

A snapshot.....

- Up to 200 million children - 10% of the world's young people – are born with a disability or become disabled before age 19
- Only around 2% of children with disabilities in the developing world receive an education
- More than 80% live in developing countries and have no access to services
- Many are excluded and invisible within their communities
- Many are in institutions with no contact with their families
- In many countries, their birth is never registered

Disabled Children And Developing Countries Disabled Children And Developing Countries:

Disabled Children and Developing Countries Pam Zinkin, Helen McConachie, 1995-01-17 A critical evaluation of approaches to helping disabled children in developed and developing countries

Disabled Children & Developing Countries Pam Zinkin, Helen McConachie, 1995 A critical evaluation of approaches to helping disabled children in developed and developing countries

Disability & International Development Malcolm MacLachlan, Leslie Swartz, 2009-07-21 One of the greatest challenges facing modern global health is how to include the most marginalized and impoverished people in international efforts to promote social and economic development In *Disability and International Development* disability rights are situated within the broader context of global health and the need for much greater inter sector collaboration Reports from a broad cross section of low and middle income countries locales as diverse as Zimbabwe Bolivia Kyrgyzstan and Papua New Guinea move beyond surface discussions of what is working and what shows promise to discuss political and governance contexts the roles of disabled persons in research by outsiders concurrent struggles e g women s or children s rights and instructive inroads made by community activists and national Disabled People s Organizations The results are provocative and offer new lenses for viewing both the issues and the populations they affect Each of the book s chapters spotlights a topic as representative of the enormity and immediacy of challenges to inclusive global health including The impact of international human rights law on domestic law and local traditions The effect of failed states on the lives of people with disabilities Empowerment and advocacy disability organizations and movements HIV AIDS interventions with disabled persons Assistive technologies in low income countries Strategies for improving the lives of children with disabilities Cross disciplinary as well as cross cultural *Disability and International Development* will attract a wide audience of professionals in rehabilitation social welfare and human rights governmental and non governmental organizations and disabled people s organizations researchers and practitioners It will also be relevant to those working in health and welfare administration health policy international aid and development and human rights In addition graduate students in disability studies public and global health and international development should find this an important guide to the future of these fields

The Oxfam Education Report Kevin Watkins, 2000-01-01 This comprehensive report focuses on the fact that millions of people in poor countries remain uneducated and illiterate which prevents them from developing the skills they need to escape poverty The book looks at the underlying causes of the problem and sets out a clear agenda for reform

Artificial Intelligence Enabled Management Rubee Singh, Shahbaz Khan, Anil Kumar, Vikas Kumar, 2024-06-04 Companies in developing countries are adopting Artificial Intelligence applications to increase efficiency and open new markets for their products This book explores the multifarious capabilities and applications of AI in the context of these emerging economies and its role as a driver for decision making in current management practices *Artificial Intelligence Enabled Management* argues that the economic problems facing academics professionals managers governments businesses and those at the bottom of the

economic pyramid have a technical solution that relates to AI Businesses in developing countries are using cutting edge AI based solutions to improve autonomous delivery of goods and services implement automation of production and develop mobile apps for services and access to credit By integrating data from websites social media and conventional channels companies are developing data management platforms good business plans and creative business models By increasing productivity automating business processes financial solutions and government services AI can drive economic growth in these emerging economies Public and private sectors can work together to find innovative solutions that simultaneously alleviate poverty and inequality and increase economic mobility and prosperity The thought provoking contributions in this book also bring attention to new barriers that have emerged in the acceptance use integration and deployment of AI by businesses in developing countries and explore the often overlooked drawbacks of AI adoption that can hinder or even cause value loss The book is a must read for policymakers researchers and anyone interested in understanding the critical role of AI in the emerging economy perspective

Maternal and Child Health John Ehiri, 2009-10-03 Our current era of globalization war and socioeconomic unrest has revealed public health as a worldwide concern and a major frontier for social justice with maternal and child health at its epicenter Yet there has been a relative scarcity of training resources specifically dedicated to this crucial area Maternal and Child Health Global Challenges Programs and Policies addresses this gap in current knowledge by analyzing the range of socioeconomic and environmental factors health care disparities politics policies and cultural practices that impact the health and safety of mothers as well as the well being and optimum development of their children Individual sections focus on unequal distribution of the world's resources politics and power specific disease concerns programs policies and emerging concerns with a focus on what is currently being done and what needs to be done to improve the health status of women children and adolescents The book's contributors are some of the world's most respected experts carefully selected to represent different global geographic regions and diverse professional disciplines related to maternal and child health from both academic and field practice perspectives Among the topics in this authoritative volume The impact of war globalization gender inequity and harmful traditional practices e.g. female genital mutilation Specific health concerns including tuberculosis malaria HIV and malnutrition Child and adolescent health issues from abuse and neglect to children in difficult circumstances Pregnancy related issues safety abortion and post abortion care teen pregnancy and more Strategies for planning developing and maintaining maternal and child health systems in developing countries The status of global initiatives such as Integrated Management of Childhood Illnesses and the Millennium Development Goals The status of evidence based maternal and child health in the developing world With such a wealth of information on both practical and conceptual levels Maternal and Child Health Global Challenges Programs and Policies is as relevant to students and researchers in the field as it is to policy makers and those working for global health and development organizations It also makes an excellent stand alone text for courses in global health in general and global

