The Quest for Gender Equity in Leadership KeumJu Jewel Hyun, Diphus Chosefu Chemorion, 2016-07-29 The call for gender equity in leadership has become a global concern From a Christian perspective all forms of gender prejudice are sinful because they violate God's intention for creating both men and women in God's image Although many Christian authors have published books and journal articles to address gender based injustice very few publications have approached the subject from an African perspective This book is meant to fill the existing gap With a specific reference to the African context this book explores the phenomenon of equity in leadership from various dimensions such as African culture and traditional religion church tradition biblical interpretation as well as from the perspective of contemporary socio economic and political realities in Africa By giving vivid examples of success stories of men and women working together the authors have demythologized the view that women cannot be leaders In addition this book is intended for general readership by Christian men and women throughout the globe For universities and colleges that teach gender studies as a subject the book can serve as a class text or reference resource Seminaries and theological

Egalitarians and the Bible Frank Giles III, *What the Bible Actually Teaches on Women* Kevin Giles, 2018-10-19 Kevin Giles has been writing on women in the Bible for over forty years In this book *What the Bible Actually Teaches on Women* he gives the most comprehensive account to date of the competing conclusions to this question and the issues surrounding it To understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall God set the man over the woman Thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the God given ideal that is pleasing to God It is this theology that Kevin Giles deconstructs and shows to be without a biblical foundation Giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it He sees it as an appeal to the Bible to preserve male privilege similar to the appeals to the Bible to validate slavery and Apartheid appeals to the Bible made by some of the best Reformed and evangelical biblical scholars and now seen to be special pleading Carefully studying the limited number of texts on which complementarians predicate their theology of the sexes Giles finds not one of them actually teaches what complementarians claim Furthermore complementarians too often ignore the texts that are very difficult for them In this book the ordination of women gets only passing mention The constant focus is on whether or not the Bible subordinates women to men as an abiding theological principle
