Speech Is My Hammer Max A. Hunter,2022-09-30 With *Speech Is My Hammer* Max Hunter draws on memoir and his own biography to call his readers to reimagine the meaning and power in literacy Defining literacy as a spectrum of skills abilities attainments and performances Hunter focuses on dispelling literacy myths and discussing how Black male artists entertainers professors and writers have described their own literacy narratives in self conscious ambivalent terms Beginning with Frederick Douglass s *My Bondage My Freedom* W E B Dubois s *Soul of Black Folks* and Langston Hughes s *Harlem Renaissance* memoir *The Big Sea* Hunter conducts a literary inquiry that unearths their double consciousness and literacy ambivalence He moves on to reveal that for many contemporary Black men the arc of ambivalence rises even higher and becomes more complex following the civil rights and the Black Power movements and then sweeping sharply upward once again during the War on Drugs Hunter provides rich illustrations and probing theses that complicate our commonsense reflections on their concealed angst regarding Black authenticity respectability politics and masculinity *Speech Is My Hammer* moves the reader beyond considering literacy in normative terms to perceive its potential to facilitate transformative conversations among Black males

Harris,2013-02-14 The Cosby Cohort examines the childhood experiences of second generation middle class Blacks who grew up in mostly White spaces during the 1980s and 1990s This probing book explores their journey to upward mobility including the discrimination they faced in White neighborhoods and schools the extraordinary pressures placed upon them to achieve the racial lessons imparted to them by their parents their tenuous relationships with Black children of other classes and the impact that all of these experiences had on their adult racial identities At young ages this generation of middle class Blacks whom Harris coins as the Cosby Cohort was faced with racial displacement frustration and the ever present pressure to emerge victorious against the pull of downward mobility Even in adulthood they continue to negotiate the tensions between upward mobility and maintaining ties to the larger Black community and culture While these young Blacks may have grown up watching The Cosby Show as the book reveals their stories indicate a much more complex reality than portrayed by the show **The New Black Middle Class in the Twenty-first Century** Bart Landry,2018 The New Black Middle Class in the Twenty First Century is a continuing study of black middle class life Landry examines the changes that have occurred since the publication of his now classic The New Black Middle Class and conducts a comprehensive examination of black middle class American life in the early decades of the twenty first century **Waking from the Dream** Sam Fulwood, III,1997-05-19 Sam Fulwood was an integration baby He came of age during the post civil rights era a time when middle class blacks many carrying the scars of segregation and the struggles of the movement wholeheartedly embraced a belief in the unlimited possibilities available to the new generation The son of educated prosperous parents Fulwood shared their dreams he excelled at integrated schools and believed in the promise of a color blind America Waking from the Dream is the powerful chronicle of his disillusionment with that dream Like other high achieving black men and women who defied the assumptions of society to become respected members of their communities and professions Fulwood learned that assimilation into mainstream America was at best superficial at worst a betrayal of his own individuality and values He realized that race would always be the most vital component of his identity one that would continue to define him in a suspicious often hostile white world As he describes his move into the self protected isolated cocoon of the black middle class a world separate from poor blacks and all whites Fulwood issues a strong warning I can t escape the thought that white America which stopped short of embracing middle class blacks at the moment we wanted inclusion may have already lost its opportunity *Breaching Jericho's Walls* Allen B. Ballard,2011-03-01 A rich narrative recounting the life story of award winning African American historian and novelist Allen B Ballard Breaching Jericho s Walls takes its readers on an exciting journey from a segregated Philadelphia community in the 1930s to mid century Paris Moscow Cambridge and Manhattan The author reflects on his own pioneering

role as he expands his horizons as one of the first African American students at Ohio's Kenyon College studying abroad in France and sharing a caf table with Richard Wright and James Baldwin serving in the military in the American South and attending graduate school at Harvard University. Becoming one of the nation's first black Russian specialists, Ballard studies in post-Stalinist Russia for a year where, among other adventures, he spends a month with Michael Gorbachev and his wife Raisa on a Soviet farm. Though he tells his own personal story within *Breaching Jericho's Walls*, Ballard also portrays the experiences of those northern African Americans whose generations bridged the gap from the legacy of slavery to the breakdown of the segregated system in the 1950s and 1960s while revealing the crucial role that individuals like civil rights leader Paul Robeson, Olympic athletes Jesse Owens and Long John Woodruff, and scholar Alain Locke played in inspiring the hopes of an oppressed and downtrodden race. A memoir filled with entertaining anecdotes and insightful reflection, *Breaching Jericho's Walls* offers Ballard's compelling personal story and reveals how brick by brick African Americans built the road that led to the election of President Obama in 2008.

Our Kind of People Lawrence Otis Graham, 2009-03-17 Now a TV series on FOX starring Morris Chestnut, Yaya DaCosta, Nadine Ellis, and Joe Morton. Fascinating. Graham has made a major contribution both to African American studies and the larger American picture. New York Times Debutante cotillions. Million dollar homes. Summers in Martha's Vineyard. Membership in the Links. Jack Jill. Delta's Boule and A-Kas. An obsession with the right schools, families, social clubs, and skin complexion. This is the world of the black upper class and the focus of the first book written about the black elite by a member of this hard-to-penetrate group. Author and TV commentator Lawrence Otis Graham, one of the nation's most prominent spokesmen on race and class, spent six years interviewing the wealthiest black families in America. He includes historical photos of a people that made their first millions in the 1870s. Graham tells who's in and who's not in the group today with separate chapters on the elite in New York, Los Angeles, Washington, Chicago, Detroit, Memphis, Atlanta, Philadelphia, Nashville, and New Orleans. A new Introduction explains the controversy that the book elicited from both the black and white communities.

The Black Box Henry Louis Gates Jr., 2024-03-19 A foundational reckoning with how Black Americans have used the written word to define and redefine themselves over the course of the country's history. Distilled over many years from Henry Louis Gates Jr.'s legendary Harvard course in African American Studies, *The Black Box: Writing the Race* is the story of Black self-definition in America through the prism of the writers who have led the way. From Phillis Wheatley and Frederick Douglass to W. E. B. Du Bois and Booker T. Washington to Zora Neale Hurston and Richard Wright, James Baldwin, and Toni Morrison, these writers used words to create a liveable world, a home for Black people destined to live in a bitterly racist society. This is a community that defined and transformed itself in defiance of oppression and lies, a collective act of resistance and transcendence that is at the heart of its self-definition. Out of that contested ground has flowered a resilient, creative, powerful, diverse culture formed by people who have often disagreed markedly about what it means to be Black and about how best to shape a usable past out of the materials at hand to call into

being a more just and equitable future This is the epic story of how through essays and speeches novels plays and poems a long line of creative thinkers has unveiled the contours of and resisted confinement in the black box that this nation within a nation has been assigned from its founding to today It is a book that records the compelling saga of the creation of a people
