *The Black Jacobins Reader* provides a comprehensive analysis of C L R James's classic history of the Haitian Revolution. In addition to considering the book's literary qualities and its role in James's emergence as a writer and thinker, the contributors discuss its production context and enduring importance in relation to debates about decolonization, globalization, postcolonialism and the emergence of neocolonial modernity. The Reader also includes the reflections of activists and novelists on the book's influence and a transcript of James's 1970 interview with Studs Terkel. Rudder, Bill Schwarz, David Scott, Russell Maroon Shoatz, Matthew J. Smith, Studs Terkel. Africana Critical Theory Reiland Rabaka, 2009-01-16 Building on and going far beyond W E B Du Bois and the Problems of the Twenty First Century and Du Bois's *Dialectics*, Reiland Rabaka's *Africana Critical Theory* innovatively identifies and analyzes continental and diasporan African contributions to classical and contemporary critical theory. This book represents a climatic critical theoretical clincher that cogently demonstrates how Du Bois's rarely discussed dialectical thought, interdisciplinarity, intellectual history, making radical political activism and world historical multiple liberation movement leadership helped to inaugurate a distinct Africana

tradition of critical theory With chapters on W E B Du Bois C L R James Negritude Aime Cesaire and Leopold Senghor Frantz Fanon and Amilcar Cabral *Africana Critical Theory* endeavors to accessibly offer contemporary critical theorists an intellectual archaeology of the *Africana* tradition of critical theory and a much needed dialectical deconstruction and reconstruction of black radical politics These six seminal figures collective thought and texts clearly cuts across several disciplines and therefore closes the chasm between *Africana Studies* and critical theory constantly demanding that intellectuals not simply think deep thoughts develop new theories and theoretically support radical politics but be and constantly become political activists social organizers and cultural workers that is folk the Italian critical theorist Antonio Gramsci referred to as organic intellectuals In this sense then the series of studies gathered in *Africana Critical Theory* contribute not only to African Studies African American Studies Caribbean Studies Cultural Studies Gender Studies and Postcolonial Studies but also to contemporary critical theoretical discourse across an amazingly wide range of traditional disciplines and radical political activism outside of and in many instances absolutely against Europe's ivory towers and the absurdities of the American academy

C. L. R. James in Imperial Britain Christian Høgsbjerg, 2014-03-07 C L R James in Imperial Britain chronicles the life and work of the Trinidadian intellectual and writer C L R James during his first extended stay in Britain from 1932 to 1938 It reveals the radicalizing effect of this critical period on James's intellectual and political trajectory During this time James turned from liberal humanism to revolutionary socialism Rejecting the imperial Britishness he had absorbed growing up in a crown colony in the British West Indies he became a leading anticolonial activist and Pan Africanist thinker Christian Høgsbjerg reconstructs the circumstances and milieus in which James wrote works including his magisterial study *The Black Jacobins* First published in 1938 James's examination of the dynamics of anticolonial revolution in Haiti continues to influence scholarship on Atlantic slavery and abolition Høgsbjerg contends that during the Depression C L R James advanced public understanding of the African diaspora and emerged as one of the most significant and creative revolutionary Marxists in Britain

Libertarian Socialism Alex Prichard, Ruth Kinna, Saku Pinta, David Berry, 2017-08-01 The history of anarchist Marxist relations is usually told as a history of factionalism and division These essays based on original research and written especially for this collection reveal some of the enduring sores in the revolutionary socialist movement in order to explore the important too often neglected left libertarian currents that have thrived in revolutionary socialist movements By turns the collection interrogates the theoretical boundaries between Marxism and anarchism and the process of their formation the overlaps and creative tensions that shaped left libertarian theory and practice and the stumbling blocks to movement cooperation Bringing together specialists working from a range of political perspectives the book charts a history of radical twentieth century socialism and opens new vistas for research in the twenty first Contributors examine the political and social thought of a number of leading socialists Marx Morris Sorel Gramsci Guérin C L R James Hardt and Negri and key movements including the Situationist International Socialisme ou Barbarie and Council Communism

