Der Koran ,1980 Der Koran Rudi Paret,2005 *Der Koran* Rudi Paret,2007 *Der Koran* Rudi Paret,1989 **Der Koran** Muḥammad,Rudi Paret,1981 **The Qur'an: Text and Commentary, Volume 1** Angelika Neuwirth,2022-01-01

The first volume of a world renowned scholar's long awaited Qur'an commentary now available in English Angelika Neuwirth's six volume commentary published originally in Germany offers a historical and philological analysis of the form structure and semantic message of each of the 114 Qur'anic suras. It brings together the fruits of the past hundred years of modern scholarship and provides access to the aesthetic theological linguistic and semantic background required to appreciate the unique novelty force and historical position of the Qur'an. Contextualizing the Qur'anic message in the broader world of late antiquity it bridges the gaps between the inner Islamic scholarly world and the academy. Skillfully translated by Samuel Wilder this first volume focuses on the Meccan suras the earliest and often the most aesthetically striking and compelling part of the corpus of Qur'anic proclamations.

The Wiley Blackwell Companion to the Qur'an Andrew Rippin,Jawid Mojaddedi,2017-03-14 Fully revised and updated the second edition of *The Wiley Blackwell Companion to the Qur'an* offers an ideal resource for anyone who wishes to read and understand the Qur'an as a text and as a vital component of Muslim life. While retaining the literary approach to the subject this new edition extends both the theological and philosophical approaches to the Qur'an. Edited by the noted authority on the Qur'an Andrew Rippin and Islamic Studies scholar Jawid Mojaddedi and with contributions from other internationally renowned scholars the book is comprehensive in scope and written in clear and accessible language. New to this edition is material on modern exegesis the study of the Qur'an in the West the relationship between the Qur'an and religions prior to Islam and much more. *The Wiley Blackwell Companion to the Qur'an* is a rich and wide ranging resource exploring the Qur'an as both a religious text and as a work of literature.

God, Muhammad and the Unbelievers David Marshall,2014-04-08 This study of the Qur'an arises from an interest in a pressing contemporary issue the relationship between Muslims and non Muslims the Ummah and the Other. This text explores how the Qur'an comments on this relationship as it changed in the course of Muhammad's ministry. Particular attention is paid to the portrayal in the Meccan punishment narratives of a fascinating and complex triangular relationship between God the powerless and persecuted believing community with Muhammad at its centre and the unbelieving Meccans who rejected Muhammad's preaching. The text raising questions about the possible contemporary relevance of this analysis focusing firstly on discussions about the appropriate models for Islamic society today and secondly on dialogue between Christians and Muslims. This book presents a detailed and illuminating analysis of many important Qur'anic themes and passages and offers a coherent and original account of significant developments within the thought of the Qur'an as a whole.

The Qur'an and Late Antiquity Angelika Neuwirth,2019-02-19 In this book Angelika Neuwirth provides a new approach to understanding the founding text of Islam. Typical exegesis of the Qur'an treats the text teleologically as a fait accompli finished text or as a

replica or summary of the Bible in Arabic Instead Neuwirth approaches the Qur'an as the product of a specific community in the Late Antique Arabian peninsula one which was exposed to the wider worlds of the Byzantine and Sasanian empires and to the rich intellectual traditions of rabbinic Judaism early Christianity and Gnosticism A central goal of the book is to eliminate the notion of the Qur'an as being a historical She argues that it is in fact highly aware of its place in late antiquity and is capable of yielding valuable historical information By emphasizing the liturgical function of the Qur'an Neuwirth allows readers to see the text as an evolving oral tradition within the community before it became collected and codified as a book This analysis sheds much needed light on the development of the Qur'an's historical theological and political outlook The book's final chapters analyze the relationship of the Qur'an to the Bible to Arabic poetic traditions and more generally to late antique culture and rhetorical forms By providing a new introduction to the Qur'an one that uniquely challenges current ideas about its emergence and development The Qur'an and Late Antiquity bridges the gap between Eastern and Western approaches to this sacred text

New Perspectives on the Qur'an Gabriel Reynolds, 2012-03-29 This book continues the work of *The Qur'an in its Historical Context* in which an international group of scholars address an expanded range of topics on the Qur'an and its origins looking beyond medieval Islamic traditions to present the Qur'an's own conversation with the religions and literatures of its day Particular attention is paid to recent debates and controversies in the field and to uncovering the Qur'an's relationship with Judaism and Christianity After a foreword by Abdolkarim Soroush chapters by renowned experts cover method in Qur'anic Studies analysis of material evidence including inscriptions and ancient manuscripts for what they show of the Qur'an's origins the language of the Qur'an and proposed ways to emend our reading of the Qur'an how our knowledge of the religious groups at the time of the Qur'an's emergence might contribute to a better understanding of the text the Qur'an's conversation with Biblical literature and traditions that challenge the standard understanding of the holy book This debate of recent controversial proposals for new interpretations of the Qur'an will shed new light on the Qur'anic passages that have been shrouded in mystery and debate As such it will be a valuable reference for scholars of Islam the Qur'an Christian Muslim relations and the Middle East

A Stranger is Calling Anton Wessels, 2017-02-09 Abraham the father of all believers plays host to three strangers one of whom is God and thus sets an example for others to follow Jews Christians and Muslims often treat each other as strangers Their Holy Books are not the cause of their conflicts and enmity but rather show the way to solve them They tell a common story of the lifelong journey of the human being to the promised city the promised land and the promised world where justice and righteousness reign

