From Doctor To Healer From Doctor To Healer:

From Doctor to Healer Robbie Davis-Floyd, Gloria St. John, 1998 Why would a successful physician who has undergone seven years of rigorous medical training take the trouble to seek out and learn to practice alternative methods of healing such as homeopathy and Chinese medicine From Doctor to Healer answers this question as it traces the transformational journeys of physicians who move across the philosophical spectrum of American medicine from doctor to healer Robbie Davis Floyd and Gloria St John conducted extensive interviews to discover how and why physicians make the move to alternative medicine what sparks this shift and what beliefs they abandon or embrace in the process After outlining the basic models of American health care the technocratic humanistic and holistic the authors follow the thoughts and experiences of forty physicians as they expand their horizons in order to offer effective patient care The book focuses on the radical shift from one end of the spectrum to the other from the technocratic approach to holism made by most of the interviewees Because many American physicians find such a drastic change too threatening the authors also address the less radical transition to humanism a movement toward compassionate care arising from within the medical system **Dr. and Master Sha:**

Miracle Soul Healer William Gladstone, 2014-09-02 What accounts for miraculous healings unexplainable by doctors Is there a reality to spiritual healings William Gladstone initially approached Dr Zhi Gang Sha with some skepticism and disbelief William believed that there was more to life than the material world but he knew that the world has many dishonest and self deceiving mystics So he decided to explore William having studied medical anthropology at Harvard University had met and worked with some of the greatest spiritual leaders on the planet He was excited to explore Dr Sha and his healing practices William spent weeks with Dr Sha watching him at work talking to his students and observing his healings He interviewed him at length asking for specifics and addressing difficult questions He delved into the science behind Dr Sha s work and explored the underlying concepts beneath these miracle healings What William learned amazed him and opened his mind to possibilities he never expected Dr Zhi Gang Sha is a medical doctor trained in both Western medicine and traditional Chinese medicine as well as ancient Chinese sacred energy and spiritual healing Over the last decade he has healed hundreds of thousands of individuals with thousands documented and available for viewing on YouTube How does he do it Is it the placebo effect or something much more profound Dr and Master Sha Miracle Soul Healer documents the remarkable journey of a world renowned spiritual teacher and master healer who has not only demonstrated the ability to heal but also to teach people to heal themselves Written for skeptics as well as believers Dr and Master Sha Miracle Soul Healer explores the results and methodology of Dr Sha s unique life journey and his stated life mission to serve humanity and the Divine and create a healthier and happier world This book explores the ultimate mystery of how faith science and healing can change your life **The Healer's Tale** Sharon R.
