## **Financial Fables Seven Tales To Transform Your Financial Life And More:**

Financial Fables Renee Porter-Medley, Christine Cargnoni, 2012-06-22 Learning about personal finance and related topics becomes an enjoyable experience These fables are short enough to read over a cup of coffee or for a quick bedtime story Storytelling is an age old method of transferring wisdom from one person to another in a relatable way one that allows the listener or reader to arrive at conclusions that fit their own life And they re fun There is absolutely no reason why planning for your future and implementing that plan should not be as fun as reading a story and learning from its moral Christine Cargnoni and Renee Porter Medley s Financial Fables return to the stories of childhood but with a spin that re enforces the lessons we learned long ago but with a grown up twist The fables include Lezza s Beauty and Her Beast Understanding Your Financial Temperament Will Help You Transform to Jack and the Beans Invest With Others and for Yourself With a Plan and Sleeping Beauty Wakes Up Life Happens Don t Give Up When Your Plan Does Not Work Out Get Help In each story the authors encourage you to do the things you need to do to succeed Whether you read them all at once or just one story per day per week or per month you can take control of your finances regardless of how limited your time is Cargnoni and Porter Medley present easy to follow tips and resources to help you create your own happily ever after Unlike financial books that often become too technical too fast Financial Fables Seven Tales to Transform Your Financial Life and More delivers a simple moral knowledge applied transforms Once upon a dime in a financial tale from not so long ago Feeling the weight of the world on her shoulders after yet another exhausting twelve hour shift at her job Diva dragged herself home Looking down the dimly lit hall to her small apartment she discovered a scrawny cat spread out flat on her door mat The dirty dark cat with littlewhite feet had definitely been challenged in more than one fight and small tears in his ears indicated that he d not come out on the better end of them Diva looked down at the pitiful creature Seriously cat She thought I am really too tired to deal with you She was already stressed knowing her parents apparently did not approve of her independent life as a single thirty five year old woman They refused to offer her financial help yet they extended funds to her eldest brother who was married with an adoring family and to her younger sister who still lived with them Not that Diva begrudged her siblings she didn t but being judged for who she was or who she was trying to be bothered her a lot In fact the beaten down cat on her doorstep looked like how she felt Little cat you and I are two of a kind she told the kitty and no one else Since Diva s good heart refused to let her turn away the white footed black feline she reluctantly opened the door The cat sprang to life mustering just enough energy to scamper inside and once again lie down Diva named him Bootsy from Puss in Boots because he reminded her of the fairy tale Maybe you can help me break this continuous spell of bad luck little Bootsy she said That night as Diva checked her e mail Bootsy settled right between the keyboard and the monitor OK Another critic Diva said But Bootsy just looked at her through the slits of his eyes turned his head and fell back asleep That is just the beginning of the story and wouldn t you like to know the rest Well wouldn t you Of course you would Not only would you like to know what happens next

you especially want to know how this story will relate to your finances The truth is stories capture our attention in ways that no other form of communication can
