

FR-820

OPERATION MANUAL
FRANCAISE, THE GERMAN

FR-820

1. General Description

The FR-820 is a scientific calculator with a liquid crystal display (LCD) showing 10 digits. It features a variety of functions including addition, subtraction, multiplication, division, and more. The calculator is designed for ease of use and accuracy in calculations.

The calculator is powered by a single battery. It has a compact design and is suitable for use in schools, offices, and homes. The LCD display is clear and easy to read, and the buttons are well-spaced for comfortable use.

2. Read the Instructions

Before using the calculator, please read the instructions carefully. This will help you understand the various functions and how to use them correctly. The instructions are provided in both French and German.

3. Basic Mode Selection

The calculator has several modes for different types of calculations. To select a mode, press the appropriate button. For example, to enter the basic mode, press the 'MODE' button.

4. Operating the Power Switch

The calculator has a power switch located on the back. To turn the calculator on, slide the switch to the 'ON' position. To turn it off, slide it to the 'OFF' position.

The calculator will automatically turn off after a period of inactivity to save battery life.

5. Functions and Operations

The calculator performs a wide range of mathematical operations. It includes basic arithmetic functions like addition, subtraction, multiplication, and division. It also has more advanced functions such as percentages, square roots, and trigonometric functions.

The calculator also features a memory function to store and recall numbers. This is useful for complex calculations where you need to keep track of multiple values.

6. Display and Indicators

The LCD display shows the results of your calculations. It also includes indicators for error messages, such as 'E' for error or '1' for overflow. These indicators help you identify and correct mistakes.

7. Battery Replacement

When the battery is low, the calculator will display a low battery indicator. To replace the battery, open the battery compartment on the back and insert a new battery of the correct type.

8. Maintenance and Care

To keep your calculator in good condition, clean it regularly with a soft cloth. Avoid using harsh chemicals or liquids. Store the calculator in a dry, cool place when not in use.

9. Troubleshooting the LCD Display

If the LCD display is not working, check the battery level and ensure the display is not covered by a piece of tape or a sticker. If the problem persists, contact your dealer or the manufacturer.
