Case Open The Unanswered Jfk Assassination Questions:

Case Open Harold Weisberg, 1994 No one knows more about the assassination of President Kennedy than Harold Weisberg so said the FBI in open court Harold Weisberg a former OSS and Senate Investigator wrote and published *Whitewash* in 1965 the first book criticizing the conclusion of the Warren Commission Since then he has written and published seven books on President Kennedy's assassination *Case Open* is a book Mr Weisberg felt compelled to write He felt a need and determination to set the record straight In proving that Gerald Posner in *Case Closed* has proven nothing Mr Weisberg has proven that President Kennedy was killed by a conspiracy In analyzing *Case Closed* he demonstrates that Gerald Posner has distorted evidence suppressed evidence omitted evidence developed no new evidence omitted sources misappropriated the research of others and misled the reader into believing that he had sponsored new scientific computer enhancements At best Gerald Posner has provided a case for the prosecution Now it is time to present the case for *Case Open* Let the American public decide who has presented the stronger case Gerald Posner or Harold Weisberg *The JFK Assassination Debates* Michael L. Kurtz, 2006 William L Kurtz delivers a comprehensive thought provoking book about the various theories surrounding the JFK assassination favoring the conspiracy theory himself [JFK - The Conspiracy and Truth Behind the Assassination](#) John Hughes-Wilson, 2023-10-26 The killing of US President John F Kennedy in Dallas Texas in November 1963 sent a shockwave around the world The charismatic young Democrat was seen as a beacon of hope in the West but his liberal reforming policies had made him many powerful enemies at home For sixty years numerous theories have swirled around this key event in American and world history Yet whatever the conclusions of the official Warren Report that the President had been assassinated by a lone gunman Lee Harvey Oswald many people doubt that to be true Indeed President Nixon later admitted on tape that the report was a hoax committed on the American people John Hughes Wilson a former colonel in British Intelligence has sifted through the millions of words and thousands of pieces of evidence to put together an intelligence assessment of what really happened that dreadful high noon in Dallas in 1963 John Hughes Wilson highlights the facts behind why Marilyn Monroe had to be silenced LBJ's corrupt secrets the Kennedys' secret Cuban coup plans how the Mafia manipulated politicians and the CIA and how the assassination was covered up Reading this astounding book no one can be in any doubt that JFK's death was not at the hands of a lone deranged gunman but a deadly plot to remove a President who threatened vested interests at home and abroad [Honest Answers about the Murder of President John F. Kennedy](#) Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is

time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject The Assassination of JFK Robert A. Wagner,2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission s conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy s successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy s body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fi t together however as Bob s painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter s infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fi red the only shots in Dealy Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment **See No Evil** Jim DeBrosse,2018-03-29 After more than fifty years of new evidence and new theories the Warren Commission s claim that Lee Harvey Oswald acted alone and without clear motive in assassinating John F Kennedy has become a wheezing jalopy running on missing and broken parts and fueled with lies And yet the U S media continue to support its findings as the only factual explanation for the murder of JFK Why does the media marginalize and even ridicule more plausible conspiracy theories when the majority of American people long ago wrote off the Warren Report as a cover up See No Evil analyzes the built in biases of the U S corporate media exposes its complicity in the whitewashing and advocates for the broadest possible investigation into the key players who may have been responsible for the Crime of the Twentieth Century including the CIA Organized Crime and Israel This book is meant for readers who seek the truth no matter where it leads **Shadow Pasts** William D. Rubinstein,2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of historys mysteries who was Jack the Ripper Was there a conspiracy to kill President

Kennedy Did Richard III murder the Princes in the Tower What are the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In *Shadow Pasts* William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened *LBJ and the Kennedy Killing* James Tague, 2013-10-01 The author James Tague was an eyewitness to the assassination of President Kennedy his Warren Commission testimony changed history and he is now recognized as a top researcher on the murder of JFK This book takes the reader from that day in 1963 through the events of 50 years of discovery to document that Lyndon Johnson and his cronies were behind the assassination of President Kennedy 101 stories in 101 chapters that will answer most of the lingering questions that the reader has had *The Presidency of John F. Kennedy* James N. Giglio, 2006 The presidency of John F Kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of Camelot's fallen king Now readers can gain a new appreciation of JFK in this thoroughly revised and updated edition of James Giglio's bestselling study widely acclaimed as the best and most balanced book on JFK's White House years Giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and White House medical records that contradict the image of Kennedy's youth and vigor He stresses the extent to which domestic and foreign policies were interconnected at a time when the Cold War dominated national life and reveals his new appreciation for JFK's prudence in his handling of such enormous challenges as the Cuban missile crisis and the emerging war in Vietnam Giglio shows Kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents He reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from Marilyn Monroe and socialite Florence Pritchett to low level White House employees and even virtual strangers Surveying this field of conquest Giglio suggests that JFK's sexual obsession could easily have affected his presidency even more during a second term His work also amplifies coverage of key issues like civil rights the Cuban missile crisis and Vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed Like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on Kennedy's watch Featuring an expanded bibliographical

essay and twenty two photos from the JFK library The Presidency of John F Kennedy remains the definitive appraisal of Camelot s kingdom *The Kennedy Family* S. J. Fuller, 2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wanabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching

Liberty Means Freedom for All Steven H. Propp, 2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved *Black Swan Moments* Joseph Jackson, 2021-06-21

Black Swan Moments is the story of the Kennedy assassination and the man who would have solved it Nuclear physicist Frank Jackson had a top secret security clearance He knew there had been a conspiracy and he was going to name names but on December 13 1963 he died under mysterious circumstances at the age of forty nine His death paved the way for the magic bullet theory This book explains the real reason that Chaim Richman and the Paines were introduced to Lee Harvey Oswald It also reveals what really happened in Dealey Plaza and it names the men who shot Kennedy It features new information that explains how the assassination was financed It was written to explain what happened to Frank Jackson and the measures taken to silence the author It also includes shocking information about the events that led to the controversial removal of Frank Jackson as director of the Center for Naval Analyses in 1962 In 1963 many people in the government were aware of Frank Jackson Among them were

Richard Bissell Fred Korth Bobby Kennedy John McCone John Connally and John McCloy The intelligence community couldn't stop this book from being published because it includes rare photos rare documents and unimpeachable information from well placed sources Highly detailed it answers questions that most people would be afraid to ask about the death of our thirty fifth president

UFOs, JFK, and Elvis Richard Belzer, 2009-09-09 The distinguished statesman of stand up comedy tackles some of the biggest conspiracies and cover ups this side of Roswell A must read You gotta love the Belz His sharp sense of humor doesn't allow him to miss an opportunity for laughs Playboy I'm not asking you to believe every single conspiracy theory you find in this book I didn't write this book to give you all the answers I wrote this book to inspire you to do what the powers that be wish you wouldn't question authority and to keep an eye out for Elvis Just what is it that they don't want you to know about the assassination of John F Kennedy Area 51 and what the American astronauts really found on the moon The unexplained crash at Roswell and the mysterious face on Mars The link between the Nazis and the U S space program Evidence of extraterrestrial experimentation Finally one lone nut exposes the conspiracy to keep conspiracies a dirty little secret standing up to the shadowy forces that would have us believe that Oswald acted alone those lights in the sky are weather balloons and fluoridated water is good for you yeah right Some of the smartest people I know find it easier and certainly more comforting to believe that America is the only country on earth with no conspiracies at all Just remember do not ask on whom The Belz has told he's told on them

Kennedy* Harrison E. Livingstone,2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he

and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film
