Contemporary Biblical Interpretation For Preaching:

Contemporary Biblical Interpretation for Preaching Ronald J. Allen, 1984 A timesaving system of sermon preparation using critical exegesis in a simplified manner to develop fresh biblical interpretations each week **Handbook of Contemporary Preaching** Dr. Michael Duduit, 1993-03-01 Contributors included Calvin Miller Joel Gregory Stuart Briscoe James Cox Elizabeth Achtemeier Thomas Long James Earl Massey and many more *Preaching the Word* Karoline M. Lewis, 2023-04-11 The question of what to do with the biblical text in the sermon is perennial Biblical scholarship constantly evolves and grows making it hard even for biblical scholars themselves to apply the latest insights in their preaching The average pastor doesn't have time to keep up with the changes in biblical studies and as a result often defaults to interpretive methods learned in increasingly distant seminary years *Preaching the Word* addresses those needs by surveying recent developments in biblical studies with an eye to applying them in preaching the Gospel of John Noted New Testament Scholar and homiletician Karoline Lewis lays out these recent interpretive tools and methods demonstrating their application to preaching using specific passages in the Fourth Gospel *Preaching Verse by Verse* Ronald J. Allen, Gilbert L. Bartholomew, 1999-12-01 Ronald Allen and Gilbert Bartholomew introduce preachers to verse by verse preaching in which the preacher interprets the passage unit by unit and the sermon unfolds much like a commentary on the Bible They note its applicability in a variety of settings and occasions and offer practical suggestions for preparing a sermon in this style including sample sermons from different genres and tips for keeping verse by verse sermons fresh vital and engaging

Performance in Preaching (Engaging Worship) Jana Childers, Clayton J. Schmit, 2008-11-01 This volume which launches the Engaging Worship series from Fuller Theological Seminary's Brehm Center for Worship Theology and the Arts offers a unique study of sermon delivery While many books offer advice on how to prepare write and preach a sermon this volume is distinctive in approaching the subject from the perspective of performance The authors who teach at a variety of seminaries and divinity schools across the nation examine how the sermon can bring God's word to life for the congregation In that sense they consider the idea of performance from a wide range of theological artistic and musical viewpoints These thoughtful essays will engage clergy and students with new ways of looking at the art of preaching **Preaching is Believing** Ronald J. Allen, 2002-01-01 In *Preaching Is Believing* Allen calls for preachers to help congregations cultivate a systematic approach to Christian faith and life by bringing systematic theology directly into the pulpit *The New Interpreter's® Handbook of Preaching*, 2010-11-01 *The New Interpreter's Handbook of Preaching* is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it

is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians preachers and writers in various disciplines who are committed to the pulpit through practice

The Sermon without End Ronald J. Allen, Prof O. Wesley Allen JR., 2015-10-20 A New Model for Post Apologetic Preaching in a Pluralistic World The relationship between preaching and the public sphere has long been debated Three different theological approaches tend to dominate the discussion In different ways these approaches take into account the movement from the modern mindset of the mid to late 20th century to the emerging postmodern worldview In *The Sermon without End* authors Allen Allen thoughtfully offer a fourth option one that in their view has not received much attention but which offers a distinct and especially helpful perspective It is a new and dynamic conversational model reaching beyond the earlier work of Tillich and Tracy In this homiletical framework conversation takes place in multiple directions between the text or tradition and the world today It is preaching in conversation not just toward but with voices from the public sphere The book provides a solid foundation for understanding this post apologetic approach but it importantly goes on to offer practical real pulpit guidance for implementation in a preaching ministry It is a book for both scholars and practicing preachers who wish to reach people in meaningful and significant ways and in ways that make sense for today This book deserves to be widely applauded It provides a post apologetic lens to illuminate the history of various modern homiletical discourses even as it envisions a postmodern one I strongly recommend this book for homileticians preachers and lay people alike
