

The background of the book cover is an abstract composition of various geometric shapes, including squares, rectangles, and triangles. These shapes are layered and semi-transparent, creating a complex, mosaic-like effect. The primary colors used are a vibrant red and a teal or turquoise. The shapes are arranged in a way that suggests architectural elements or perhaps a stylized landscape. The overall aesthetic is modern and academic.

Case Studies For Teacher Problem Solving:

Case Studies for Teacher Problem Solving Rita Silverman, William Welty, Sally Lyon, 1995-12-01 This book of 37 problem solving case studies in Education can be used either as a core text for instructors who teach by the case study method or as a supplementary text for instructors who want to supplement their instruction at either the undergraduate or graduate level The book's sections correspond to core courses in the teacher education curriculum A problem solving case is a story based on an actual situation but a story without an end a story that leaves the student reader puzzling over what to do Problem solving cases can be short and simple or rich in detail and multi layered in problems but they share the distinction of being based on reality and of ending with a problem or dilemma to solve Their goal is to encourage student generated analysis

Case Study Analysis in the Classroom Renee W. Campoy, 2004-09-13 Case Study Analysis in the Classroom encourages students to consider best practices in teaching and to solve problems concerning students who are gifted underachieving resistant to classroom learning or who have special needs This book is a valuable way to introduce students to the complex world of teaching and learning Arthur T Costigan Queen's College City University of New York Stories of students in need or of teachers who are struggling draw readers into the process of solving classroom problems in a manner that traditional textbook formats are unable to match Presented in an engaging and stimulating manner Case Study Analysis in the Classroom Becoming a Reflective Teacher provides beginning teachers a variety of typical classroom problems to analyze and solve Solving the case study problems helps new teachers develop the knowledge bases they need to solve real problems in their own classrooms More than a book of cases it is an important starting point for students learning about case study research especially the analysis of cases and their potential uses in the classroom In addition readers will also be guided through the process of reflective problem solving developing an educational philosophy and writing their own case studies Author Renee Campoy has written cases that tackle challenging and controversial problems Her approach rests on the foundation that authentic learning and growth are best achieved through ideas that challenge assumptions and preconceived notions about education A matrix of case studies is included that groups the cases by grade level case focus and primary educational topic allowing students and instructors at all levels to customize their use of the book Case study topics include Low academic achievement Learning disabilities Low motivation Misbehaving and disruptive students Reluctant readers High stakes assessment Inappropriate scaffolding Cultural conflict Socioeconomic issues Attention deficit hyperactive disorder Parent conferences Bilingual education To support the problem solving process each case study includes a rubric that provides feedback to the reader about the quality of their solution The rubric is research based and written according to the King and Kitchener model of reflective judgment This approach encourages teachers to apply their classroom experiences knowledge of content and understanding of learning theory during classroom problem solving Case Study Analysis in the Classroom is well suited as a text for courses throughout education curricula including educational

foundations research methods field experience and practicum and instructional strategies courses It will also be an invaluable desk reference for practicing teachers and administrators who need additional guidance on classroom problem solving

Education Rita Silverman, William M. Welty, Sally Lyon, 1993 *Developing Preservice Problem-Solving Skills through Case Studies* Debra Eckerman Pitton, 2010-07-16 With the current emphasis on assessment and data driven instruction pre service teachers rarely get a chance to consider how they will deal with the dilemmas that may surface in their future classrooms The case studies in this book enable novice educators to consider the possibilities for dealing with issues but it also provides a process for them to hone their instructional skills as the book includes information for developing questions and facilitating the case discussions In this book Debra Eckerman Pitton provides a bridge from the theoretical to the practical using case studies to engage pre service teachers in the analysis of situations and the problem solving they will need to do in the classroom

Education, 1994

School Leadership Benjamin Piltch, Terrence Quinn, 2011-01-16 Parents lawmakers supervisors and unions are among the many constituencies that demand influence if not control of the educational process How does the school administrator balance all the needs of the various groups and still remain true to the ultimate though most powerless constituency the students Through case studies and anecdotes based on real life experiences the authors share the ups and downs of the educational world seeking to find the balance that is most effective in ensuring success School Leadership Case Studies Solving School Problems details decision making and actions taken that dramatically affect the success of students and schools as well as school systems This second edition continues and improves on the first edition with a series of new and timely school leadership case studies that require the reader to reflect on the variety of issues that cross the principal s desk every day The reader will find the case studies and anecdotes highly absorbing They are so real fraught with complexity and will require the reader to use a sophisticated decision making process

Multicultural Education Case Studies for Teacher Problem Solving Rita Silverman, William M. Welty, Sally Lyon, 1994

Real School Issues, Laura Trujillo-Jenks, Rebecca Ratliffe Fredrickson, 2017-04-18 Real School Issues Case Studies for Educators shares a series of application based activities that highlight school issues and that are presented in each chapter with a case study a brief literature review and guiding discussion questions to be used with undergraduate and graduate students and current educators Across the globe there are many unforeseen problems throughout our schools such as issues in Curriculum and Instruction Assessment and Testing Classroom Management Student Discipline and Campus Safety Educator Ethical Issues or Parents and Outside Stakeholders This book uses researched based problem solving measures to help graduate and undergraduate students as well as current educators construct and develop potential solutions to these problems The focus of this book is to be used as a tool to assisting learners to use researched based methods to assist them in problem solving real world problems in a theoretical safe environment of the classroom where they can be lead and assisted by their colleagues peers and instructors

Instructor's Manual to Accompany Case Studies

for Teacher Problem Solving Rita Silverman, William M. Welty, Sally Lyon, 1996 *All New Real-life Case Studies for School Administrators* William Hayes, 2007 Case studies are a wonderful way to engage future educators in real life problem solving Unlike most textbooks which give the students information and provide answers for future examinations case studies are open ended and require active thinking and learning forcing future educators to think and act like an actual school administrator All New Real Life Case Studies for School Administrators details topics that are paramount in today s schools and provides educators advice in dealing with the issues The case studies in this book include Pressure caused by the testing requirements of No Child Left Behind Difficulties in meeting federal requirements for handicapped children under the pressure of providing the least restrictive environment The challenge of providing and maintaining effective security plans for school buildings Making sense out of contradictory educational research studies Establishing priorities when considering the importance of electives and extra curricular activities Poor teacher morale as a result of testing pressures Case Studies in Educational Psychology Patricia P. Willems, Alyssa R. Gonzalez-DeHass, 2017-12-06 This case study book serves as a valuable tool for professors and instructors of educational psychology It contains 18 cases that represent current areas of interest in Educational Psychology embedded within current challenges that teachers face in today s elementary grade classrooms The cases are organized into six major parts Human Development Individual Differences and Diversity Learning Theories Motivation Classroom Management Instructional Approaches and Assessment and Evaluation Each case describes a detailed teaching scenario written from either the student or the teachers perspective To engage students in critical thinking perspective taking analysis problem solving and decision making the cases have been intentionally written without a conclusion Because the cases are open ended it allows the professor or instructor more flexibility and autonomy in how they use the cases Each case is followed by thought provoking questions highlighting the significant issues in the case from which to analyze the case and apply various theoretical viewpoints While the cases do not replace actual classroom experience they present a way to immerse students in the classroom s culture by providing them with real life teaching examples