maternal and child health in particular **Encyclopedia of Disability** Gary L Albrecht,2006 Presents current knowledge of and experience with disability across a wide variety of places conditions and cultures to both the general reader and the specialist **Disability** Tom Shakespeare,2017-08-14 Disability The Basics is an engaging and accessible introduction to disability which explores the broad historical social environmental economic and legal factors which affect the experiences of those living with an impairment or illness in contemporary society The book explores key introductory topics including the diversity of the disability experience disability rights and advocacy ways in which disabled people have been treated throughout history and in different parts of the world the daily realities of living with an impairment or illness health education employment and other services that exist to support and include disabled people ethical issues at the beginning and end of life Disability The Basics aims to provide readers with an understanding of the lived experiences of disabled people and highlight the continuing gaps and barriers in social responses to the challenge of disability This book is suitable for lay people students of disability studies as well as students taking a disability module as part of a wider course within social work health care sociology nursing policy and media studies **Optimizing Treatment for Children in the Developing World** Stuart MacLeod,Suzanne Hill,Gideon Koren,Anders Rane,2015-05-12 This book is intended to communicate current best practice in pediatric clinical pharmacology and clinical pharmacy with special consideration of the prevailing circumstances and most pressing needs in developing countries It also addresses measures that may be taken in countries with emerging economies through organizational and political adjustments to reduce unacceptable levels of morbidity and mortality among children and pregnant women with treatable diseases Every Right for Every Child Enakshi Ganguly Thukral,2020-11-29 Despite some acknowledgement over the years of the significance of seeing children as rights holders children s concerns continue to run the risk of not being considered political and mainstream they continue to be viewed as extensions of adults or simply as members of families and communities This when the reality is that children are citizens the minute they are born and entitled to as much attention if not more than adults given their age and vulnerability Concerned with the mainstreaming of children s interests in policy making this book raises such questions as What is good governance vis vis children What are the standards and indicators Can there be one answer for this question that is applicable to all countries In order to arrive at a better understanding of what good governance for children means and how the realization of the political cultural social and civil rights of children may be achieved the book draws on the diverse and yet comprehensive body of knowledge that has developed over the years from initiatives taken by organisations across the world who work with policy makers to make governance systems more accountable and responsive to the well being of children as citizens in themselves simultaneously empowering children to take part in decision making processes that impact their lives *Disability, Education and Employment in Developing Countries* Kamal Lamichhane,2015-01-15 With several empirical evidences this book advocates on the importance of human capital of persons with disabilities and demands the

paradigm shift from charity into investment approach Society in general believes that people with disabilities cannot benefit from education cannot participate in the labour market and cannot be contributing members to families and countries To invalidate such assumptions this book describes how education in particular helps make persons with disabilities achieve economic independence and social inclusion For the first time detailed analyses of returns to the investment in education and nexus between disability education employability and occupational options are discussed Moreover other chapters describe disability and poverty followed by the discussion of barriers behind why persons with disabilities are unable to obtain education despite the significantly higher returns These foundational themes recur throughout the book A Quarter-century of Normalization and Social Role Valorization Robert John Flynn, Raymond A. Lemay, 1999 During the late 1960s Normalization and Social Role Valorization SRV enabled the widespread emergence of community residential options and then provided the philosophical climate within which educational integration supported employment and community participation were able to take firm root This book is unique in tracing the evolution and impact of Normalization and SRV over the last quarter century with many of the chapter authors personally involved in a still evolving international movement Published in English *Valuing Disabled Children and Young People* Berni Kelly, Bronagh Byrne, 2018-04-19 Focusing on contemporary childhood disability issues and relevant to the lived experiences of disabled children and young people and their families this book addresses themes such as transition identity education inclusion and service provision It also includes insightful contributions on participatory research and practice with disabled children and young people including an emphasis on capability voice and communicative spaces for those with life limiting and more severe levels of impairment The contributions to this book are grounded in a commitment to the rights of disabled children and young people as explicitly recognised under the United Nations Conventions on the Rights of the Child 1989 and Rights of Persons with Disabilities 2006 However the authors also draw our attention to the detrimental impact of economic austerity and conflict on the extent to which these rights are being realised encouraging further consideration of issues relating to social justice interdependence and participation Addressing the diversity of disabled children s lives across service domains and international contexts this book provides an evidence base to support the realisation of the rights of disabled children and young people This book was originally published as a special issue of Child Care in Practice Down Syndrome Across the Life Span Monica Cuskelly, Anne Jobling, Susan Buckley, 2008-04-30 This book promotes a positive message for people with Down syndrome across the world Living with Down Syndrome is a positive experience for the majority of children and adults with Down syndrome and for their families Of course there are difficulties to be faced but quality of life from infancy to old age is determined more by the quality of healthcare education and social inclusion offered to individuals than by the developmental difficulties that are associated with Down syndrome The aim of this book is to bring the latest information on research and good practice to families practitioners and policy makers in order improve the services available to individuals with Down

