

Castration Castration

Jill B. Becker

Castration Castration:

A Brief History Of Castration Victor T. Cheney, 2006-03-06 Victor T Cheney has just published a BRIEF HISTORY OF CASTRATION 2nd EDITION This book contains a five page index plus a two page glossary with numerous footnotes to aid the curious history buff and serious researcher Readers unfamiliar with this subject which is most of us will be surprised to learn how important this operation was to many cultures of the world in times past and to a lesser extent even today In Italy thousands of young boys were castrated to prepare their voices for the opera In Arab lands slaves both black and white were castrated in order to become harem guards Chinese emperors found castrated males to be extremely reliable for treasurers and other governmental posts In the past their operation was very dangerous and many died from infections But it also had its beneficial side effects The average castrated male lives 15 years longer than normal men This is because harmful hormones and other impediments were removed from the man's system For instance one cannot get testicular cancer if he has no testicles Many ancient religions as well as the early Christians used their religious duties unhampered by impure thoughts and immoral deeds Though Christians gradually abandoned this practice some breakaway groups continued to castrate young men in Russia and elsewhere even in this 20th century The author believes that castration can still play an important role in modern society He shows that it can be used to prevent serious crimes diseases and the loss of vital spiritual and moral values

Sex and Society Marshall Cavendish Corporation, 2010-09 Moving beyond a partial view of only biology and psychology this work also examines the wide sociological dimensions of sex

Anger, Madness, and the Daimonic Stephen A. Diamond, 1996-01-01 Explores the links between anger rage violence evil and creativity and describes a dynamic therapeutic approach that can help channel anger and violent impulses into constructive and creative activity

Black's Veterinary Dictionary Edward Boden, 1998-01-01 This encyclopaedic dictionary offers practical help and reference material to all veterinary surgeons and nurses students and journalists Entries define and describe bacteria viruses carriers and diseases they offer causes diagnoses signs and treatment including first aid pointing out the variations in the nature of a disease when it occurs in different animals and taking account of international scientific research observations and findings The dictionary has been extensively revised and many entries have been rewritten since the 18th edition to reflect the numerous changes in legislation and in veterinary practice advances in medicine and treatment and patterns in animal husbandry and pet ownership

Preaching Bondage Chris L. de Wet, 2015-07-21 Preaching Bondage introduces and investigates the novel concept of doulology the discourse of slavery in the homilies of John Chrysostom the late fourth century priest and bishop Chris L de Wet examines the dynamics of enslavement in Chrysostom's theology virtue ethics and biblical interpretation and shows that human bondage as a metaphorical and theological construct had a profound effect on the lives of institutional slaves The highly corporeal and gendered discourse associated with slavery was necessarily central in Chrysostom's discussions of the household property education discipline and sexuality De Wet explores the impact of

doulology in these contexts and disseminates the results in a new and highly anticipated language bringing to light the more pervasive fissures between ancient Roman slaveholding and early Christianity The corpus of Chrysostom s public addresses provides much of the literary evidence for slavery in the fourth century and De Wet s convincing analysis is a groundbreaking contribution to studies of the social world in late antiquity **Andrology** Eberhard Nieschlag,Hermann M. Behre,Susan Nieschlag,2010-01-13 The decade that has passed since publication of the second edition of this textbook has not only witnessed a tremendous increase in knowledge within the eld of and logy but also seen the eld itself achieve a newfound status within the medical p fession Knowledge and status have been of mutual bene t to the eld and the growing critical mass of diagnostic and therapeutic possibilities have caused andrology to be recognized as a medical subspecialty in some countries such as Germany Poland and Estonia The European Academy of Andrology EAA served as a pacemaker for this development and continues to strive for establishment of andrology as a clinical eld Well designed curricula and qualifying examinations have contributed to the of cial recognition of andrology as a speciality This recognition of the eld helps patients with andrological problems to nd the specialist they seek This textbook summarizes the current state of knowledge in the eld of andrology It is a source of knowledge to all those who are or want to become andrologists In addition as andrology is clearly an interdisciplinary eld this book may serve as a compendium and source of reference for all those physicians and biologists active in neighboring areas who want to obtain an overview of andrology and who require information on special problems The extensive references are timely and up to date *Sex Offenders* Fabian M. Saleh M.D.,Albert J. Grudzinskas,John M. Bradford M.D.,Daniel J. Brodsky LL.B.,2009-02-11 This comprehensive reference by nationally recognized experts provides an interdisciplinary overview of existing knowledge about sex offenders It provides in depth coverage of the problem of identification risk assessment and management treatment and legal solutions It seeks to ensure public safety while at the same time maintaining medical integrity and respect for due process The book is intended for psychiatrists clinical psychologists and researchers who work with sex offenders as well as attorneys members of the judiciary and policymakers Normal and Abnormal Scrotum Mohamed A. Baky Fahmy,2021-11-30 This book is an academic and practical guide to the diagnostic methods and management strategies for both common and rare scrotal diseases Chapters focus on the normal anthropometric measures of the scrotum as a unique organ and the latest relevant advancements in the field Techniques including scrotal reconstruction for congenital abnormalities trauma and cancer related extirpation are all covered Critical tools and methods related to aesthetics are also detailed Emphasis is also placed on identifying common pitfalls and how to avoid them ensuring that the reader is fully equipped to deal with a range of scenarios Normal and Abnormal Scrotum describes how to approach diagnosing and managing the entire range of scrotal diseases making it essential for all general practitioners pediatricians urologists and pediatric and aesthetic surgeons who encounter these patients in their day to day practice Small Animal Soft Tissue Surgery D. Yool,2012 Small Animal Soft

