**Gut, Brain, and Environment in Nineteenth-Century French Literature and Medicine** Manon Mathias, 2024-04-30 Gut Brain and Environment in Nineteenth Century French Literature and Medicine offers a new way of conceptualizing food in literature not as social or cultural symbol but as an agent within a network of relationships between body and mind and between humans and environment By analysing gastrointestinal health in medical literary and philosophical texts this volume rethinks the intersections between literature and health in the nineteenth century and triggers new debates about France's relationship with food Of relevance to scholars of literature and to historians and sociologists of science food and medicine it will provide ideal reading for students of French Literature and Culture History Cultural Studies and History of Science and Medicine Literature and Science Food Studies and the Medical Humanities Readers will be introduced to new ways of approaching digestion in this period and will gain appreciation of the powerful resources offered by nineteenth century French writing in understanding the nature of connections between gut mind and environment and the impact of these connections on our status as human beings

**Routledge International Handbook of Food Studies** Ken Albala, 2013-05-07 Over the past decade there has been a remarkable flowering of interest in food and nutrition both within the popular media and in academia Scholars are increasingly using foodways food systems and eating habits as a new unit of analysis within their own disciplines and students are rushing into classes and formal degree programs focused on food Introduced by the editor and including original articles by over thirty leading food scholars from around the world the Routledge International Handbook of Food Studies offers students scholars and all those interested in food related research a one stop easy to use reference guide Each article includes a brief history of food research within a discipline or on a particular topic a discussion of research methodologies and ideological or theoretical positions resources for research including archives grants and fellowship opportunities as well as suggestions for further study Each entry also explains the logistics of succeeding as a student and professional in food studies This clear direct Handbook will appeal to those hoping to start a career in academic food studies as well as those hoping to shift their research to a food related project Strongly interdisciplinary this work will be of interest to students and scholars throughout the social sciences and humanities

**Feast and Folly** Allen S. Weiss, 2012-02-01 What would it mean to speak of cuisine as a fine art Combining an analysis of French cuisine with cutting edge postmodernist critique Feast and Folly provides a fascinating history of French gastronomy and cuisine over the past two centuries as well as considerable detail regarding the preparation of some of the colossal meals described in the book It offers a deep analysis of the social political and aesthetic aspects of cuisine and taste exploring the

conceptual preconditions the discursive limits and the poetics and rhetorical forms of the modern culinary imagination Allen S Weiss analyzes the structural preconditions of considering cuisine as a fine art connects the diverse discursive conditions that give meaning to the notion of cuisine as artwork and investigates the most extreme psychological and metaphysical condition of the aesthetic domain the sublime in relation to gastronomy

**The Dreyfus Affair and the Crisis of French Manhood** Christopher E. Forth, 2004 Finally he examines the relation of the Dreyfus Affair to the culture of force that marked French society during the prewar years thus accounting for the rise of the youthful athlete as a more compelling manly ideal than the bookish and sedentary intellectual

**Re-hybridizing Transnational Domesticity and Femininity** Stacey Weber-Fève, 2010-01-05 Re hybridizing Transnational Domesticity and Femininity examines the problems of voicing the personal when considering the role and place of women in the home Analyzing a collection of first person cinematic and literary narratives by Assia Djebar Annie Ernaux Simone de Beauvoir Raja Amari Coline Serreau Leïla Sebbar and Yamina Benguigui Weber Fève explores the transnational processes of identity formation gender performance and construction of culture and society Through a closer look at contemporary representations of French Algerian and Tunisian women on the page and on the screen this study discusses the ways in which homemaking nation and gender are intricately bound to one another and situated in personal history Working within as well as beyond so called national systems of visual and written representation these women artists challenge inherited and monolithic performances definitions and discourses of femininity In doing so they create re hybridized subjects that begin to recognize and embrace the differences within themselves The authors and filmmakers in this study through their female protagonists the protagonists homes and homemaking acts and the investigative lens of the interrogation of the personal are interested in exploring how the process of uncovering or articulating new and other identities and subjectivities ushers in new and re hybridized ways of seeing knowing and being female

**Defining Culinary Authority** Jennifer J. Davis, 2013-01-02 In the eighteenth and nineteenth centuries French cooks began to claim central roles in defining and enforcing taste as well as in educating their diners to changing standards Tracing the transformation of culinary trades in France during the Revolutionary era Jennifer J Davis argues that the work of cultivating sensibility in food was not simply an elite matter it was essential to the livelihood of thousands of men and women Combining rigorous archival research with social history and cultural studies Davis analyzes the development of cooking aesthetics and practices by examining the propagation of taste the training of cooks and the policing of the culinary marketplace in the name of safety and good taste French cooks formed their profession through a series of debates intimately connected to broader Enlightenment controversies over education cuisine law science and service Though cooks assumed prominence within the culinary public sphere the unique literary genre of gastronomy replaced the Old Regime guild police in the wake of the French Revolution as individual diners began to rethink cooks authority The question of who wielded culinary influence and thus shaped standards of taste continued to reverberate throughout society into the early

nineteenth century This remarkable study illustrates how culinary discourse affected French national identity within the country and around the globe where elite cuisine bears the imprint of the country's techniques and labor organization

