Research Methods for Generalist Social Work Christine Marlow,2001 This text is intended for both undergraduate and graduate students taking a research methods course for the first time Pref

Social Work Practice Research for the Twenty-First Century Anne E. Fortune,Philip McCallion,Katharine Briar-Lawson,2010-09-21 Social work professionals must demonstrate their effectiveness to legislators and governments not to mention clients and incoming practitioners A thorough evaluation of the activities ethics and outcomes of social work practice is critical to maintaining investment and interest in the profession and improving the lives of underserved populations Incorporating the concerns of a new century into a consideration of models for practice research this volume builds on the visionary work of William J Reid 1928 2003 who transformed social work research through empirically based and task centered approaches and more recently synthesized intervention knowledge for framing future study This collection reviews the task centered model and other contemporary Evidence Based Practice models for working with individuals families groups communities and organizations Essays demonstrate the value of these pragmatic approaches in the United States and international settings Contributors summarize state of the art methods in several key fields of service including children and families aging substance abuse and mental health They also evaluate the research movement itself outlining an agenda for today s sociopolitical landscape and the profession This volume inspires practice research to prioritize evidence as a base for the profession

An Introduction to Applying Social Work Theories and Methods Barbra Teater,2014-03-01 A student friendly introduction to social work theories and methods drawing on current social work research

Social Work and the Environment Michael Kim Zapf,2009 This ground breaking new work provides a detailed and extensive comparison of how the physical environment has been conceptualized in social work and other professions and offers a new and attractive foundational metaphor for

social work The author acknowledges the need for greater awareness and action regarding environmental impacts and the book promotes more comprehensive notions of responsibility identity and stewardship that lead to a dynamic metaphor of people as place as the foundation for relevant social work practice in the early 21st century Why is that a profession with a declared focus on person in environment has been so silent on the environmental crisis Mainstream social work theory has narrowed the understanding of environment to include merely the social environment but this approach is no longer sufficient for participation in multi disciplinary efforts to tackle urgent environmental issues Transformative notions of responsibility identity and stewardship have been developed on the fringes of our professional community rural remote social workers Aboriginal social workers and international and spiritual social workers They must now move to the core of the profession

Political Social Work Practice Brendan Young,2024-01-03 Few social work students express an interest in politics but now more than ever those voices are necessary in the political arena Social programs and policies central to the client systems of social workers are determined in the political space Brendan Young has written this book to inspire students to bring the unique value system embraced by social workers to the political process Like all titles in the Social Work Modules series the chapters in Political Social Work Practice follow courses in the standard social work curriculum This allows the book to be used as supplementary reading to add a political component to any social work course as well as in a stand alone course on political social work

Social Work Research Methods Teresa Morris,2006-01-13 This is the first book to expand social work research methods to include alternative models and integrate these methodologies into general social work practice Morris also describes research methods for post positivism critical theory and constructivism in a straightforward and accessible style
