## **Finance Ethics Finance Ethics:**

**Finance Ethics** John Dobson, 1997 The first book ever to integrate business ethics with financial economics Finance Ethics shows how ethical behavior fits within the rational profit maximizing finance paradigm Dobson argues that even in economic terms the finance paradigm has a serious flaw it views the firm and financial markets in general as contractual nexuses yet it fails to supply any adequate mechanisms for enforcing those contractual relations Finance Ethics is therefore not just a moral critique of the finance paradigm arguing that self interested profit making must be constrained by ethics Rather it is a critique from within that paradigm in which truth becomes a rational mechanism to enforce contracts and virtuous behavior is shown to make the most business sense Ethics in Finance , 2013-12-02 The third edition of Ethics in Finance presents an authoritative and wide ranging examination of the major ethical issues in finance This new edition has been expanded and thoroughly updated with extensive coverage of the recent financial crisis and the very latest developments within the financial world Substantially updated new edition with nearly 40% new material including sections on credit cards mortgage lending microfinance risk management derivatives and securitization Includes coverage and references to the recent financial crisis and the very latest developments within the financial world Focuses on the practical issues that confront finance professionals policy makers and consumers of financial services Cites examples of the scandals that have shaken public confidence in Wall Street and world financial markets Includes numerous examples throughout to illustrate the concepts and issues described within the text *Finance Ethics* John R. Boatright, 1999-08-11 Ethics in Finance is a ground breaking work in the emerging field of finance ethics Beginning with examples of the scandals that have shaken public confidence in the ethics of Wall Street this book explains the need for ethics in the personal conduct of finance professionals and the operation of financial markets and institutions A broad range of practical issues in the financial services industry investment decision making and corporate financial management are explored focusing on standards of fairness in market transactions and the duties of fiduciaries and agents in financial relationships Among the topics covered are unethical sales practices personal trading by fund managers the socially responsible investment movement insider trading and program trading the abuse of bankruptcy and hostile takeovers Ethics in Finance also contains a critical examination of conception of the theory of the firm in finance and the financial objective of firms Ethics in Finance provides a rigorous analysis of ethical issues in finance that is suitable for students of finance and business ethics as well as anyone involved in financial activities Finance Ethics John R. Boatright, 2010-08-13 A groundbreaking exploration of the critical ethical issues in financial theory and practice Compiled by volume editor John Boatright Finance Ethics consists of contributions from scholars from many different finance disciplines It covers key issues in financial markets financial services financial management and finance theory and includes chapters on market regulation due diligence reputational risk insider trading derivative contracts hedge funds mutual and pension funds insurance socially responsible investing microfinance
