Contemporary Hermeneutics Hermeneutics As Method Philosophy And Critique

Stanley E. Porter

Contemporary Hermeneutics Hermeneutics As Method Philosophy And Critique:

Contemporary Hermeneutics Josef Bleicher,1980 *Contemporary Hermeneutics* Josef Bleicher,1990 This work is both an introduction to and a reader in contemporary hermeneutics Included are papers by Betti Gadamer Ricoeur Apel and Habermas **Contemporary Hermeneutics** ,1983 *The Cambridge Companion to Hermeneutics* Michael N. Forster,Kristin Gjesdal,2019-01-03 Explores the relevance of hermeneutics for modern human sciences its history and development and its key philosophical debates **Philosophical Hermeneutics Reinterpreted** Paul Fairfield,2011-08-11 In this important new study Paul Fairfield examines a number of issues of central importance to philosophical hermeneutics His aim is less to reexamine the basic hypotheses of hermeneutics Gadamer s hermeneutics in particular than to understand it in relational terms by bringing it into closer association with existentialism pragmatism critical theory and postmodernism Fairfield contends that there are important affinities and areas for critical exchange between hermeneutics and these four schools of thought which have until now remained underappreciated *Philosophical Hermeneutics Reinterpreted* examines several of these connections by interpreting hermeneutics in relation to specific themes in the writings of key figures within each of these traditions In so doing he both clarifies some outstanding issues in hermeneutics and advances the subject beyond what Heidegger Gadamer and Ricoeur have given us **The Routledge Companion to Hermeneutics** Jeff Malpas,Hans-Helmuth Gander,2014-11-20 Hermeneutics is a major theoretical and practical form of intellectual enquiry central not only to philosophy but many other disciplines in the humanities and social sciences With phenomenology and existentialism it is also one of the twentieth century s most important philosophical movements and includes major thinkers such as Heidegger Gadamer and Ricoeur *The Routledge Companion to Hermeneutics* is an outstanding guide and reference source to the key philosophers topics and themes in this exciting subject and is the first volume of its kind Comprising over fifty chapters by a team of international contributors the *Companion* is divided into five parts main figures in the hermeneutical tradition movement including Heidegger Gadamer and Ricoeur main topics in hermeneutics such as language truth relativism and history the engagement of hermeneutics with central disciplines such as literature religion race and gender and art hermeneutics and world philosophies including Asian Islamic and Judaic thought hermeneutic challenges and debates such as critical theory structuralism and phenomenology **Hermeneutics, Linguistics, and the Bible** Stanley E. Porter,2024-01-25 The volume presents Stanley E Porter s considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter s work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is

more fruitful work to be done in the field of hermeneutics using insights from linguistics Comparative Criticism: Volume 5, Hermeneutic Criticism E. S. Shaffer, 1986-04-17 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives **Interpretation in Architecture** Adrian Snodgrass, Richard Coyne, 2013-05-13 Drawing on cultural theory phenomenology and concepts from Asian art and philosophy this book reflects on the role of interpretation in the act of architectural creation bringing an intellectual and scholarly dimension to real world architectural design practice For practising architects as well as academic researchers these essays consider interpretation from three theoretical standpoints or themes play edification and otherness Focusing on these the book draws together strands of thought informed by the diverse reflections of hermeneutical scholarship the uses of digital media and studio teaching and practice **Introduction to Literary Hermeneutics** Peter Szondi, 1995-02-24 Peter Szondi is widely regarded as being among the most distinguished post war literary critics This first English edition of one of his most lucid and interesting series of lectures opens up his work in hermeneutics for English speaking readers The question of what is involved in understanding a text occupied Biblical and legal scholars long before it became a concern of literary critics Peter Szondi here traces the development of hermeneutics through examination of the work of eighteenth century German scholars Ordinarily treated only as prefigurations of Schleiermacher the work of Enlightenment theorists Johann Martin Chladenius George Friedrich Meier and Friedrich Ast yields valuable insight into the material theory of interpretation on which a practical interpretive methodology might be built *Landmark Essays on Contemporary Rhetoric* Thomas B. Farrell, 2020-10-28 This work brings together the pivotal scholarly essays responsible for the present resurgence in rhetorical studies Assembled by one of the most respected senior scholars in the field of rhetoric the essays chart a course from tradition based theory of civic rhetoric to ongoing issues of figuration power and gender Together with a lucid introductory essay these studies help to integrate the still volatile questions at the core of humanities scholarship in rhetoric The introductory student as well as the seasoned scholar will gain familiarity and footing in this oldest and still new liberal art *Feminist Interpretations of Hans-Georg Gadamer* Lorraine Code, 2010-11-01 Fifteen essays examine the work of German philosopher Hans Georg Gadamer to provide feminist interpretations of his views on science language history literature and other topics *The Sociological Revolution* Richard Kilminster, 2006-11-22 By controversially turning away from the current debates which surround social theory this book provides an historical analysis of the profound burden of sociology and its implications today **Without God or His Doubles** Vaden House, 2022-02-07 Without God or His Doubles offers a sympathetic but critical interpretation of the philosophy of Richard Rorty Rorty is one of the most widely discussed of contemporary philosophers but there exist few attempts to deal with the full scope of Rorty's writings in a systematic fashion This book shows that the unifying theme that runs through Rorty's writings on epistemology the philosophy of science the philosophy of mind the philosophy of language and political philosophy is a quasi religious conception of human creativity

