Godsey, Barbara Green, 2000-11-20 Formerly titled The Cost of Discipleship this classic exposition tells what it means to follow Christ in a modern world beset by a dangerous criminal government Discipleship provides an accurate rendering of the text and extensive aids and commentary to clarify the meaning context and reception of this work and its attempt to resist the Nazi ideology infecting German Christian churches in the 1930s and 1940s Discipleship Dietrich Bonhoeffer, 2003-05-01 Cheap grace is the mortal enemy of our church Our struggle today is for costly grace And with that sharp warning to his own church which was engaged in bitter conflict with the official nazified state church Dietrich Bonhoeffer began his book Discipleship formerly entitled The Cost of Discipleship Originally published in 1937 it soon became a classic exposition of what it means to follow Christ in a modern world beset by a dangerous and criminal government At its center stands an interpretation of the Sermon on the Mount what Jesus demanded of his followers and how the life of discipleship is to be continued in all ages of the post resurrection church Every call of Jesus is a call to death Bonhoeffer wrote His own life ended in martyrdom on April 9 1945 Freshly translated from the German critical edition Discipleship provides a more accurate rendering of the text and extensive aids and commentary to clarify the meaning context and reception of this work and its attempt to resist the Nazi ideology then infecting German Christian churches

Reconciliation John W. De Gruchy, 1872 Whether born in the Mideast Africa Asia or brought home to the streets of America violent hatreds often threaten to swamp the minimal cooperation needed to foster life and health Does Christianity have anything besides warmed over pieties to offer a world torn by estrangement alienation and violently opposed worldviews In this signal contribution to public theology John de Gruchy an internationally esteemed political theologian emphatically affirms the possibility and necessity of reconciliation For Christians he says reconciliation is the center and perennial test of their faith De Gruchy expands reconciliation s relevance beyond personal piety and ecclesial harmony to encompass group relations politics and even the environment In all cases he argues it involves the restoration of justice Forged in the recent experience of South Africa his work delineates the political and ecclesial significance of reconciliation and shows its importance for interreligious relations addressing victimization and international peace Reconciliation will be welcomed by all whose faith leads them to help alleviate the world s mounting agonies **The Scientific World of**

Karl-Friedrich Bonhoeffer Kathleen L. Housley, 2018-09-05 In twentieth century Germany Karl Friedrich Bonhoeffer rose to prominence as a brilliant physical chemist even as several of his relatives Dietrich Bonhoeffer among them became involved in the resistance to Hitler leading to their executions This book traces the entanglement of science religion and politics in the Third Reich and in the lives of Karl Friedrich his family and his colleagues including Fritz Haber and Werner Heisenberg Nominated for the Nobel Prize Karl Friedrich was an expert on heavy water a component of the atomic bomb During the war he was caught in the middle between relatives who were trying to kill Hitler and friends who were helping

Hitler build a nuclear weapon Karl Friedrich emerges as a complex figure an agnostic whose brother was a renowned theologian and a chemist who both reluctantly advised German nuclear scientists and collaborated with Paul Rosbaud a spy for the British Illuminating the uneasy position of science in twentieth century Germany The Scientific World of Karl Friedrich Bonhoeffer is the story of a man in love with chemistry his family and his nation trying to do right by all of them in the midst of chaos The Cross of Reality H. Gaylon Barker,2015-09-01 The Cross of Reality investigates Bonhoeffer s interpretation and use of Luther s theology in shaping his Christology In this essay H Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer s theology he also shows how Bonhoeffer s conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer s thought was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church especially Luther s theologia crucis **The Bonhoeffer Legacy** Terence Lovat,2014-09-01 The Bonhoeffer Legacy An International Journal is a fully refereed academic journal aimed principally at providing an outlet for an ever expanding Bonhoeffer scholarship in Australia New Zealand and the South Pacific region as well as being open to article submissions from Bonhoeffer scholars throughout the world It also aims to elicit and encourage future and ongoing scholarship in the field The focus of the journal captured in the notion of Legacy is on any aspect of Bonhoeffer s life theology and political action that is relevant to his immense contribution to twentieth century events and scholarship Legacy can be understood as including those events and ideas that contributed to Bonhoeffer s own development those that constituted his own context or those that have developed since his time as a result of his work The editors encourage and welcome any scholarship that contributes to the journal s aims The journal also has book reviews **Conversion and Discipleship** Bill Hull,2016-01-12 Discipleship occurs when someone answers the call to learn from Jesus how to live his or her life as though Jesus were living it The end result is that the disciple becomes the kind of person who naturally does what Jesus did How the church understands salvation and the gospel is the key to recovering a biblical theology of discipleship Our doctrines of grace and salvation in some cases actually prevent us from creating an expectation that we are to be disciples of Jesus A person can profess to be a Christian and yet still live under the impression that they don t need to actually follow Jesus Being a follower is seen as an optional add on not a requirement It is a choice not a demand Being a Christian today has no connection with the biblical idea that we are formed into the image of Christ In this ground breaking new book pastor and author Bill Hull shows why our existing models of evangelism and discipleship fail to actually produce followers of Jesus He looks at the importance of recovering a robust view of the gospel and taking seriously the connection between conversion answering the call to follow Jesus and discipleship living like the one we claim to follow The Luther Myth Patrick Hayden-Roy,2024-10-31 In the period from the close of the Napoleonic Wars up through the immediate post World War II era the image of Martin Luther was transposed in Germany from a religious reformer and advocate of freedom to a symbol of v

