Contention Controversy Change Evolutions Revolutions:

Coherent Judaism Shai Cherry, 2021-06-29 Coherent Judaism begins by excavating the theologies within the Torah and tracing their careers through the Jewish Enlightenment of the eighteenth century Any compelling contemporary Judaism must cohere as much as possible with traditional Judaism and everything else we believe to be true about our world The challenge is that over the past two centuries our understandings of both the Torah and nature have radically changed Nevertheless much Jewish wisdom can be translated into a contemporary idiom that both coheres with all that we believe and enriches our lives as individuals and within our communities Coherent Judaism explains why pre modern Judaism opted to privilege consensus around Jewish behavior halakhah over belief The stresses of modernity have conspired to reveal the incoherence of that traditional approach In our post Darwinian and post Holocaust world theology must be able to withstand the challenges of science and history Traditional Jewish theologies have the resources to meet those challenges Coherent Judaism concludes by presenting a philosophy of halakhah that is faithful to the covenantal aspiration to live long on the land that the Lord our God has given us

Jewish Studies and the Gospel of St John Zev Garber, Kenneth L. Hanson, 2025-02-03 The present book projects a themed article collection relating to Jews and the Gospel of John Topics explore the Fourth Gospel in regard to the origins of Christian anti Judaism antisemitism though other exegetical treatments from a Jewish frame of reference are presented By exploring this topic across time and place this collection aims to provide an historical context for understanding not only the Jewish Jesus but the specific framework in which Johannine Christianity was tied intrinsically to ancient Judaism while simultaneously distancing itself of Jewish thought and culture The implications for Jewish Christian dialogue are clear and it is hoped that the ensuing discussion will greatly enhance interfaith dialogue on the impact of sacred texts on different people groups in the modern era

Evolution Versus Revolution Melvyn L. Fein, 2017-07-05 Revolutionary and evolutionary theorists have very different views about change Fein writes in favour of evolution He proposes an integrated model of social evolution one that accounts

for the complexity inconclusiveness and impediments that characterize social transformations This multi dimensional approach recognizes that change is always saturated in conflict Major changes are rarely initiated by conscious decisions that are automatically implemented power and morality generally control the direction that significant alterations take Fein explains how the social generalist dilemma places our need for both flexibility and stability in opposition to each other such that non rational mechanisms are needed to produce a solution He also describes how an inverse force rule dictates that small societies are bound together by strong social forces whereas large ones are secured by weak forces This suggests that social roles are likely to become professionalized over time If social change is in fact analogous to natural rather than artificial selection we may be in the midst of an only partially predictable middle class revolution Indeed the current impasse between liberals and conservatives may be evidence that we are in the consolidation phase of this process Should this be the case a paradigm shift not a classical revolution is in our future

Canadian Readings of Jewish History Daniel Maoz,Esti Mayer,2023-03-11 This book takes the reader through a genealogical embodied journey explaining how our historical context through various expressions of language culture knowledge pedagogy and power has created and perpetuated oppression of marginalised identities throughout history The volume is in essence a social justice initiative in that it shines a spotlight on elitist forms of knowledge and their attached privileged protectors As such the reader will unavoidably reflect on their own pre conceived meanings and culturally inherent notions while engaging with these pages and in so doing open a third space where new forms of knowledge that may transcend time and space can evolve into endless possibilities It is these possibilities of expanding the nuanced meanings of evolving knowledge fluid lifestyles and of a dynamic connection to humanity and God which make this book contextually relevant in our post modern landscape It un situates philosophies which have traditionally been unknowingly situated and in so doing propels the reader to re interpret discourse and recreate taken for granted universal truths