Between Jerusalem and Mecca Uri Rubin (z"l), 2023-10-04 This book sheds new light on Jerusalem's status in early Islam The sanctity of the city is already discerned in the Qur'an The vision of redemption that the Qur'an displays coincides with the messianic expectations that have swept throughout the entire region especially among the Jews due to the attempted renewal of Jewish liturgy in Jerusalem following the Persian victory over Byzantium in 614 On the other hand the Qur'an also portrays the holiness of Mecca and the Ka'ba This book shows how it promotes their pre-Islamic holiness around the image of Abraham and Ishmael The changing balance between the sanctity of Jerusalem and the sanctity of Mecca in favor of the latter is noticeable in the Qur'an as one proceeds from the Meccan suras to the Medinan ones The change occurs against the background of the twist in relations between Muhammad and the Jews This book also points out the correlation between Muhammad's situation in Medina and events in Palestine involving the victory of the Byzantines over the Persians in 628 as alluded to in the opening passage of Surat al-Rum 30 This work illuminates the growing sanctity of Jerusalem following the arrival of the first Muslims to Palestine As in the Qur'an Mecca continued to

struggle to preserve its status as a holy city vis vis that of Jerusalem Key aspects of this struggle are reflected in traditions in which patterns of sanctity move from Jerusalem to Mecca and which this book also scrutinizes *Medieval Jerusalem* Jacob Lassner,2017-04-27 *Medieval Jerusalem* examines an old question that has recently surfaced and given rise to spirited discussion among Islamic historians and archeologists what role did a city revered for its holiness play in the unfolding politics of the early Islamic period Was there an historic moment when the city holy to Jews Christians and Muslims may have been considered as the administrative center of a vast Islamic world as some scholars on early Islam have recently claimed *Medieval Jerusalem* also emphasizes the city s evolution as a revered Islamic religious site comparable to the holy cities Mecca and Medina Examining Muslim historiography and religious lore in light of Jewish traditions about the city Jacob Lassner points out how these reworked Jewish traditions and the imposing monumental Islamic architecture of the city were meant to demonstrate that Islam had superseded Judaism and Christianity as the religion for all monotheists He interrogates the literary sources of medieval Islamic historiography and their modern interpreters as if they were witnesses in a court of law and applies the same method for the arguments about the monuments of the city s material culture including the great archaeological discoveries along the south wall of the ancient Temple Mount This book will be of interest to a broad range of readers given the significance of the city in the current politics of the Near East It will in part serve as a corrective to narratives of Jerusalem s past that are currently popular for scholarly and political reasons Approaches to the Qur'an G. R. Hawting,2005-08-10 In recent years the study of the Qur an and its interpretation has expanded to incorporate insights gained from historical biblical literary and critical studies A variety of approaches to the Qur an and the Muslim exegetical tradition are currently available *Approaches to the Qur an* consists of thirteen essays by leading scholars both Muslim and non Muslim in the fields of qur anic studies and Islamic studies Taken together they offer a sample of the aims methods and topics of enquiry now being pursued Each study has a full critical apparatus and the book includes a consolidated bibliography which will be of great value to students and specialists **A Basic Bibliography for the Study of the Semitic Languages** J.H. Hospers,2023-11-27 Qur'an Nicolai Sinai,2018-09-30 Overturns orthodox thinking about morality in Shakespeare s plays by updating our understanding of the human mind **Islam and its Past** Carol Bakhos,Michael Cook,2017-06-02 *Islam and its Past* J hiliyya Late Antiquity and the Qur an brings together scholars from various disciplines and fields to consider Islamic revelation with particular focus on the Qur an The collection provides a wide ranging survey of the development and current state of Qur anic studies in the Western academy It shows how interest in the field has recently grown how the ways in which it is cultivated have changed how it has ramified and how difficult it now is for any one scholar to keep abreast of it Chapters explore the milieu in which the Meccan component of the Qur an made its appearance The general question is what we can say about that milieu by combining a careful reading of the relevant parts of the Qur an with what we know about the religious trends of Late Antiquity in Arabia and elsewhere More specifically the

issue is what we can learn in this way about the manner in which the polytheists of the Qur'an related to the Jewish and Christian traditions were they Godfearers in the sense familiar from the study of ancient Judaism It looks at the Qur'an as a text of Late Antiquity not just considering those features of it that could be seen as normal in that context but also identifying what is innovative about it against the Late Antique background Here the focus is on the believers rather than the polytheists The volume also engages in different ways with notions of monotheism in pre-Islamic Arabia This collection provides a broad survey of what has been happening in the field and concrete illustrations of some of the more innovative lines of research that have recently been pursued

The Formation of Islamic Law Wael B. Hallaq, 2016-12-05 The fourteen studies included in this volume have been chosen to serve several purposes simultaneously At a basic level they aim to provide a general if not wholly systematic coverage of the emergence and evolution of law during the first three and a half centuries of Islam On another level they reflect the different and at times widely divergent scholarly approaches to this subject matter These two levels combined will offer a useful account of the rise of Islamic law not only for students in this field but also for Islamicists who are not specialists in matters of law comparative legal historians and others At the same time however and as the Introduction to the work argues this collection of distinguished contributions illustrates both the achievements and the shortcomings of paradigmatic scholarship on the formative period of Islamic law