lisch nationalist identity such that with the seizure of power by the Nazis Luther was used to portray a symbiosis between the new regime and the tradition of Protestant religiosity The Luther Myth traces the evolution of this image within the environment of nineteenth and twentieth century German nationalist sentiment looking particularly at how Protestant Germans styled Luther to affirm the essentialist racial identity politics of the Nazis the cult of authoritarian leadership around Adolf Hitler the drive to impose state control over all competing sources of authority and the victimizing of German Jews In doing so it sheds new light on why Nazism was able to co opt German Protestantism as a source for legitimizing its seizure of power despite the fact that the animating core of Nazi ideology was radically subversive in relation to traditional Christian piety Using evidence drawn from not only theological works and literary and philosophical sources but also speeches theatrical works public celebrations and monuments it pulls together the narrative of development and connects it over the longer term offering an original contribution to scholarship on the topic and allowing readers a format for considering how similar dynamics are still at work in contemporary society and culture *Innovating Christian Education Research* Johannes M. Luetz, Beth Green, 2021-01-04 This book reformulates Christian education as an interdisciplinary and interdenominational vocation for professionals and practitioners It speaks directly to a range of contemporary contexts with the aim of encouraging conceptual empirical and practice informed innovation to build the field of Christian education research The book invites readers to probe questions concerning epistemologies ethics pedagogies and curricula using multidisciplinary research approaches By helping thinkers to believe and believers to think the book seeks to stimulate constructive dialogue about what it means to innovate Christian education research today Chapters are organised into three main sections Following an introduction to the volume s guiding framework and intended contribution Chapter 1 Part 1 features conceptual perspectives and comprises research that develops theological philosophical and theoretical discussion of Christian education Chapters 2 13 Part 2 encompasses empirical research that examines data to test theory answer big questions and develop our understanding of Christian education Chapters 14 18 Finally Part 3 reflects on contemporary practice contexts and showcases examples of emerging research agendas in Christian education Chapters 19 24 [Vintage Saints and Sinners](#) Karen Wright Marsh, 2017-09-12 Saints were not simply superstar Christians with otherworldly piety When we take a closer look at the lives of these spiritual heavyweights we learn that they re not all that different from you and me With humor and vulnerability Karen Marsh introduces us afresh to twenty five brothers and sisters who challenge and inspire us with their honest faith *Bonhoeffer Down Under* Ian Packer, Gordon Preece, 2012-08-30 If Protestants had saints Dietrich Bonhoeffer martyred under Hitler on April 9 1945 just days before the Allies reached his concentration camp would be one of the first canonised Not just his unsought martyr s death but his life s movement from privilege to growing identification with the suffering his courageous return from the safety and beckoning success of the US to Germany his work with the Confessing Church and more controversially with the underground resistance in the plot to assassinate Hitler all

argue his case for canonisation Bonhoeffer is among ten twentieth century martyrs above the Great West Door at Westminster Cathedral where their portraits of ten tell more about the artists and their age than the saint and theirs the movement of their lives and the movements they belonged to or founded This is certainly true of Bonhoeffer and the Church of his anguished age This collection of essays is from Down Under for with the exception of the paper by UK theologian Keith Clements are all the papers are by writers who live and work in the southern hemisphere They include former Australian Prime Minister Kevin Rudd South African theologian John de Gruchy and a number of Australian writers These include papers by historian John Moses and theologians Gordon Preece Brian Rosner Bruce Barber Max Chamption and Neil Holm Kevin Rudd writes in this volume that Bonhoeffer is without doubt the man I admire most in the history of the twentieth century He was a man of faith He was a man of reason He was never a nationalist always an internationalist For tormented twenty first century humanity Bonhoeffer is still one of our best guides to that new humanity being birthed by the Spirit of Christ in the midst of those seeing from and suffering below

Pilgrim Practices Kristopher Norris, 2012-03-19 Despite a wealth of literature on the missional church and missional living few resources help Christians and churches think through what it means to be disciples of Jesus Christ and what specific practices help cultivate lives of discipleship Written from with and for the church *Pilgrim Practices* Discipleship for a Missional Church introduces Christian practices from the Letter of James to help guide Christians and churches in their journey of discipleship This book frames discipleship in a way that has been largely abandoned in modern congregational literature as fundamentally an issue of identity an identity that is necessarily formed and practiced in and with the church community It is a lifestyle that cannot be lived on one's own Discipleship ultimately means engaging with others on a journey of faith sustained and cultivated through certain practices pilgrim practices The practices examined in this book develop and direct the risky pilgrim journey of Christians transforming pilgrims into disciples as the Body of Christ who participate with God in God's mission in the world In this time of transient identities individualist impulses and fleeting commitments this book offers specific practices to help Christians form their identity as disciples and to help Christian communities live their calling as the pilgrim Body of Christ in the world

