## **Directed By Desire Directed By Desire:**

*Engaging the World* Mary C. Rawlinson, 2016-05-01 Offers essays demonstrating the critical relevance of Irigaray's thought of sexual difference for addressing contemporary ethical and social issues. *Engaging the World* explores Luce Irigaray's writings on sexual difference, deploying the resources of her work to rethink philosophical concepts and commitments and expose new possibilities of vitality in relationship to nature, others, and to one's self. The contributors present a range of perspectives from multiple disciplines such as philosophy, literature, education, evolutionary theory, sound, technology, science, and anthropology, and psychoanalysis. They place Irigaray in conversation with thinkers as diverse as Charles Darwin, Claude Lévi-Strauss, Gilles Deleuze, René Descartes, and Avital Ronell. While every essay challenges Irigaray's thought in some way, each one also reveals the transformative effects of her thought across multiple domains of contemporary life.

**Transforming Vocation** David Benson, Kara Martin, Andrew Sloane, 2021-05-12 There has been an explosion of publishing in the faith work movement in the last twenty years. Work is increasingly seen as the new frontier for Christian mission. However, the church and theological colleges have failed to keep up with the interest and needs of workplace Christians. This book is the urgent corrective that is needed, moving past *Theology of Work 101* to much deeper encounters with God's word as it relates to daily work. These twelve academic papers look at work through three different lenses: the workplace, the church, and theological education. It is prefaced by Mark Greene from the London Institute for Contemporary Christianity, reflecting on what work, church, and theological education would look like if there was no sacred/secular divide. In the concluding remarks, the editors imagine a future where each domain is transformed by the gospel, working dynamically together for the life of the world. While academic in terms of depth of thinking, quality of research, and referencing of crucial sources for further exploration, this book is never dry. Rather, it's life-giving and provocative for every vocation, asking fundamental questions of the reader: What is the work that God is calling you to do? How can the gospel transform your work? And how well positioned are churches and colleges to be at the forefront of transforming vocation? With contributions from Mark Greene, James Pietsch, Peter White, Peter Docherty, Gordon Preece, Keith Mitchell, David Fagg, Ian Hussey, Colin Noble, Andrew Matthews, Sarah Bacaller, Samuel Curkpatrick, Maggie Kappelhoff, Alexandre Kojève, James H. Nichols Jr., 2007-08-29 Nichols examines the major writings of Alexandre Kojève and clarifies the character and brings to light the importance of his political philosophy. While emphasizing the political dimension of Kojève's thought, Nichols treats all his major published writings and shows how the remarkably varied parts of Kojève's intellectual endeavor go together. This is an essential assessment of Kojève which considers the works that preceded his turn to Hegel, seeks to articulate the character of his Hegelianism, and reflects in detail on the two different meanings that the end of history had in two different periods of his thought.

**After the Lovedeath** Lawrence Kramer, 2000-07-07 A professor of English and Music at Fordham University, author Lawrence Kramer traces today's sexual identities to their 19th-century sources, drawing on the music literature and

thought of the period to show how normal identity both promotes and rationalizes violence against women

**Bound to Be Free** Reinhard Hutter, 2004-07-20 Bound to Be Free explores the scriptural concepts of church ekklesia freedom eleutheria and truthful speech parrhesia showing not only that the proper meanings of three concepts interpenetrate one another but also that rending them asunder lies at the root of Christian division today According to Reinhard Hutter the crucial interrelationship of these three concepts has long been obscured by ongoing church division Separated from each other many Christians assume that freedom can be maintained and truthful speech preserved only at the cost of unity Others assume that Christian unity can be attained only if freedom and truthful speech are narrowly circumscribed in their proper exercise Christian division issues from the all too familiar individualistic accounts of church freedom and speech that have haunted modernity and clouded the proclamation of the gospel This book shows that here at the beginning of the twenty first century it is imperative that Christians attend to this crucial interrelationship and its source in the God of the gospel Hutter discusses the meaning role and importance of each concept in turn engaging along the way a wide range of classical and contemporary voices in theology philosophy and culture that reveal in different ways how church freedom and truthful speech support one another Bound to Be Free is a groundbreaking work that challenges common approaches to ecumenism and points a fruitful new course ahead

**The Resolution of Conflict** Morton Deutsch, 1973-01-01 The basic question to which this book is addressed is not how to eliminate or prevent

conflict but rather how to make it productive or minimally how to prevent it from being destructive I shall not deal with situations of pure conflict in which inevitably one side loses what the other gains My interest is in conflict where there is a mixture of cooperative and competitive interests where a variety of outcomes is possible mutual loss gain for one and loss of the other and mutual gain Thus my query can be restated as an investigation of the conditions under which the participants will evolve a cooperative relationship or a competitive relationship in a situation which permits either from the introduction
