Timby, Nancy E. Smith, 2013-08-19 This 11th Edition of Timby and Smith's popular text equips LPN/LVN students with the practical knowledge and skills necessary to provide safe and effective nursing care to today's medical/surgical clients. Now enhanced with new research techniques and clinical competencies, exciting new concept maps that help students focus and think critically about their clients, a new art program featuring hundreds of illustrations and photographs, new evidence-based practice boxes, and new NCLEX-PN questions, the 11th edition prepares students to manage nursing care of clients in today's changing healthcare environments and eases the transition from classroom to clinical practice. **Teaching in Nursing**

E-Book Diane M. Billings, Judith A. Halstead, 2013-08-13 Teaching in Nursing 4th Edition is the only nursing text to address all three components of education: teaching, curriculum, and evaluation. Comprehensive guidelines help you meet the day-to-day challenges of teaching, including curriculum development, the diversity of student learning styles, and developing and using classroom tests. This edition has been updated with information on the latest trends in education, including new information on the use of simulations to facilitate learning, the latest on competency-based and concept-focused curricula, developing learner-centered courses, and more. Edited by expert nursing educators Diane M. Billings and Judith A. Halstead, Teaching in Nursing is a past winner of the AJN Book of the Year award and is an excellent resource for nurses preparing to take the Certified Nurse Educator (CNE) Exam. The only nursing resource to cover teaching, curriculum, and evaluation of students, the three essential components of nursing education, contributing authors are nationally recognized scholars in their fields of expertise. Models of teaching are used to demonstrate clinical teaching, teaching in interdisciplinary settings, how to evaluate students in the clinical setting, and how to adapt teaching for community-based practice. Teaching strategies promote critical thinking and active learning, including evaluation techniques, lesson planning, and constructing examinations. Evidence-based teaching boxes explain how to practice and apply evidence-based teaching with implications for faculty development, administration, and the institution. End-of-chapter summaries let you draw conclusions based on the chapter content. Open-ended application questions at the end of each chapter are ideal for faculty-guided discussion and online education. Up-to-date research looks ahead to the needs of the future. **Capstone Coach for Nursing Excellence**
