Origen

Contra Celsum Contra Celsum:

Origen: Contra Celsum Origen,1980-02-28 Few works of the early Church are as interesting to the modern reader or as important to the historian as Origen's reply to the attack on Christianity made by the pagan Celsus. The *Contra Celsum* is the culmination of the great apologetic movement of the second and third centuries AD and is for the Greek Church what St Augustine's *City of God* is for Western Christendom. It is also one of the chief monuments of the coming together of ancient Greek culture and the new faith of the expanding Christian society. Thus Origen's work is of interest not only to the historian and theologian but also to the hellenist Professor Chadwick's English translation is preceded by a substantial introduction which includes discussion on Celsus date identity and theological outlook as well as an account of Origen's philosophical background and method. The notes elucidate the many obscure allusions of a difficult text. **Contra Celsum** Origen,1965

Contra Celsum Origenes,2001 A critical edition of Origen's main and longest work *Contra Celsum*. **Origen's Contra Celsum** William Selwyn,2007-01-01 Presented here for the first time in years is Selwyn's edition to the Greek text of the first four books of Origen's *Contra Celsum* the culmination of the apologetic movement of the second and third centuries and one of the great works of the early Eastern Church. *Ante-Nicene Christian Library: Origen contra Celsum (1872)* Alexander Roberts,Sir James Donaldson,1872

Against Celsus (Contra Celsum) Origen,Origen of Alexandria,2013-08-24 This is Origen's great apologetical work undertaken in answer to the attack on Christianity by the pagan philosopher Celsus. The text that Origen composed to refute Celsus's self styled True Discourse consists of eight books and belongs to the latest years of his life. It has always been regarded as the great apologetic work of antiquity and no one can peruse it without being struck by the multifarious reading wonderful acuteness and rare subtlety of mind that it displays. It is a great work that well deserves the notice of the students of Apologetics and of Early Christianity in general. This new edition features revised notes a revised introduction and a freshly typeset text.

Origenes: Contra Celsum Libri VIII M. Marcovich,2015-12-22 The giant treatise *Contra Celsum* is Origen's main and longest work. It is of significance for both Greek Patristics and Ancient Philosophy. However the extant text of the treatise is lacunose and corrupt. Two outstanding editions by Paul Koetschau 1899 and Marcel Borret 1967 1969 are not critical enough. The editor tried to restore Origen's original text and presents the reader with a reasonably reliable text.