Politics in Friendship: A Theological Account Guido de Graaff, 2014-09-25 Guido de Graaff explores the political dimension and significance of friendship arguing that its specific contribution lies not only in its theological approach but also in its particular focus distinguishing the political from the social and or civic The book's explorations are framed around a particular story of friendship the story of Bishop George Bell and German theologian Dietrich Bonhoeffer Drawing on Hannah Arendt and Oliver O'Donovan de Graaff argues that Bell and Bonhoeffer's story can be read as one of friends assuming the responsibility of political judgment in an emergency situation their story casts doubts on secular politics as the primary context for interpreting the friends' judgments Thus the book provides a more comprehensive account of the story also interpreting it against the background of the life of the church with special attention to John 15 and Romans 12 De

Graaff concludes by showing how a theological account is vital for discerning the distinct politics of the church including opportunities for Christian engagement in secular politics

Battles of Conscience Tobias Kelly, 2022-05-05 A groundbreaking new study brings us a very different picture of the Second World War asking fundamental questions about ethical commitments Accounts of the Second World War usually involve tales of bravery in battle or stoicism on the home front as the British public stood together against Fascism However the war looks very different when seen through the eyes of the 60 000 conscientious objectors who refused to take up arms and whose stories unlike those of the First World War have been almost entirely forgotten Tobias Kelly invites us to spend the war five of these individuals Roy Ridgway a factory clerk from Liverpool Tom Burns a teacher from east London Stella St John who trained as a vet and ended up in jail Ronald Duncan who set up a collective farm and Fred Urquhart a working class Scottish socialist and writer We meet many more objectors along the way people both determined and torn and travel from Finland to Syria India to rural England Edinburgh to Trinidad Although conscientious objectors were often criticised and scorned figures such as Winston Churchill and the Archbishop of Canterbury supported their right to object at least in principle suggesting that liberty of conscience was one of the freedoms the nation was fighting for And their rich cultural and moral legacy of humanitarianism and human rights from Amnesty International and Oxfam to the US civil rights movement can still be felt all around us The personal and political struggles carefully and vividly collected in this book tell us a great deal about personal and collective freedom conviction and faith war and peace and pose questions just as relevant today Does conscience make us free Where does it take us And what are the costs of going there An excellent book DAILY TELEGRAPH A moving tribute SPECTATOR

What Do We Do When Nobody Is Listening? Robin W. Lovin, 2022-06-28 A trusted senior statesman in Christian ethics and ministry addresses the crisis of political polarization

threatening the existence of the church Polarization and political gridlock have been the norm in the United States for decades As that reality seeps into every aspect of our society churches find themselves not only affected but often at the very center of the conflict Rather than remaining places of inclusive community and generous dialogue our sanctuaries have too often become ground zero of the culture wars What can pastors do to restore the church's witness to the unity of all things in God especially when it feels like members of the congregation would rather position the church's identity firmly on one side of the political spectrum or the other And how can church leaders maintain peace while speaking the truth on important social issues without either alienating parishioners who disagree or resorting to inane bothsidesism Widely respected pastor and ethicist Robin Lovin offers sage counsel in this helpful book arguing that to resist the trend of polarization in our church we must rediscover how the gospel teaches us to understand ourselves our neighbors and the purpose of politics In part one Lovin provides an overview of the situation in which we find ourselves showing how polarization developed over recent decades and how in both our society and our churches we have adapted to division as the norm In part two he considers how Christians can shape a different response by learning to listen to the Word of God to the world and to those who are not usually heard With questions for discussion and reflection aligned with the content of each chapter What Do We Do When Nobody Is Listening provides an accessible roadmap for navigating out of the morass of polarization into a brighter future of church unity during election seasons and beyond

Remember Death Matthew McCullough, 2025-06-10 The Best Way to Find Meaning in Life Is to Get Honest About Death Life expectancy worldwide is twice what it was a hundred years ago And because of modern medicine many of us don't often see death up close That makes it easy to live as if death is someone else's problem Ignoring the certainty of death doesn't protect us from feeling its effects throughout the lives we're living now but it does hold us back from experiencing the powerful everyday relevance of Jesus's promises to us So long as death remains remote and unreal Jesus's promises will too But honesty about death brings hope to life That's the ironic claim

at the heart of this book Cultivating death awareness helps us bring the promises of Jesus from the hazy clouds of some other world into the everyday realities of our world where they belong Insightful and Accessible Draws from many sources including research from science and psychology and examples from literature pop culture theology and Scripture Christ Centered Encouragement for Life and Loss Teaching what the Bible says about identity futility and grief McCullough offers hope that is tied to the promises of God Replaces ISBN 978 1 4335 6053 8
