La propiedad en proindiviso y otras cotitularidades Ángel Acedo Penco,2023-12-28 El libro bajo el título La propiedad en proindiviso y otras cotitularidades Extinción y división La actio communi dividundo contiene desde la perspectiva del Derecho civil un estudio del régimen jurídico de la titularidad conjunta de los diferentes derechos subjetivos reales y personales partiendo de la base de la insuficiente regulación legal vigente no solo respecto de nuevas realidades derivadas de los tiempos actuales como las nuevas formas de familia o las tecnologías más recientes sino también destacando que el Código civil español ya desde su promulgación sigue regulando con mejorable técnica y grandes carencias viejas instituciones plenamente vigentes como la comunidad ordinaria la extinción de cualquier cotitularidad o la división y partición de la cosa común ya sea un bien o un derecho siendo la jurisprudencia y la doctrina con criterios a veces dispares las encargadas de suplir tales carencias Se aborda por ser inexcusable y con carácter previo la propiedad y la copropiedad o condominio paradigma de todos ellos pasando luego por las comunidades más usuales centrándose en mayor medida en dos de las que gozan de mayor proyección práctica en España como la comunidad de bienes y la comunidad de gananciales y algunas especiales como la comunidad postganancial y la comunidad hereditaria viendo también las de pastos y leñas montes vecinales en mano común o la medianería Por afectar decisivamente a la titularidad conjunta de los llamados seres sintientes también se trata la Ley 17/2021 de 15 de diciembre de modificación del Código Civil la Ley Hipotecaria y la Ley de

Enjuiciamiento Civil sobre el régimen jurídico de los animales Tras ello el libro se adentra en el régimen legislativamente oscuro de la extinción de las cotitularidades y comunidades así como la división y reparto de lo que fue común ya por vía de pacto entre los cotitulares por un tercero arbitro o no o bien acudiendo las veces a los tribunales de justicia analizando aquí las cuestiones netamente civiles esto es de carácter material de la *actio communi dividundo* Finalmente junto al fructo fero apoyo doctrinal la obra se nutre en las notas al pie de numerosas referencias jurisprudenciales tanto a ejas como muy recientes todas de oportuna aplicación que sirven de guía práctica y til para todo aquel que se adentre en esta materia tan presente en la sociedad actual de las diversas titularidades compartidas por varios sujetos sobre un mismo objeto los condominios y las comunidades su extinción y la división entre sus partícipes

La compensación del trabajo doméstico en el régimen de separación de bienes Adrián Arrébola Blanco, 2020-01-01 La compensación del trabajo doméstico ha suscitado múltiples interrogantes desde su inclusión en el artículo 1438 del Código civil Nuestros jueces y tribunales la interpretaron unas veces como un derecho de participación en las ganancias que intervienen en el régimen de separación de bienes por razón del trabajo invertido por cualquiera de los cónyuges en el hogar otras como un sistema tendente a la restitución del enriquecimiento y empobrecimiento correlativa e injustificadamente producidos entre otros mientras que otras veces vieron en ella una herramienta de resarcimiento por los daños y perjuicios que experimentaron en su desarrollo profesional o académico como consecuencia de su dedicación a los menesteres domésticos Esta situación repercutió negativamente en la seguridad jurídica de los ciudadanos que esperaron más de treinta años la llegada de la unificación de doctrina a fin de obtener mayor certeza en el ejercicio de este derecho Sin embargo aunque otros recuperaron la certidumbre de que les había privado la acción del legislador a la hora de configurar la compensación del trabajo doméstico el resultado de la unificación de doctrina no será capaz de superar definitivamente los obstáculos y desafíos a los que de esta forma se enfrentaba el Tribunal Supremo La obra parte precisamente de esta insuficiencia con el propósito de sugerir una reinterpretación coherente con la realidad social contemporánea muy distinta a aquella para la que fue inicialmente concebida la compensación del trabajo doméstico como resultado de la ley de 13 de mayo de 1981 El autor Adrián Arrébola Blanco Investigador Posdoctoral del Departamento de Derecho civil de la Universidad Complutense de Madrid ofrece en esta monografía un estudio que permitirá al lector conocer los antecedentes de la compensación del trabajo doméstico mediante un ligero recorrido por la tradición jurídica española y extranjera y sobre todo el estado en que se encuentra actualmente este derecho en la jurisprudencia a través de un examen de las numerosas resoluciones que durante los últimos cuarenta años han venido dictando nuestros órganos jurisdiccionales Ello sirve de antesala a la propuesta del autor con apoyo en la restitución del enriquecimiento injustificado y cuyo régimen jurídico desarrolla a continuación conforme a las conclusiones alcanzadas ofreciendo así un estudio de la compensación del trabajo doméstico

Revista de derecho privado, 1924 Nociones de derecho usual español Fermín Canella y Secades, 1894 *Derecho privado romano* Paul Jors, 2023-12-12 Contra lo que en un principio me había propuesto

al emprender el trabajo de refundición de la obra de Paul J. los resultados ha sido un libro que solo en las líneas generales del sistema y en la extensión del contenido concuerda con la primera edición. De esta solo algunos pasajes han quedado inalterados. El empleo de los últimos resultados de la investigación me ha llevado casi en todos los puntos a introducir modificaciones radicales y en aquellos otros que debían conservar el fondo de la primera edición he estimado que debían ser objeto de reforma con el fin de evitar disparidades en la forma de exposición. Pero con todo esto el libro continúa siendo una introducción al estudio del Derecho privado romano si bien trata de mostrar el camino de una penetración más profunda en los problemas de la investigación moderna. Wolfgang Kunkel *Nuestro tiempo*, 1915 *El trienio y sus códigos* Carlos Petit, 2022-12-07. The author participated in several scientific initiatives celebrating the so called Trienio Liberal 1820-1823. At his colleagues' request his previous experience in the study and edition of the draft Civil Code of 1821 led him to write repeatedly about codification. Derecho de sucesiones)** Varios autores, 2021-06-01. En un momento de amplia discusión acerca del lugar que ocupa la materia del Derecho Romano y su recepción en Europa dentro de los planes de estudio de la licenciatura de derecho en la primavera del año 1994 el catedrático e insigne romanista Don Justo García Sánchez tuvo la gran idea junto con el profesor Don Gerardo Turriel de Castro que pondría en marcha un proyecto desde Oviedo que perseguía un doble objetivo: 1. servir para una reunión anual de los romanistas iberoamericanos con convocatorias indistintas en la Península y en el continente Americano; 2. reunir diferentes estudios que enriquecieran los conocimientos relativos a la recepción del Derecho Romano. Fruto de este proyecto fue la constitución en Oviedo el día 22 de abril de 1994 de la Asociación Iberoamericana de Derecho Romano cuyos fines son: a. El estudio y difusión del Derecho Romano tanto en su sentido estricto como en el ámbito de la tradición jurídica romanística y su proyección en la legislación europea e iberoamericana; b. La realización de todas las actividades conducentes al cumplimiento de dicho fin; c. El mantenimiento de relaciones científicas a través de congresos, seminarios, cursos y publicaciones; d. Cualquier otro tendiente al cumplimiento de los fines de la asociación y una particular colaboración con entidades jurídicas de España e Iberoamérica. Estos once tomos que ahora se presentan son un recopilatorio de las valiosas actas de la Asociación fruto de la labor desarrollada en las reuniones mantenidas en los últimos años por expertos en la materia.
