Encyclopedia of Sport Management Paul M Pedersen, 2024-09-06 This thoroughly updated second edition of the *Encyclopedia of Sport Management* is an authoritative reference work that provides detailed explanations of critical concepts within the field **The Potential of Community Sport for Social Inclusion** Hebe Schaillée, Reinhard Haudenhuyse, Lieve Bradt, 2022-05-11 Social inclusion is a pressing issue confronting all levels of sport today and community sport in particular Sport is being promoted as an inclusive environment in which people of all backgrounds and abilities can participate and access a range of social and health benefits Moreover sport is often heralded as a vehicle for promoting social inclusion in other societal domains Yet the policy ideal of sport for all is not always realised in practice and community sport continues to be plagued by various forms of discrimination and social exclusion This book brings together a team of scholars from across the globe whose research addresses the complex relationship between community sport and social inclusion Their contributions critically examine the dynamics of inclusion exclusion in community sport as well as the broader outcomes and impacts that sports programmes may have in promoting or hindering social inclusion in other areas of life such as employment education and migrant integration This book will be of interest to academics researchers and advanced students of sport sociology politics social work and public policy The chapters in this book were originally published as a special issue of *Sport in Society* **Communication and Sport** Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture It shapes our identities affects our relationships and defines our communities It also influences our consumption habits represents our cultures and dramatizes our politics In other words sport is among the most prominent vehicles for communication available in daily life Nevertheless only recently has it begun to receive robust attention in the

discipline of communication studies The handbook of Communication and Sport attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry The book attempts to capture a full range of methods theories and topics that have come to define the subfield of communication and sport or sports communication It does so by emphasizing four primary features First it foregrounds communication as central to the study of sport This emphasis helps to distinguish the book from collections in related disciplines such as sociology and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport Thus in addition to studies of media effects mediatization media framing and more readers will also engage with studies in interpersonal intercultural organizational and rhetorical communication Second the handbook presents an array of methods theories and topics in the effort to chart a comprehensive landscape of communication and sport scholarship Thus readers will benefit from empirical interpretive and critical work and they will also see studies drawing on varied texts and sites of inquiry Third the handbook of Communication and Sport includes a broad range of scholars from around the world It is therefore neither European nor North American in its primary focus In addition the book includes contributors from commonly under represented regions in Asia Africa and South America Fourth the handbook aims to account for both historical trajectories and contemporary areas of interest In this way it covers the central topics debates and perspectives from the past and also suggests continued and emerging pathways for the future Collectively the handbook of Communication and Sport aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available

Gender, Media, Sport Susanna Hedenborg, Gertrud Pfister, 2017-10-02

Despite the position that sport occupies at the centre of public attention and despite the billions of consumers and immense coverage which it attracts from around the globe it seems that the media prioritise coverage of only a very small fraction of sporting events and a few prominent athletes It goes without saying that sport in the media is dominated by men they are a large majority among athletes consumers journalists and producers This book will shed new light on the long discussed question of gendered sporting coverage in an era when the Olympics can be dubbed the women's games Some of the contributions present new perspectives such as the relationship between media and sport in Poland media presentations of men and women in gender adequate and inadequate sports competition between women and men participating in the same events the presentation of celebrities and the framing of doping within the context of gender relations Furthermore the book focuses not only on athletes sports and events but also on consumers such as hooligans and their brand of masculinity and on journalists such as Mike Penner who attempted to transgress gender boundaries This book was originally published as a special issue of Sport in Society
