**Multiculturalism** Tariq Modood, 2013-04-30 At a time when many public commentators are turning against multiculturalism in response to fears about militant Islam, immigration or social cohesion, Tariq Modood, one of the world's leading authorities on multiculturalism, provides a distinctive contribution to these debates. He contends that the rise of Islamic terrorism has neither discredited multiculturalism nor heralded a clash of civilizations. Instead, it has highlighted a central challenge for the 21st century: the urgent need to include Muslims in contemporary conceptions of democratic citizenship. In the second edition of this popular and compelling book, Modood updates his original argument with two new chapters. He reassesses the relationship between multiculturalism, cosmopolitanism and assimilation, demonstrating that multiculturalism is crucial for successful integration. He also argues that while multiculturalism poses a significant challenge to existing forms of secularism, this challenge should not be exaggerated into a crisis. In so doing, Modood adds new vigor to the claim that multiculturalism remains a living force which is shaping our politics even as its death is repeatedly announced. This book will appeal to students, researchers and teachers of politics, sociology and public policy as well as to anyone interested in the prospects of multiculturalism today.

**Challenging Multiculturalism** Raymond Taras, 2012-12-17 Tackles the challenge of dismantling the multicultural model without destroying diversity in European society. Have Europeans become hostile to multiculturalism? When people vote for anti-immigration parties, do they also support their anti-multiculturalism policies? And are right-wing extremists becoming the storm troopers of the struggle against diversity? In recent years, European political leaders from Angela Merkel to David Cameron have discarded the term multiculturalism and now express scepticism, criticism and even hostility towards multicultural ways of organising their societies. Yet they are unprepared to reverse the diversity existing in their states. These contradictory choices have different political consequences in the countries examined in this book. The future of European liberalism is being played out as multicultural notions of

belonging inclusion tolerance and the national home are brought into question      **Nationalism and Multiculturalism in a World of Immigration** N. Holtug,K. Lippert-Rasmussen,S.