and human freedom In other words Rorty's attempt to avoid both realism and relativism is best understood in relationship to his claim that traditional philosophy has been god obsessed The animating spirit of Rorty's philosophy is to complete the Enlightenment project to completely wean philosophy away from both God and the various god doubles Reason Nature Mind Man Science Art Rorty believes that a radical secularity will result in a kind of human emancipation and a heightened sense of human freedom The book concludes with a critique of Rorty's proposal for philosophy and culture after the final departure of all the gods

What Is Truth? James Emery White, 2006-09-01 **SEARCHING FOR ABSOLUTES IN A POSTMODERN WORLD** In this postmodern age truth especially religious or moral truth is widely criticized and constantly challenged yet perhaps more important than ever It was this realization that led James Emery White to examine the concepts of truth as held by five twentieth century theologians Cornelius Van Til Millard J Erickson Francis A Schaeffer Donald G Bloesch Carl F H Henry

Hermeneutics and Education Shaun Gallagher, 1992-01-01 **The Hermeneutic Tradition** Gayle L. Ormiston, Alan D. Schrift, 1990-01-01 Here are the major statements of the leading figures in the nineteenth and twentieth century German and French hermeneutic traditions the major statements on the aims methods and techniques of interpretation Some of these appear here for the first time in English This book establishes the context for contemporary analyses of interpretation Part I traces the evolution of hermeneutics from Friedrich Ast and Friedrich Schleiermacher through Wilhelm Dilthey to Martin Heidegger's placing of hermeneutics at the center of the ontological analysis of human being Part II follows the development of the Heideggerian tradition in the writings of Hans Georg Gadamer Gadamer's philosophical hermeneutics is then located at the center of several important exchanges with more traditional objective hermeneutical methodologists like Emilio Betti ideology critics like Jürgen Habermas and linguistic phenomenological thinkers like Paul Ricoeur

Emancipation and Illusion Marie Fleming, 2010-11-01 **Real Knowing** Linda Martín Alcoff, 2018-10-18 Real knowing always involves a political dimension Linda Martín Alcoff suggests But this does not mean we need to give up realism or the possibility of truth Recent work in continental philosophy insists on the influence that power and desire exert on knowing whereas contemporary analytic philosophy largely ignores these political concerns in its accounts of justification and truth Alcoff engages these traditionally conflicting approaches in a constructive dialogue effectively spanning the analytic continental divide In provocative readings of major figures in the continental tradition Alcoff shows that the work of Hans Georg Gadamer and Michel Foucault can help rectify key problems in coherence epistemology such as the link between coherence and truth She also argues that discussions about knowledge among continental philosophers can benefit from the work of analytic philosophers Donald Davidson and Hilary Putnam on meaning and ontology Alcoff makes a compelling case for the need to address truth as a metaphysical issue in contrast to minimalist tendencies in Anglo American philosophy and deconstructionism on the continent Her work persuasively argues for coherentist epistemology as a more realistic reconfiguration of the ontology of truth

Rhetorical Interaction in 1

Corinthians 8 and 10 Yeo, 2021-09-06 Rhetorical Interaction in 1 Corinthians 8 and 10 is a formal analysis of Paul's rhetorical interaction with the Corinthians over the issues of participation in the cultic meal 1 Cor 10 1 22 and the eating of idol food 1 Cor 8 1 13 10 23 11 1 The thesis is that Paul's theology and rhetoric are predicated on knowledge and love Major portions of the book employ rhetorical sociological archaeological and historical critical approaches to examine the triangular interaction between Paul the Corinthians and the biblical texts paying particular attention to the complex configuration of the Corinthian congregation including the influence of proto Gnosticism as well as the ways Paul responded to the shifting situation and different issues The two chapters on rhetorical hermeneutical theory and criticism are especially creative as the author suggests a Chinese hermeneutic for cross cultural dialogues the issue of ancestor worship being a specific example
