Single Best Answer Questions for the Final FFICM Keith Davies,Christopher Gough,Emma King,Benjamin Plumb,Benjamin Walton,2016-12-22 Containing 240 practice questions this is the first dedicated study resource for the SBA component of the Final FFICM examination *Facts and Explanations in International Studies...and beyond* Patrick Thaddeus Jackson,2024-09-09 The politicizing of facts and factual claims has led some to abandon all talk of a meaningful distinction between a fact and a strongly held political commitment This book argues that what we need instead are better accounts of facts and their relationship to explanation ones that take seriously the dependence of facts on communities of practice and on consensus procedures of measurement but do not abandon the epistemic distinctiveness of facts Bringing clarity and order to the discussion by disclosing both key commonalities and significant differences between the ways we talk

about facts and explanations Patrick Thaddeus Jackson argues that although intrinsically more contestable than facts social scientific explanations can nonetheless be related to them in ways that allow researchers to evaluate explanations based on whether and to what extent they accord with the relevant facts in each situation Ardently defending a pragmatist account of knowledge that has no patience with either alternative facts or anything goes relativism the author develops a set of concepts that enables tricky philosophical problems to be dissolved After examining facts causal explanations and interpretive explanations the book culminates in an account of the priority of interpretation in the evaluation of any explanation and any seemingly factual claim Defining the terms of the debate and grounding better conversations about the issues this book will appeal to all scholars interested in the philosophy and methodology of the social sciences international studies international relations security studies and anyone teaching or studying research methods **CCNY Made** Ronnyjane

My Senior Year Michael Fitzgibbons, 2000-12-20 Hey I'm John Sullivan a recent high school graduate who collected his thoughts and dreams and hopes and fears and all kinds of other stuff in a year long diary through his senior year When I finished on graduation day I realized I had quite a collection as a matter of fact I had more than 400 pages So I thought about it and realized that it had a beginning a middle and an end so therefore it told a complete story which I think might be a book if I remember my sophomore literature class correctly I am NOT saying it is literature ha ha but I do think it is a book That is where you come in I don't think it is much of a book if I'm the only one who reads it It is just a diary then that will remain on the floppy disk in my computer desk in my bedroom Instead you could read it And tell me what you think And then I will know if I should have left it in that computer desk Or not If you do read it you'll find that I didn't leave anything out even the stuff that might embarrass me I could even still get into some trouble about some of it but I think I'm ok because I don't think my parents will want to read it because they were there for almost all of it so it would be a rerun for them I don't think reruns are bad but they already lived through this once so they probably don't want to get all upset all over again So go ahead and click away It was an adventure for me come on along for the ride John Sullivan is right This is quite an undertaking for a senior in high school But that is what it is a diary a coming of age novel a satire and incredibly a love story It is a unique look at one of the most important developmental periods in a person's life

The Cultural Defense of Nations Liav Orgad, 2015-11-05 The Cultural Defense of Nations presents a timely thought provoking thesis on some of the most pressing issues of our time global immigration majority groups and national identity Never in human history has so much attention been paid to human movement Global migration yields demographic shifts of historical significance profoundly shaking up world politics as has been seen in the refugee crisis the Brexit referendum and the 2016 U.S. election The Cultural Defense of Nations addresses one of the greatest challenges facing liberalism today is a liberal state justified in restricting immigration and access to citizenship in order to protect its majority culture Liberal theorists and human rights advocates recognize the rights of minorities to maintain their unique cultural identity but assume that majorities have neither a need for similar rights nor a moral ground for defending them The majority culture so the argument goes can take care of itself However with more than 250 million immigrants worldwide majority groups increasingly seek to protect what they consider to be their national identity In recent years liberal democracies have introduced proactive immigration and citizenship policies that are designed to defend the majority culture This book shifts the focus from the prevailing discussion of cultural minority rights and for the first time addresses the cultural rights of majorities It proposes a new approach by

which liberal democracies can welcome immigrants without fundamentally changing their cultural heritage forsaking their liberal traditions or slipping into extreme nationalism Disregarding the topic of cultural majority rights is not only theoretically wrong but also politically unwise With forms of majority nationalism rising and the growing popularity of extreme right wing parties in the West time has come to liberally address the new challenge
