Jekcer,Professor of Bioethics and Humanities Nancy S Jekcer,Caesar A. Atuire,2024-12-03 Stepping back from the above analysis it is helpful to ask whether the shift to a more individualistic conception of persons carries traction for those who do not share its religious underpinnings Judeo Christian personhood was grounded on the idea that all and only human beings are made in the image of God imago dei for contemporary secular philosophers there seems to be no corollary justification for claiming that all and only human beings qualify as persons Some contemporary Christians such as Noonan have sought to defend an exclusive moral status for human beings by arguing that possessing the human genetic code affords the secular underpinnings for such a position Yet this proposal was eventually rebuffed as speciesist Speciesism a term coined in the 1970s by Ryder and popularized by Singer is the position that assigning moral standing on the basis of species membership is morally arbitrary DESCARTES ESSENTIAL René Descartes,2024-03-19 Often called The founder of modern philosophy and the father of modern mathematics Ren Descartes is considered one of the most important and influential thinkers in the history of Western thought having inspired contemporaries and several generations of later philosophers Experts affirm that starting from Descartes the rationalism of the Modern Age was inaugurated In this valuable eBook the reader will be able to learn about Descartes thought through two of his most important works Discourse on the Method and Meditations on First Philosophy *A Discourse on the Method* René Descartes,2006-01-12 I concluded that I was a substance whose whole essence or nature resides only in thinking and which in order to exist has no need of place and is not dependent on any material thing Descartes s A Discourse on the Method of Correctly Conducting One s Reason and Seeking Truth in the Sciences marks a watershed in European thought in it the author provides an informal intellectual autobiography in the vernacular for a non specialist readership sweeps away all previousphilosophical traditions and sets out in brief his radical new philosophy which begins with a proof of the existence of the self the famous cogito ergo sum next deduces from it the existence and nature of God and ends by offering a radical new account of the physical world and of human andanimal nature This new translation is

accompanied by a substantial introductory essay which draws on Descartes's correspondence to examine his motivation and the impact of his great work on his contemporaries Detailed notes explain his philosophical terminology and ideas

*Pathways to a New Environmental Ethic* Steven E. Alford, 2024-07-25 We live under the threat of humanity's self-inflicted extinction While technological approaches to climate mitigation are admirable our ecological crisis results ultimately from an inherited unexamined concept of selfhood and a misconceived view of nature The received idea that our self exists inside our skull engenders an assumption that nature is out there with devastating results This book explores three new ways of thinking about the interrelation of ourselves and nature Merleau Ponty's notion of embodiment the connection between enactivism and affordances and object oriented ontology These approaches to selfhood reorder our moral obligations What are our responsibilities to ourselves our children and nature itself An embodied ethic can transcend cultural biases and offer a new way of confronting climate change To meet environmental challenges we need to change our minds about our minds