**Dishing It Out** Robert Appelbaum, 2011-12-20 From the hamburger haven to the temple of gastronomy the restaurant is a fixture of modern life But why is that so What needs has the restaurant come to satisfy and what needs has it come to impose upon the experience of the modern world In *Dishing It Out* Robert Appelbaum travels around America and Europe and through the annals of literature and history to explore the social meaning of the restaurant and to discover what we ought to be asking of the restaurant experience today Since its founding in pre Revolutionary France the restaurant has always inspired contradictory feelings and served contradictory purposes It has stood for a kind of liberation the embrace of pleasure and sociability for their own sake But it has also encouraged narcissistic consumerism at the cost of the exploitation of restaurant workers and the self deception of restaurant goers Drawing on the work of such writers as Grimod de la Reynière Jean Paul Sartre Isak Dinesen and M F K Fisher and sampling fare from macaroni cheese in workaday London to oysters and sausages in seaside France Appelbaum argues that though restaurants are inherently problematic as social institutions they are characteristic of who and what we are They are expressions of what we need as human beings And for that reason though they contribute to inequality they can also be used to promote the interests of cultural democracy A unique rethinking of the restaurant experience at once entertaining and learned *Dishing it Out* is an important contribution to our knowledge of food literature history and society

**Basketball Empire** Lindsay Sarah Krasnoff, 2023-09-07 The National Basketball Association NBA founded over 75 years ago is staging a 21st century takeover Watched in 215 countries and territories worldwide and with nearly one in three players born and trained overseas it is no longer just about America In this book Lindsay Sarah Krasnoff shows how basketball's global takeover could not have happened without France exploring its interactions with the United States and colonial legacies with francophone Africa and the Afro Caribbean Taking us back to the very beginnings of basketball she shows how remnants of empire have shaped the game Asking how and why so many French basketball players have joined the NBA and WNBA *Basketball Empire* explores what this has meant for the league and the players themselves Going behind the scenes it follows the generations of men and women who since 1950 have followed their passion for the game to create a basketball breeding ground Including interviews with players sports journalists league directors and coaches past and present it uncovers the transatlantic networks and complex Franco American relations that have nurtured a mutual exchange of culture technical skill and knowledge These first hand accounts supported by media and government archives show how these forms of sports diplomacy sowed the seeds of a basketball revolution and helped make the NBA a global cultural entity Arguing that basketball is deeply indebted to France's colonial history and close albeit complicated relationship with the United States this book is about the creation of a cultural empire and shows how sports can be the vehicle to build bridges between nations

example that there is a village in France where UFOs are banned from landing Or that there is a verifiable population of wild kangaroos in the forests surrounding Paris These and many other off beat delights are just some of the curiosities awaiting readers in this journey through byways and hidden treasures of this endlessly fascinating and paradoxical country Full of the richness and variety of France beyond the platitudes including recipes and charming illustrations F is for France is an ideal gift book and a must read for Francophiles and anyone with an interest in French travel and culture Crime Fiction

Migration Christiana Gregoriou, 2017-07-27 Crime narratives form a large and central part of the modern cultural landscape This book explores the cognitive stylistic processing of prose and audiovisual fictional crime texts It also examines instances where such narratives find themselves through popular demand migrating meaning that they cross languages media formats and or cultures In doing so Crime Fiction Migration proposes a move from a monomodal to a multimodal approach to the study of crime fiction Examining original crime fiction works alongside their translations adaptations and remakings proves instrumental in understanding how various semiotic modes interact with one another The book analyses works such as We Need to Talk About Kevin The Killing trilogy and the reimaginings of plays such as Shear Madness and films such as Funny Games Crime fiction is consistently popular and on the move witness the spate of detective series exported out of Scandinavia or the ever popular exporting of these shows from the USA This multimodal and semiotically aware analysis of global crime narratives expands the discipline and is key reading for students of linguistics criminology literature and film

**Turning the Tables** Andrew P. Haley, 2011-05-30 In the nineteenth century restaurants served French food to upper class Americans with aristocratic pretensions but by the turn of the century even the best restaurants cooked ethnic and American foods for middle class urbanites In Turning the Tables Andrew P Haley examines how the transformation of public dining that established the middle class as the arbiter of American culture was forged through battles over French language menus scientific eating cosmopolitan cuisines unescorted women un American tips and servantless restaurants *The Flavor Thesaurus* Niki Segnit, 2012-05-01 A career flavor scientist who has worked with such companies as Lindt Coca Cola and Cadbury organizes food flavors into 160 basic ingredients explaining how to combine flavors for countless results in a reference that also shares practical tips and whimsical observations *Conversations With Food* Dorothy Chansky, Sarah W. Tracy, 2021-02-02 Conversations With Food offers readers an array of essays revealing the power of food and its absence to transform relationships between the human and non human realms to define national colonial and postcolonial cultures to help instantiate race gender and class relations and to serve as the basis for policymaking Food functions in these contexts as items in religious or secular law as objects with which to bargain or over which to fight as literary trope and as a way to improve or harm health individual or collective The anthology ranges from Ancient Greece to the posthuman fairy underworld from the codifying of French culinary heritage to the strategic marketing of 100 calorie snacks from the European famine after the Second World War to the lush and exotic cuisines of culinary tourism today Conversations With

Food will engage anyone interested in discovering the disciplinary breadth and depth of food studies. The anthology is ideally suited for introductory and advanced courses in food studies as it includes essays in a range of humanities and social science disciplines and each author draws cross disciplinary linkages between their own work and other essays in the volume. This thematic and conceptual intercalation when read with the editors' introduction makes the collection an exceptionally strong representation of the field of food studies.
