**Cast away : for these reasons** Jo M. Sekimonyo,2018-04-14 Do we need an Economic Jihad What can you say about the boring cock fights between Capitalism deities of our time You should be as disgusted as I am of these clown shows that chip away the substance of economic disparity dialogues I have left to the class of economist sloppy cerebral sloths to tiptoeing around of serious issues Instead you the reader and I will be swimming against the torrent current Chapter one through six are exhibits of the case against the current status quo Capitalism And if I see you on the other side of chapter seven please hold my hand tightly from chapter eight through ten Take your time to digest chapter eleven and get yourself prepared for a big slap to your face On the closing argument chapter twelve follows through James Tobin s recommendation Good papers in economics contain surprises and stimulate further work Fifty Five Shades of Political Economy What demon possessed me to write this book Well after walking by giving my spare change to people blinded and asphyxiated by misery in every country I have been lucky or cursed to travel to I asked myself repeatedly what else can I do I was tired of capitalist guardians buffoonery angry of the so called Karl Mark reincarnation ineptness and tired of waiting for a superhero I wrote this book to awake the general public consciousness and put out there a thought provoking solution to the global socio economic plight Stories about inequality have been told on and on Nevertheless I decided to stir the debate onto a new path let s hope that I succeed This book is for everyone who is fed up by the status quo and has been let down by the lumpenintellectuals Let me first reassure most people who could be intimidated to pick up my book once they hear that it is a political economic book it is easier to answer the question of what my book is not about There s no math nor graphs I left it to the economic druids the need of inflating their egos and any smart asses who bamboozle the world with crazy theories that do not stand the test of real life My book is a case against the social economic status quo a roller coaster ride through a volcanic ash cloud for all of us who have been busted bruised and despondent from the current dominant form of economy capitalism And then I hold the reader s hand into the new 21st century paradigm that changes everything And right at the end I provide a real rabble rousing solution I can expect that the only challenge in this book is the new terminology and concepts that I introduce to the readers that they have to adjust to such as Ethosism Translator Jo M Sekimonyo PUBLISHER TEKTIME

**Cast Away : For These Reasons** Lambert Timothy James,2019-05-16

*Ethosism* Jo M. Sekimonyo,2020-11-20 In the global environment of trade and commerce humankind appears to have given up its natural journey of progression to improve the social order and universally accepted capitalism But whilst the richest continue to accumulate vast amounts of wealth inequality grows and the poorest still live in extreme poverty This passionate academic study will go on to present that socialism is just another means of enslaving society under the capitalist model So is there a new social political and economic arrangement that fits the twenty first century reality Ethosism looks at the fact that in the twenty first century more people than ever before have the means to acquire and own their means of engagement participation or involvement in an enterprise As the result

capitalism socialism and communism have lost their raison d'être By examining the foremost upheavals of the twenty first century wealth inequality and climate change plus social class conflicts resulting from the paradigm shift my conviction is that we are in dire need of a moral consensus which will herald new social commerce intercommerce and political covenants that will enable us to successfully traverse the twenty first century and beyond **Cast Away** Jo M. ### **Religious Fundamentalism in the Contemporary World**

Santosh C. Saha,2004-01-01 Today new and ever more pernicious forms of terrorist violence threaten the world Because these new forms of violence are so often linked to religious radicalism modern terrorism has challenged the secular ethics of contemporary civil society There is a pressing need to understand modern religious movements that have added militancy and belligerence as fundamental elements of religious practice Contributors to this volume painstakingly tackle the question of how to define the contours of current religious fundamentalism as they examine the private and public postures of fundamentalist rhetoric the importance of its regional variants and the damage it can do to regional and national education systems Their analysis tracks trends in religious movements that aspire to radicalize reform and violently topple governments and nations while highlighting the difference between fundamentalist interpretations and other longstanding juridical political and intellectual traditions *Clements' International Report* John Clements,1993

### **The Muslim Brotherhood and its Quest for Hegemony in Egypt**

Annette Ranko,2014-12-26 Annette Ranko analyses the Muslim Brotherhood s challenging of the Mubarak regime and the ensuing

struggle between the two from 1981 to 2011. She furthermore traces how the group evolved throughout the process of that struggle. She studies how the Brotherhood's portrayal of itself as an attractive alternative to the regime provoked the Mubarak regime to level anti-Brotherhood propaganda in the state-run media in order to contain the group's appeal amongst the public. The author shows how the regime's portrayal of the Brotherhood and the Brotherhood's engagement with it have evolved over time and how this ideational interplay has combined with structural/institutional aspects in shaping the group's behaviour and ideology.
