Depression In Later Life Depression In Later Life:

Depression in Later Life James E. Ellison, Sumer Verma, 2003-05-13 Exploring the causes manifestations and consequences of late life depression this reference examines treatments and approaches for the management of this condition highlighting methods for the recognition of depression in the medically ill clinically demented and bereaved as well as for assessment of the efficacy of these treatment

Depression and Older People Godfrey, Mary, Tracy Denby, 2004 The literature on depression in old age has tended to be dominated by the medical model with its focus on symptoms and treatment This report breaks new ground by adopting a psycho social approach one that explores depression in the context of the everyday lives of older people Commissioned by Help the Aged the report reviews the nature and scope of the evidence base around depression and older people evaluates current policy and practice responses and identifies gaps in the evidence base and areas for further work Depression and older people is invaluable reading for anyone involved in the management and delivery of services to older people as well as academics students and researchers in the field It will also be of interest to older people themselves

Depression in Later Life Deborah Serani, 2016-06-09 The geriatric population defined as men and women 65 years and older is the fastest growing population in the world While gerontology the study of the aging process in human beings has brought insights about the physical emotional and social needs of this population little attention has been given to the mental health of the aging and often treatable disorders are overlooked entirely Depression is one of the leading mental disorders in any age group but among the elderly it is often viewed as a normal part of aging But it s not Depression at any age requires attention and treatment For sufferers and their families and caregivers this go to guide introduces readers to depression among the aging and elderly It looks at both sufferers who ve been diagnosed in their younger years as well as those with a new diagnosis and reviews the symptoms the diagnostic process treatment options including alternative and holistic approaches and long term care for those experiencing mild moderate or severe depression With real stories throughout the book illustrates the many forms depression can take and Serani offers a compassionate voice alongside practical advice for sufferers caregivers and families An extensive resource section rounds out the book Anyone suffering from depression in later life and anyone who cares for someone suffering will want to read this important guide to living well with depression in the golden years

Depression in Later Life Robert C. Baldwin, 2014-02 Part of the Oxford Psychiatry Library series this concise pocket book provides an accessible account of how depression in older people presents why it is important and what treatments help

Depression in Later Life Steve Iliffe, Jill Manthorpe, 2005-04-15 The authors take a multidisciplinary approach and employ both medical and psycho social models of depression The medical model is used to identify symptoms make diagnoses and work towards optimal treatment Psycho social perspectives provide insight into the scale and complexity of the condition and point to its social causes

Depression and Anxiety in Later Life Mark D. Miller, Charles F. Reynolds III, 2012-09-17 Depression and anxiety can be avoided or minimized through

medication and therapy and by adapting to changing circumstances as we age Physical problems and emotional stresses such as bereavement health conditions pain concerns about the future side effects of medications and the accumulated effects of lifestyle choices may lead to depression or anxiety in older people However as Drs Mark D Miller and Charles F Reynolds III know these mental disorders are not a natural or an inevitable part of aging In *Depression and Anxiety in Later Life* these psychiatrists show how depression and anxiety can be avoided or minimized by adapting to changing circumstances while controlling risk factors and getting help when it s needed This reassuring book balances discussions of the causes symptoms and treatments of mental illness with descriptions of successful adaptive aging Case studies illustrate the less obvious depression symptoms of irritability disorganization and social withdrawal Readers will find information about memory loss pain sleep nutrition and end of life issues particularly helpful Aging can be challenging but it doesn t always lead to depression or anxiety *Depression and Anxiety in Later Life* will help older people their family members and caregivers make positive changes to take control of their own individual situations *Treating Later-Life Depression* Ann M. Steffen,Larry W. Thompson,Dolores Gallagher-Thompson,2022 *Treating Later Life Depression Clinician Guide* outlines culturally responsive practices that target the contexts and drivers antecedents of depression in middle aged and older adults Clinicians can choose research supported modules from the accompanying Workbook that fit the needs of their clients i e chronic pain sleep problems anxiety experiences of loss ***Aging and Mental Health*** Daniel L. Segal,Sara Honn Qualls,Michael A. Smyer,2010-11-04 This fully revised and updated second edition provides a complete introduction to aging and mental health for psychology students taking courses in aging as well as for academics and practitioners working in the field of gerontology Offers a comprehensive review of models of mental health and mental illness along with their implications for treatment of older adults Provides a pragmatic analysis of assessment and treatment approaches that both students and practitioners will find useful Uses case studies to link theory and practice Fully updated to include discussion of the development and implementation of evidence based treatment protocols in the field of mental health the increasing prevalence of cognitive impairment and an appreciation of its implications for a variety of functional behaviors and a changing understanding of long term care away from a focus on institutional care and toward a broader spectrum of services ***CBT for Older People*** Ken Laidlaw,2014-12-15 Going beyond simple procedural modifications this is the first book to address how the application of gerontology to CBT practice can augment CBT s effectiveness and appropriateness with older people Taking you step by step through the CBT process and supported by clinical case examples therapeutic dialogue points for reflection and hints and tips the book examines basic theoretical models in CBT and how to relate them to work with older people main behavioural interventions and their practical application social context and relevant theories of aging implications of assessment diagnosis and treatment issues of anxiety worry and depression and more specialist applications of CBT for chronic illnesses latest developments thinking and empirical evidence This is an invaluable companion for any clinical psychology counselling

CBT IAPT and social care trainee or professional new to working with older people especially those who are keen to understand how the application of CBT may be different Professor Ken Laidlaw is Head of the Department of Clinical Psychology University of East Anglia

Mental Health and Spirituality in Later Life Elizabeth MacKinlay, 2003 Explore pastoral strategies for dealing with mental health problems Mental health is increasingly being recognized as an important issue in later life This valuable book will help you examine this dimension of aging in the context of pastoral spiritual and cultural issues It explores the relationship between mental health spirituality and religion in later life including the search for meaning cultural issues spiritual issues depression dementia and issues of suicide in older people The first part of *Mental Health and Spirituality in Later Life* focuses on theology ethics and cultural issues in mental health and aging The second part addresses issues of multidisciplinary practice including a challenging chapter written by a woman with early onset dementia Alzheimer's and other chapters that present perspectives on the uses and meanings of ritual and symbolism in mental health and pastoral approaches to care Part one of *Mental Health and Spirituality in Later Life* deals with issues of theology culture and mental health in later life focusing on the importance of a richly textured understanding of personhood as a prerequisite for constructing a picture of late life mental health in the context of theology the relationship between culture spirituality and meaning for older immigrants and their effects on mental health the adverse effects of a mental health system that reflects only the dominant culture of a society leaving minority cultures vulnerable to misdiagnosis and inappropriate treatments that can do more harm than good a wholistic picture of aging that moves beyond the biomedical paradigm and demonstrates the power and potential of the human spirit in adjusting to and moving beyond suffering Part two of this valuable book addresses issues of concern to practitioners in mental health and spirituality for the aging including disruptive behavior among nursing home residents and common practices that fail to identify its causes or address the problem how some staff resident interactions can produce suffering for all concerned with case study outlines that illustrate the point memory loss and its effect on spirituality self worth and the faith community pastoral care for people suffering with dementia with practical information on helping them to make use of the power of prayer and to deal with loneliness fear and disempowerment an insightful look at a recent major study of residents in aged care facilities in Australia that explores the link between depression and spirituality risk and protective factors associated with suicide in later life and the treatment of depression pastoral interventions for depression and dementia
