Regretting her promise, she resolves to travel in disguise to the castle to find some method of subversion. The circumstance made an obvious impression on the English chivalry. Sir John de Walton looked grave and thoughtful, ordered the hunters to be assembled on the spot and directed his soldiers to commence a strict search among the persons who had attended the chase so as to discover whether Turnbull had any companions among them, but it was too late to make that inquiry in the strict fashion which De Walton directed.