C.L.R. James Paul Buhle,2017-10-10 A new edition of C L R James s authorized biography C L R James was a man of prodigious and varied accomplishments He was a protean twentieth century Marxist intellectual widely recognized as a pioneering scholar of slave revolt a leading voice of Pan Africanism a peripatetic revolutionary and scholar active in US and UK radical movements a novelist playwright and critic and one of the premier writers on cricket and sports This intellectual portrait was written by James s longtime interlocutor and comrade Paul Buhle and initially published in 1988 With a new final chapter updated bibliography a new foreword by historian Robin D G Kelley and a new afterword by Paul Buhle and the philosopher Lawrence Ware this long awaited revised edition of a classic biography will be a key resource in the James revival

Cricket, Literature and Culture Anthony Bateman,2016-05-13 In his important contribution to the growing field of sports literature Anthony Bateman traces the relationship between literary representations of cricket and Anglo British national identity from 1850 to the mid 1980s Examining newspaper accounts instructional books fiction poetry and the work of editors anthologists and historians Bateman elaborates the ways in which a long tradition of literary discourse produced cricket s cultural status and meaning His critique of writing about cricket leads to the rediscovery of little known texts and the reinterpretation of well known works by authors as diverse as Neville Cardus James Joyce the Great War poets and C L R James Beginning with mid eighteenth century accounts of cricket that provide essential background Bateman examines the literary evolution of cricket writing against the backdrop of key historical moments such as the Great War the 1926 General Strike and the rise of Communism Several case studies show that cricket simultaneously asserted English ideals and created anxiety about imperialism while cricket s distinctively colonial aesthetic is highlighted through Bateman s examination of the discourse surrounding colonial cricket tours and cricketers like Prince Kumar Shri Ranjitsinhji of India and Sir Learie Constantine of Trinidad Featuring an extensive bibliography Bateman s book shows that while the discourse surrounding cricket was key to its status as a symbol of nation and empire the embodied practice of the sport served to destabilise its established cultural meaning in the colonial and postcolonial contexts

Connie Harry Pearson,2017-08-17 Winner of the MCC Book of the Year Award His father was a first class cricketer his grandfather was a slave Born in rural Trinidad in 1901 Learie Constantine was the most dynamic all round cricketer of his age 1928 1939 when he played Test cricket for the West Indies and club cricket for Nelson Few who saw Constantine in action would ever forget the experience As well as the cricketing genius that led to Constantine being described as the most original cricketer of his time Connie illuminates the world that he grew up in a place where the memories of slavery were still fresh and where a peculiar almost obsessive devotion to Englishness created a society that was often more British than Britain itself Harry Pearson looks too at the

society Constantine came to in England which he would embrace as much as it embraced him the narrow working class world of the industrial North during a time of grave economic depression Connie reveals how a flamboyant showman from the West Indies actually dovetailed rather well in a place where local music hall stars such as George Formby Frank Randle and Gracie Fields were fêted as heroes and how Lancashire League cricket fitted into this world of popular entertainment Connie tells an uplifting story about sport and prejudice genius and human decency and the unlikely cultural exchange between two very different places the tropical island of Trinidad and the cloth manufacturing towns of northern England which shared the common language of cricket

Postcolonial Locations Robert Spencer, Anastasia Valassopoulos, 2020-10-19 Postcolonial Locations seeks to clarify the meaning of the postcolonial through close textual readings and prioritises material and located readings over more abstract theoretical discussions it seeks to re-orient the field by providing practical explorations of what the discipline is for The book begins with an introduction of the key theoretical debates in the field between the universal and the particular the global and the local but it then goes on to demonstrate via a series of close textual readings that these distinctions are not always useful and that we can achieve a more comprehensive and complete reading of the multiple times places and texts in which colonial power is both exerted and fought An engaging and comprehensive guide to contemporary

postcolonial studies this book is essential reading for students as well as professors *Cricket in the 21st Century* Souvik Naha, Dominic Malcolm, 2023-11-27 This book examines the ways in which cricket has reflected and reproduced some of the social and political tensions of the twenty first century Cricket's struggle for global recognition and the shifting concerns about cricket's perceived character provide two of the most significant meta narratives to shape the game's historical and future development However in contrast to the degree of continuity these narratives appear to support the game is currently undergoing a particularly rapid and radical phase of change This book illustrates some of these dominant processes that can be broadly categorized as the changing political economy of the game the nation specific manifestations of cricket's political economic landscape and the intro and retrospection within the English game Cricket is not only thriving across the world its global spread reveals narratives of migration national and international politics astute governance empowerment of people and cultural practices of everyday life New ethical political and identity related concerns have arisen with the reworking of the objectives and methods of playing and watching cricket The chapters in this volume employ cricket as a useful conceptual tool to analyse the dynamics underwriting interactions between races sexes classes and polities Cricket in the 21st Century will be a fascinating read for students scholars as well as general readers with an interest in the sociology and history of sport and global political economy The chapters in this book were originally published as a special issue of *Sport in Society*