Tissue Surgery provides an introduction to the fundamentals of small animal soft tissue surgery covering the core principles that underpin all surgery and key areas of general soft tissue surgery undertaken in general small animal practice Emphasis is placed on current veterinary practice the application of basic principles and the importance of patient assessment and appropriate decision making With a practical focus the book provides a clear well illustrated description of a readily applicable technique for each of the potential problems that face new graduates withi

Žižek Responds! Dominik Finkelde,Todd McGowan,2023-02-23 Responses to the Slovenian philosopher Slavoj i ek have been like i ek himself extreme Critics have accused him of charlatanism on the one hand while others have lauded his genius especially as a public intellectual on the other This makes it difficult to find any kind of nuanced or interesting critical appraisal of his work At its best i ek s work provides a new foundation of dialectical philosophy beyond the glitz of stardom or oversimplified sinister disdain i ek Responds combines philosophers and theorists engaging with i ek s philosophy in order to explore its unnoticed implications its conceptual problems or its unrealized potential With detailed and lively responses from i ek himself this book offers an unique insight into how this thinker might explain clarify and hone some of his most controversial and misunderstood ideas At once an introduction to i ek s most important concepts and a rare and novel insight into his thoughts on the criticisms of his work this is indispensable reading for both i ekians and their critics

American Journal of Veterinary Medicine ,1913 **Oedipus** Juan-David Nasio,2010-10-01 First English translation of Nasio s groundbreaking work on the Oedipus complex **Men & Masculinities** Michael S. Kimmel,Amy B. Aronson,2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men s lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source Men Masculinities a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States

Fat Boys Sander L. Gilman,2004-01-01 He is the epitome of health or a walking time bomb He is oversexed or sexless He is jolly or hiding the tears of a clown He is the picture of wealth and plenty or the bloated malnourished emblem of poverty He is the fat man a cultural icon a social enigma a pressing medical issue and he is the subject of this remarkably rich book The figures that Sander L Gilman considers from the ugly fat man with the beautiful sylph trapped inside to the smart fat boy to the aging body desirous of rejuvenation appear and reappear in

different guises throughout Western culture And as is often true of marginal cases they serve to define the shifting center of our dreams and beliefs A tentative exploration in the world of male body fantasies Gilman s book asks how the representation of the fat man alters with time and alters how men relate to their own bodies and the bodies of others both men and women His examples ranging from Santa Claus to Sancho Panza from Falstaff to Babe Ruth from Nero Wolfe to Al Roker illustrate the complexity perennially associated with fat men From discourses about normality to the playing fields of baseball from Greek male beauty to the fat detective Gilman s book examines and illuminates how cultures have imagined and portrayed the fat boy Equine Reproduction Angus O. McKinnon,Edward L. Squires,Wendy E. Vaala,Dickson D. Varner,2011-07-05

Now in a much anticipated two volume new edition this gold standard reference stands as the most comprehensive and authoritative text on equine reproduction Serving theriogenologists practitioners and breeders worldwide as a one stop resource for the reproductive assessment and management of equine patients Equine Reproduction Second Edition provides detailed information on examination techniques breeding procedures pregnancy diagnosis and management reproductive tract diseases and surgery and foaling A companion website offers hundreds of images from the book in color For the Second Edition the stallion mare and foal sections have been thoroughly updated and revised to include the latest information on every subject New topics include discussion of nutritional and behavioral factors in the broodmare and stallion parentage testing fetal sexing and the health and management of older foals weanlings and yearlings Additionally this outstanding Second Edition features a new section on assisted reproductive techniques including detailed information on artificial insemination in vitro fertilization embryo transfer and technology **The Little Giant Encyclopedia of Dream Symbols**

Klausbernd Vollmar,1997 Over 2 000 objects and images you may encounter in your dreams get expert explanations in this huge unique up to date reference The 2 000 entries cover the full range of dream images from an evening gown symbolizing culture beauty enjoyment and passion to leaving on a trip escape from stress overwork conflict from an eagle power freedom immortality spirit to amputation losing something valuable feeling that one s needs are ignored And learn to look at your dreams from different angles how they might be helping you make decisions or try new adventures Scan the entries that remind you of dreams you ve had in the past and look up dreams whose meaning might seem obvious to get other possible interpretations 512 pages all in 2 color 4 3 16 x 5 1 4 *Behavioral Endocrinology* Jill B. Becker,2002 The second edition of a popular introduction to the field of behavioral endocrinology **Current Therapy in Avian Medicine and Surgery** Brian Speer,2015-12-04 A current and cutting edge reference Current Therapy in Avian Medicine and Surgery takes the popular Current Therapy approach in providing succinct and clear information pertinent to the medical care of avian species Most chapters include an up to date delivery of the current state of knowledge on their subject material and provide practical approaches and thought processes applicable to diagnosis and therapy where appropriate Information is always easy to find with topics including the latest advances in internal medicine behavioral medicine anesthesia analgesia and surgery Sections

dedicated to welfare conservation and practice risk management explore important but less commonly discussed aspects of avian practice and the pattern recognition portion of the text offers readers a view of what companion bird conditions are likely to be seen in practice in different parts of the world Written by a team of highly regarded contributors from around the world this text helps readers regardless of location and current knowledge develop and augment skills in the medical and surgical care of avian species The Current Therapy format provides current up to date succinct and clear information pertinent to the medical and surgical care of avian species Coverage of clinically significant topics includes current veterinary scientific literature and hot topics relating to today s avian medicine and surgery Coverage of a wide variety of bird species includes psittacines pigeons raptors ratites waterfowl gallinaceous birds and less common species More than 800 full color images show avian disease management strategies and thought processes and aid in formulating guidelines to care World renowned expert contributors provide cutting edge information offering authoritative accurate and sometimes controversial opinions in many areas of study Summary tables simplify the lookup of key facts and treatment guidelines References in each chapter facilitate further reading and research on specific topics
