Dylan, 2025-03-28 Structured and informed by social justice orientations this essential volume explores how trauma informed care can be integrated in all aspects of social work education This handbook incorporates a critical and ecologically focused lens with an emphasis on resilience healing and strengths based approaches With contributions from over 60 experts in the field of social work education psychology and counselling this comprehensive book provides current understandings of how

trauma manifests in the lived experience of social work students The book begins by introducing why trauma informed care is needed in social work and addresses the reality of historical trauma Each chapter views the social work student at the center of the educational journey and considers how trauma can shape experiences in various settings such as the classroom curriculum field educational policy and community involvement and support services Chapters cover topics such as the neuroscience of trauma poverty disability racism experiential approaches online course delivery climate change mindfulness student mental wellbeing and more This handbook is a must read for social work educators and field instructors who seek to prevent and lessen trauma in their social work pedagogy It is also beneficial for undergraduate and graduate courses such as child and youth care addiction services and foundations of social work

The Routledge Handbook of Green Social

Work Lena Dominelli, 2018-03-28 Green social work espouses a holistic approach to all peoples and other living things plants and animals and the physical ecosystem emphasises the relational nature of all its constituent parts and redefines the duty to care for and about others as one that includes the duty to care for and about planet earth By acknowledging the interdependency of all living things it allows for the inclusion of all systems and institutions in its remit including both human made and natural disasters arising from the human made ones of poverty to chemical pollution of the earth's land waters and soils and climate change to the natural hazards like earthquakes and volcanoes which turn to disasters through human action Green social work's value system is also one that favours equality social inclusion the equitable distribution of resources and a rights based approach to meeting people's needs to live in an ethical and sustainable manner Responding to these issues is one of the biggest challenges facing social workers in the twenty first century which this Handbook is intended to address Through providing the theories practices policies knowledge and skills required to act responsibly in responding to the diverse disasters that threaten to endanger all living things and planet earth itself this green social work handbook will be required reading for all social work students academics and professionals as well as those working in the fields of community development and disaster management

Journal of Education for Social Work, 2009 Teaching

Social Work Rick Csiernik, Susan Hillock, 2020-12-07 Social work education has the potential to be transformative consciousness raising and to produce social change while inspiring hope in students for the creation of more just systems An understanding of oppression its diverse manifestations and its differential impact on vulnerable individuals and groups is essential to contemporary social work education What then is the best manner in which to prepare educators for the immensely important complex and multidimensional role as teacher of social work Most social work instructors learn to teach through trial and error bringing their own style experiences and preferences to the endeavour rather than having a formal program of education and instruction on how to best educate and instruct This book addresses the complex and uncertain field of social work education gathering together thirty experienced professors and practitioners who teach in BSW MSW and PhD programs Together the contributors create a framework for social work educators to reflect on how they teach why they

teach in specific ways and what works best for teaching in the discipline of social work **Radical Challenges for Social Work Education** Jane Fenton, 2022-04-19 This book is full of ideas about how social work education can confront the individualising and often blaming form of social work that neoliberalism ushered in four decades ago Radical social work is an approach to social work that has at its heart the departure from solely behavioural moral or psychological understanding of service users problems Social work had originally been concerned with the moral character of people in trouble usually poor people making a clear division between those who were deserving of help and those who were undeserving The rise of science and the psy disciplines then led to psychological explanations for the difficulties people found themselves in Both explanations for social problems moral and psychological with their narrow focus on the individual have been enjoying a renaissance in recent times with the neoliberal self sufficiency narrative moral and the more recent focus on trauma psychological Radical social work challenges those explanations concerned as it is with the circumstances a person might find themselves in poverty poor housing poor education high crime rates and lack of opportunities of all kinds This book is a step towards resurrecting radical social work principles and it urges us to think about how social work education can be reshaped to that end Radical Challenges for Social Work Education is a significant new contribution to social work practice and theory and will be a great resource for academics researchers and advanced students of Politics Education Social Work Sociology Public Policy Development Studies Anthropology and Human Geography The chapters in this book were originally published as a special issue of the journal Social Work Education Teaching in Social Work Jeane W. Anastas, 2010-04-22 Drawing from her extensive classroom and field experience Jeane W Anastas merges the practice wisdom of today s social work educators with contemporary theories on instruction and learning Built around a teacher and student in situation framework Teaching in Social Work examines the effect of social issues professional norms and needs and various educational settings on the interactions among educators students and the subjects they learn The result is a singular volume that focuses specifically on teaching within the field of social work identifying the factors that result in effective educational outcomes Anastas draws on the theories and selected research findings of higher education and social work education literature She illuminates the critical aspects of teaching and learning as an adult the best uses of different modalities of instruction and the issues of diversity that influence all aspects of teaching and learning Her book includes guest authored chapters on field learning and the latest advances in teaching technology It also engages with ethics teaching and learning assessments and faculty work in full time social work education Social Work Education Bibliography , 1983