Sport in Capitalist Society Tony Collins, 2013-04-12 Why are the Olympic Games the driving force behind a clampdown on civil liberties What makes sport an unwavering ally of nationalism and militarism Is sport the new opiate of the masses These and many other questions are answered in this new radical history of sport by leading historian of sport and society Professor Tony Collins Tracing the history of modern sport from its origins in the burgeoning capitalist economy of mid eighteenth century England to the globalised corporate sport of today the book argues that far from the purity of sport being corrupted by capitalism modern sport is as much a product of capitalism as the factory the stock exchange and the unemployment line Based on original sources the book explains how sport has been shaped and moulded by the major political and economic events of the past two centuries such as the French Revolution the rise of modern nationalism and imperialism the Russian Revolution the Cold War and the imposition of the neo liberal agenda in the last decades of the twentieth century It highlights the symbiotic relationship between the media and sport from the simultaneous emergence of print capitalism and modern sport in Georgian England to the rise of Murdoch's global satellite television empire in the twenty first century and for the first time it explores the alternative revolutionary models of sport in the early twentieth century *Sport in a Capitalist Society* is the first sustained attempt to explain the emergence of modern sport around the world as an integral part of the globalisation of capitalism It is essential reading for anybody with an interest in the history or sociology of sport or the social and cultural history of the modern world **Cricket, Public Culture and Postcolonial Society in India** Souvik

Naha, 2023-02-16 This book expands our historical understanding of postcolonial India by examining how cricket has shaped

Global and Transnational Sport Souvik Naha, 2019-10-23 The eight chapters in this book explore more than 150 years of the development of several modern sports baseball basketball cricket football handball ice hockey and lacrosse across the two Americas Asia Australia and Europe some analysing a century of events since the mid nineteenth century and some only a few years in the very present Drawing on the methods of history international relations political science and sociology the contributing authors examine various theories of sporting globalization The chapters take a balanced look at the concepts of the nation state and the connected world which are the substantive core around which modern human society is ordered They construct stories of entanglements and convergences from within and without the nation state in which the national and the non national are not mutually exclusive The key features of this collection are how cultural elements are introduced to sport how changes are perceived how sporting practices and institutions can be defined at geopolitical and other levels how we might conceptualize the perimeter of judging the national transnational or the local translocal paradigms and how we could complicate the understanding of sport knowledge transfer by ascribing different degrees of importance to origin process purpose outcome personnel and network This book is a multidisciplinary exploration into the development of modern sporting culture from global and transnational history perspectives The chapters originally published as a special issue in Sport in Society

Socialism: The Only Practical Alternative to Contemporary Capitalism Tatah Mentan, 2012 Since the end of World War II global capitalism spearheaded by US financial interests and backed by the most lethal military force that has ever been assembled has consolidated its power over the world economy In the past decades especially transnational corporations have tightened their control over national governments and international institutions The imposition of free trade policies and the increasing privatization of social services have facilitated the accumulation of fabulous wealth for the owners of capital at the expense of working people and the environment worldwide Contemporary capitalism now dominates every major sector of the world economy The social and environmental costs of contemporary

capitalism are prohibitive The global megatrends of rising inequality and absolute poverty political instability and global climate change all compounded and accelerated by this predatory mode of production are adversely affecting the lives and threatening the future of every inhabitant of nations and the entire world In view of these megatrends and the current global economic crisis the conclusion that contemporary capitalism does not serve the interests of the vast majority of the people on the planet and is both economically and environmentally unsustainable is self evident History offers harsh lessons The political violence of the 20th century which resulted in an estimated 200 million deaths and untold economic and environmental destruction cautions us to work for socialism in the 21st century with every means at our disposal except violence Facing the awful power and willingness of capitalism to coerce and corrupt we must find ways to make soft power prevail Clearly a revolution is in order it is time to place the socialist alternative on the national and world agenda
