Discovering Possibility Kevin J. Kervick, 2011-02-28 *Discovering Possibility* is a primer for the Common Sense Conservative Movement in America Readers will find something refreshing in this timely book in which the author a marriage and family therapist teacher and community builder draws from a rich sociological perspective to outline an optimistic roadmap for restoring America The author integrates the humanistic classical liberalism of the American Founders libertarian psychology and Northeastern cultural conservatism in order to reinvigorate a once common cultural identity in America that has been pushed aside by the forces of progressivism and religious fundamentalism *Discovering Possibility* is novel bold inspirational and practical at a time when many are seeking solutions *Discovering Possibility* offers a way forward for Common Sense Conservatives who are the New Centrists in America and part of the growing grass roots movement to rediscover America *Bulletin of the Atomic Scientists* ,1979-03 *The Illustrated London News* ,1864 **Ebony** ,2005-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Right For A Reason* Amy Jo Clark, Miriam Weaver, 2014-10-30 It s time for a real snarktastic humor filled look at what makes conservatism right We conservatives have truth and rationality and logic on our side We just need to remind ourselves why we are right and we need that reminder delivered in a way that s not a lecture not a history lesson and not a complicated political diatribe If you think all conservatives are old white dudes think again Meet the Chicks on the Right if you haven t already Everyone loves to tell them they re wrong Everyone Liberals say they re wrong because well they re conservative Conservatives tell them they re wrong because they are not conservative enough Or because they re too conservative Or because they re the wrong kind of conservative With all the blame flying around it s easy to lose sight of one important thing They think like you And they are right It s right to revere the Constitution It s right to value personal responsibility economic liberty and free enterprise It s right to think that political correctness is crap and it s right to call out the mainstream media for bias And it s right to laugh at the so called War on Women and to stand up for the unborn As they do every day on their blog and radio show Miriam Weaver and Amy Jo Clark offer a definitive response to critics on the right and the left and a cheerfully snarky pep talk for likeminded conservatives On the one hand they are tired of the media s portrayal of conservatives as repressed sticks in the mud on the other hand they are sick of GOP leaders who play right into that stereotype With humor and insight Mock and Daisy as the Chicks are known on their blog explain why Capitalism is a good thing success and the money that comes with it are nothing to be ashamed of First Amendment protections extend to all Americans not just those with whom we agree Americans have a constitutional right to things that go pew pew pew Skin color is irrelevant It makes sense to be pro life and pro Plan B The Chicks offer suggestions for a conservative makeover that will realign the GOP with the regular folks who are frustrated with uptight and clueless politicians But they also show why conservatism makes sense for everyone especially

those who love their country their families God rock and roll and a well made cocktail not necessarily in that order

Common Sense ,2021 *Common Sense: A Book for Conservatives & Liberals & Moderates to Unite for an Even Better America* an Oregonian physician,2014-07-09 There s an international rating of countries by how corrupt they are called the Corruptions Perceptions Index from least corrupt at 1 to most corrupt at 175 The USA is 19 from least corrupt tied with Uruguay Not bad maybe but we can do better The reason we re not higher is how much special interests control our government This book suggests some reforms to discuss and consider to end corruption such as proportional representation public campaign financing term limits ranked choice and none of the above voting and combining these with a long term federal balanced budget and just and fair and simple taxation Many of these require Constitutional Amendments But Congress proposes Amendments and the incumbents in Congress are unlikely to propose these reforms because they would change how the people in Congress become incumbents in the first place However our Founding Framers gave us a solution for just this problem the states calling an Article V Convention to Propose Amendments *The Personal Journey of a Black Common Sense Conservative* Carl Pittman,2014-04-16 Carl Pittman speaks his truths about America s abyss of apathy low expectations and dependence on government The theme is simple and profound Right is right and wrong is wrong no matter who s doing it This means race and divergent political affiliation don t matter nor do economic status or a tough upbringing You make your choices Check current events Many white Americans despise Obama because of his race Many black Americans find no fault with Obama for the same reason Pittman s position Both positions are racist Barack Obama should be prosecuted because his politics are being placed above the safety and security of this nation Ultimately this is only peripherally about politics though it does focus on a Constitution under attack from parties who prefer an a la carte body of law Pittman is concerned with what s right and just in alignment with what it means to be an American
