The Journal of the Assembly During the ... Session of the Legislature of the State of California California. Legislature. Assembly, 1957 **Journal of the Assembly, Legislature of the State of California** California. Legislature. Assembly, 1942 *Why Democracies Fight Dictators* Madison Schramm, 2025-07-04 Over the course of the last century there has been an outsized incidence of conflict between democracies and personalist regimes political systems where a single individual has undisputed executive power and prominence In most cases it has been the democratic side that has chosen to employ military force *Why Democracies Fight Dictators* takes up the question of why liberal democracies are so inclined to engage in conflict with personalist dictators Building on research in political science history sociology and psychology and marshalling evidence from statistical analysis of conflict multi archival research of American and British perceptions during the Suez Crisis and Gulf War and non democracies understanding of the threat from Saddam Hussein's invasion of Kuwait Madison V Schramm offers a novel and nuanced explanation for patterns in escalation and hostility between liberal democracies and personalist regimes When conflicts of interest arise between the two types of states Schramm argues cognitive biases and social narratives predispose leaders in liberal democracies to perceive personalist dictators as particularly threatening and to respond with anger an emotional response that elicits more risk acceptance and aggressive behavior She also locates this tendency in the escalatory dynamics that precede open military conflict coercion covert action and crisis bargaining At all of these stages the tendency toward anger and risk acceptance contributes to explosive outcomes between democratic and personalist regimes **Louis Massignon** Dorothy C. Buck, 2017-06-01 The root of the word *Badaliya* in Arabic means to replace or exchange one thing for another The French scholar and spiritual seeker Louis Massignon 1883 1962 interpreted the word as a willingness to put oneself in the place of another to give one's own life for the sake of someone else This offering of himself for the well being of

his Muslim brothers and sisters was the inspiration for Massignon's entire life. In 1947 the renowned orientalist who had regained his Christian faith and identity while on a research expedition in Baghdad in present-day Iraq established an international prayer association that he named the Badaliya and for which he remained the organizer until his death in 1962. The fifteen annual letters and ninety-one monthly convocations of the Badaliya are as much invitations to prayer and a consecration of individual lives as they are a witness to the incarnational spirit active and alive in our contemporary world today. These letters read like a diary that follows the events and conflicts of the time but also due to the genius of Massignon's mystical reading of history these precious documents reveal fifteen years of a singular spiritual adventure. Framed by an introduction presenting the context and genesis of the prayer movement and completed with a description of the Badaliya today, this book permits the reader to grasp the fruitfulness of the spirit of the Badaliya. No other text has yet permitted us to so deeply penetrate the heart of the spirituality and the struggles of Louis Massignon who remains even today a master for our time. *W. E. Sangster* Andrew J. Cheatle, 2018-08-09. Listened to by huge congregations in Britain and perhaps the most recognizable British Methodist voice in the mid-twentieth century, W. E. Sangster was in anyone's estimation a giant of Methodism. A preacher without peer in the world, a prince of preachers are just two of the labels attached to this preacher-theologian of the Methodist tradition. This volume captures the preaching of Sangster in his prime on the occasion of the 1956 World Methodist Conference in Junaluska, North Carolina. Cheatle's research brings into the public domain ten sermons, nine previously unpublished in this form, delivered by Sangster at that great gathering of World Methodism. These sermons, being transcripts from recordings picked up by Sangster in the raw at his most powerful, engaging with his listeners. This book is a resource therefore that aids students of homiletics and pastors in encountering a master at work without the editorial polish of his extant sermons. The sermons on aspects of Christian holiness would be Sangster's first and last sequential series on the subject, placing before the reader some of his most mature thought on holiness and its application in daily life.

A Most Tolerant Little Town Rachel Louise Martin, 2023-06-13. Weren't there any Black residents of Clinton who remembered this history? A few hours later she got a call from the head of the oral history project: the town of Clinton didn't want her help anymore. For years Rachel Martin wondered what it was the white residents of Clinton didn't want remembered. So she went back, eventually interviewing sixty residents, including the surviving Black students who'd desegregated Clinton High, to piece together what happened back in 1956: the death threats and beatings, picket lines and cross burnings, neighbors turned on neighbors and preachers for the first time at a loss for words. The national guard had rushed to town, followed by national journalists like Edward Murrow and even evangelist Billy Graham. And still tensions continued to rise until white supremacists bombed the school. Problems of State Mental Hospitals California. Legislature.
