China's Soft War on Terror Tianyang Liu, 2021-11-29 This book explores how the Chinese government reasserts its control and management of public spaces as part of its overall counter terrorism strategy The work focuses primarily on the banal and alternative forms that China's war on terror takes the everyday non military socio economic and spatio material It presents three different cases of control associated with the state's effort to manage material social and digital public spaces as remedies to terrorism and ethnic unrest in China the redevelopment project of Kashgar the home of Uyghur culture from 2001 to 2017 the forging of local partnerships with potential agents i.e. the local cadres and imams in Xinjiang as part of the

process of implementing counter terrorism policies and an online campaign about international terrorism that appeared on Sina Weibo Using securitization theory as a theoretical framework the book establishes links between human geography and critical security studies and advances the understanding of non confrontational forms of resistance in China It also focuses attention on the binary relationship between the securitizing agency of the state and the counter securitization agency of terrorists while also exploring the manner in which other societal forces interact with these processes This book will be of interest to students of critical terrorism studies Chinese studies human geography and security studies Securing Borders, Securing Power Mike Slaven, 2022-08-02 Winner 2023 Southwest Book Awards Border Regional Library Association In 2010 Arizona enacted Senate Bill 1070 the notorious show me your papers law At the time it was widely portrayed as a draconian outlier today it is clear that events in Arizona foreshadowed the rise of Donald Trump and underscored the worldwide trend toward the securitization of migration treating immigrants as a security threat Offering a comprehensive account of the SB 1070 era in Arizona and its fallout this book provides new perspective on why policy makers adopt hard line views on immigration and how this trend can be turned back Tracing how the issue of unauthorized migration consumed Arizona state politics from 2003 to 2010 Mike Slaven analyzes how previously extreme arguments can gain momentum among politicians across the political spectrum He presents an insider account based on illuminating interviews with political actors as well as historical research weaving a compelling narrative of power struggles and political battles Slaven details how politicians strategize about border politics in the context of competitive partisan conflicts and how securitization spreads across parties and factions He examines right wing figures who pushed an increasingly extreme agenda the lukewarm center right which faced escalating far right pressure and the nervous center left which feared losing the center to border security appeals and he explains why the escalation of securitization broke down yielding new political configurations A comprehensive chronicle of a key episode in recent American history this book also draws out lessons that Arizona s experience holds for immigration politics across the world **A Media Framing Approach to Securitization** Fred Vultee, 2022-10-14 Presenting securitization as a communication issue this book combines media framing with the theory of securitization to explain how the discourse of security informs media content and what happens to policy and public understanding when it does Because securitization studies the construction of threats to societal structures as well as political institutional structures this book addresses security framing as a question of identity and the ability of political cultural elites and media actors to manipulate it After setting out how its theories work together the book turns to news and its effects How do media accounts make empirical sense of the world when they are bound by the need to make social cultural sense first How does security look in competing news accounts and how do securitizing frames affect attitudes toward policies and political elites Last the book asks how academics and professionals can address the challenges to a democratic public s role in decision making created by the manipulation of security Bringing together distinct fields within communication studies to reflect on the pressing issue of

securitization this book will be a key resource for scholars and students working in the fields of mass communication policy studies critical linguistics and international relations as well as risk and crisis communication Securitization Revisited Michael J. Butler, 2019-07-23 This book seeks to interrogate how contemporary policy issues become securitized and furthermore what the implications of this process are A generation after the introduction of the concept of securitization to the security studies field this book engages with how securitization and desecuritization works within and across a wide range of security domains including terrorism and counter terrorism climate change sexual and gender based violence inter state and intra state conflict identity and memory in various geographic and social contexts Blending theory and application the contributors to this volume drawn from different disciplinary ontological and geographic spaces orient their investigations around three common analytical objectives revealing deficiencies in and through application s of securitization considering securitization through speech acts and discourse as well as other mechanisms and exposing latent orthodoxies embedded in securitization research The volume demonstrates the dynamic and elastic quality of securitization and desecuritization as concepts that bear explanatory fruit when applied across a wide range of security issues actors and audiences It also reveals the deficiencies in restricting securitization research to an overly narrow set of issues actors and mechanisms This volume will be of great interest to scholars of critical security studies international security and International Relations Chapter 6 of this book is freely available as a downloadable Open Access PDF at [http www taylorfrancis com](http://www.taylorfrancis.com) under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license The Handbook of Communication and Security Bryan C. Taylor, Hamilton Bean, 2019-06-10 The Handbook of Communication and Security provides a comprehensive collection and synthesis of communication scholarship that engages security at multiple levels including theoretical vs practical international vs domestic and public vs private The handbook includes chapters that leverage communication based concepts and theories to illuminate and influence contemporary security conditions Collectively these chapters foreground and analyze the role of communication in shaping the economic technological and cultural contexts of security in the 21st century This book is ideal for advanced undergraduate and postgraduate students and scholars in the numerous subfields of communication and security studies *Diplomacy and Borderlands* Katharina Coleman, Markus Kornprobst, Annette Seegers, 2019-10-28 This book examines Africa s internal and external relations by focusing on three core concepts orders diplomacy and borderlands The contributors examine traditional and non traditional diplomatic actors and domestic regional continental and global orders They argue that African diplomats profoundly shape these orders by situating themselves within in between spaces of geographical and functional orders It is in these borderlands that agency despite all kinds of constraints flourishes Chapters in the book compare domestic orders to regional ones and then continental African orders to global ones They deal with a range of functional orders including development international trade human rights migration nuclear arms control peacekeeping public administration and territorial change

By focusing on these topics the volume contributes to a better understanding of African international relations sharpens analyses of ordering processes in world politics and adds to our comprehension of how diplomacy shapes orders and vice versa The studies collected here show a much more nuanced picture of African agency in African and international affairs and suggest that African diplomacy is far more extensive than is often assumed This book will be of much interest to students of diplomacy studies African politics and International Relations

Contested Property Claims Maja Hojer Bruun, Patrick Joseph Cockburn, Bjarke Skærlund Risager, Mikkel Thorup, 2017-12-01 Property relations are such a common feature of social life that the complexity of the web of laws practices and ideas that allow a property regime to function smoothly are often forgotten But we are quickly reminded of this complexity when conflict over property erupts When social actors confront a property regime for example by squatting they enact what can be called contested property claims As this book demonstrates these confrontations raise crucial issues of social justice and show the ways in which property conflicts often reflect wider social conflicts Through a series of case studies from across the globe this multidisciplinary anthology brings together works from anthropologists legal scholars and geographers who show how exploring contested property claims offers a privileged window onto how property regimes function as well as an illustration of the many ways that the institution of property shapes power relationships today

The securitisation of Islam Clara Eroukhmanoff, 2019-11-01 This book is a timely analysis of the securitisation of Islam in the US and an original contribution to securitisation theory by introducing the notion of indirect securitising speech acts and the role of emotions and affect in securitisation studies It is an innovative approach to Islamophobia everyday racism and security

Securitisation in the Non-West Simon Mabon, Saloni Kapur, 2018-08-30 The concept of securitisation has gained increasing prominence in the past decade Initially developed in Copenhagen the term has been used to describe the broadening of the security agenda and the framing of particular issues as existential threats across the world In spite of this prominence very little work has been undertaken that questions the extent to which the concept can be applied beyond the Western world This volume engages with these questions providing a theoretical overview of issues with using the concept beyond the West along with empirical papers looking at its use in a number of different contexts The chapters in this book were originally published as a special issue of Global Discourse