syndrome in all countries **Disability & Human Rights** Dr Vani Datt Sharma, 2024-09-20 Empowering Voices Challenging Injustice A Comprehensive Guide to Disability and Human Rights In a world striving for equality Disability Human Rights An Overview offers a critical examination of the intersection between disability and human rights This compelling work by Dr Vani Datt Sharma delves into the legal social and cultural dimensions of disability revealing how society's attitudes and policies continue to marginalize millions of people around the globe With over fifteen years of experience in academia and advocacy Dr Sharma expertly navigates the complexities of disability rights providing readers with a thorough understanding of the challenges faced by individuals with disabilities From examining international human rights laws to exploring grassroots activism this book uncovers the systemic barriers that prevent true inclusion and offers actionable insights for creating a more equitable world Disability Human Rights An Overview is not just a book it's a call to action Whether you are a student policymaker or advocate this essential guide will equip you with the knowledge and tools to champion the rights of people with disabilities and work towards a society where everyone is valued and respected Explore Engage Advocate This book will inspire you to see disability rights not just as a legal issue but as a fundamental human right that affects us all **Cities for Children** Sheridan Bartlett, Roger Hart, David Satterthwaite, Ximena de la Barra, Alfredo Missair, 2016-04-29 Urban authorities and organizations are responsible for providing the basic services that affect the lives of urban children Cities for Children is intended to help them understand and respond to the rights and requirements of children and adolescents It looks at the responsibilities that authorities face and discusses practical measures for meeting their obligations in the context of limited resources and multiple demands While the book emphasizes the challenges faced by local government it also contains information that would be useful to any groups working to make urban areas better places for children Cities for Children begins by introducing the concept history and content of children's rights and the obligations they create for local authorities The volume then goes on to look at a variety of contentious issues such as housing community participation working children community health education and juvenile justice The final section of the book discusses the challenge of establishing systems of governance that can promote the economic security social justice and environmental care essential for the realization of children's rights It follows through the practical implications for the structure policies and practices of local authorities Written by the top experts in the field of children's issues and including a resource section which lists publications and organizations that can provide further information and support this volume is a must for all involved in planning for and the protection of children within the urban environment Resources in Education, 1994 *Disability, Poverty and Education* Nidhi Singal, 2014-10-29 This book is a succinct and distinctive presentation of current research addressing educational issues in relation to children and young people with disabilities in Southern contexts Even though people with disabilities are disproportionately over represented in the majority world there is a lack of texts which bring together empirical insights highlighting the unique socio economic and cultural realities of these contexts and

the ways in which these have shaped developments in education This book provides a comprehensive and critical overview of a range of issues such as the dilemmas in conceptual translations analysis of international aid and national policies evaluation of various educational interventions and issues interrogating the purpose of education Bringing together various research projects conducted in eight different countries this book successfully captures a unique spread of cross cultural issues It was originally published as a special issue of the International Journal of Inclusive Education Disability and Social Change Brian Watermeyer,2006 This powerful volume represents the broadest engagement with disability issues in South Africa yet Themes include theoretical approaches to and representations of disability governmental and civil society responses to disability issues aspects of education as these pertain to the oppression liberation of disabled people social security for disabled people the complex politics permeating service provision relationships and a consideration of disability in relation to human spaces physical economic and philosophical Firmly located within the social model of disability this collection resonates powerfully with contemporary thinking and research in the disability field and sets a new benchmark for cutting edge debates in a transforming South Africa **Educational Assessment and Early Intervention for Handicapped Children in Developing Countries** Kirsten Kristensen,David Baine,Marigold J. Thorburn,1987
