Groundwater Lowering in Construction

Pat Cashman, Martin Preene, 2020-08-10

Praise for the Second Edition This is the book that the dewatering sector really needs it is reliably based on sound theory and profound understanding of the physical processes yet is presented in a very accessible and user friendly manner It draws on many many decades of experience and yet is utterly up to date It is a one stop shop for the dewatering practitioner who can nonetheless rest assured that the theoretical basis of the methods presented is flawless

Refugee Mental Health Stephan Zipfel, Monique C. Pfaltz, Ulrich Schnyder, 2019-06-18 The focus of this Research Topic is on research that aims to understand the relationships between pre migration stressors and potentially traumatic experiences post migration living difficulties and mental health in refugees of both sexes throughout the lifespan We know very little about how concepts of assessing and treating mental health conditions actually work when applied to traumatized refugee populations from different cultures e g the Yazidis people from northern Iraq Moreover there is also a great need to better understand the relationship between mental health and refugees integration in their host countries societies acquiring language skills fitness for work economic independence private life etc This Research Topic will also focus on the issue of culture the extent to which concepts of mental health care can translate and be implemented in different social economic and cultural settings around the world *The Standard* ,1924
