From East And West Jews In A Changing Europe 1750 187:

The Jewish Enlightenment Shmuel Feiner, 2011-08-17 At the beginning of the eighteenth century most European Jews lived in restricted settlements and urban ghettos isolated from the surrounding dominant Christian cultures not only by law but also by language custom and dress By the end of the century urban upwardly mobile Jews had shaved their beards and abandoned Yiddish in favor of the languages of the countries in which they lived They began to participate in secular culture and they embraced rationalism and non Jewish education as supplements to traditional Talmudic studies The full participation of Jews in modern Europe and America would be unthinkable without the intellectual and social revolution that was the Haskalah or Jewish Enlightenment Unparalleled in scale and comprehensiveness The Jewish Enlightenment reconstructs the intellectual and social revolution of the Haskalah as it gradually gathered momentum throughout the eighteenth century Relying on a huge range of previously unexplored sources Shmuel Feiner fully views the Haskalah as the Jewish version of the European Enlightenment and as such a movement that cannot be isolated from broader eighteenth century European traditions Critically he views the Haskalah as a truly European phenomenon and not one simply centered in Germany He also shows how the republic of letters in European Jewry provided an avenue of secularization for Jewish society and culture sowing the seeds of Jewish liberalism and modern ideology and sparking the Orthodox counterreaction that culminated in a clash of cultures within the Jewish community The Haskalah's confrontations with its opponents within Jewry constitute one of the most fascinating chapters in the history of the dramatic and traumatic encounter between the Jews and modernity The Haskalah is one of the central topics in modern Jewish historiography With its scope erudition and new analysis The Jewish Enlightenment now provides the most comprehensive treatment of this major cultural movement

Gender, Judaism, and Bourgeois Culture in Germany, 1800-1870 Benjamin Maria Baader, 2006-06-14 Baader examines changes in practices of prayer and synagogue worship rabbinic writings that encouraged men to cultivate a Judaism shaped by feminine values the transformation of exclusively male philanthropic organizations into modern voluntary organizations in which men and women participated and the new roles assumed by women as educators activists and religious writers By documenting the expansion of women's spaces and women's roles in bourgeoisie Judaism and tracing the feminization of Jewish men's religious practices Baader provides fresh insights into the gender organization of traditional Jewish culture and modern German middle class society **BOOK JACKET** **The Berlin Jewish Community** Steven M. Lowenstein, 1994 The extraordinarily rich documentation about the life of Berlin Jewry in the period makes it possible to trace the personal and family connections between those involved in modernizing activities with those involved in the later crisis **Moses Mendelssohn and the Religious Enlightenment** David Sorkin, 2012-08-27 Moses Mendelssohn 1729 1786 was the premier Jewish thinker of his day and one of the best known figures of the German Enlightenment earning the sobriquet the Socrates of Berlin He was thoroughly involved in the central issue of Enlightenment religious thinking the

inevitable conflict between reason and revelation in an age contending with individual rights and religious toleration He did not aspire to a comprehensive philosophy of Judaism since he thought human reason was limited but he did see Judaism as compatible with toleration and rights David Sorkin offers a close study of Mendelssohn s complete writings treating the German and the often neglected Hebrew writings as a single corpus and arguing that Mendelssohn s two spheres of endeavour were entirely consistent *Shylock's Children* Derek Penslar,Anthony W. Lee,2001-07 Shylock s children tells the story of Jewish perceptions of this economic difference and of its effects on modern Jewish identity in Europe Jewish Emancipation David Sorkin,2021-09-14 The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium **Year Book** ,1995 *The Rise of Modern Jewish Politics* C. S. Monaco,2013 Contends that the starting point from which the new Jewish politics emerged was the organized joint Jewish Christian protest against anti Jewish legislation in Russia which was held in London in 1827 From this event on the British Jewish community perceived itself as the champion of the rights of Jews everywhere Traces the development of these politics from 1827 1903 dwelling on the main campaigns and Jewish diplomatic efforts during this period including the Damascus Affair of 1840 the Mortara Affair in 1858 the diplomatic struggle for the civil rights of Romanian Jews and against the pogroms there in the 1860s 70s and reactions to the pogroms in Russia in 1881 82 and the Kishinev pogrom of 1903 Gradually from the mid 19th century on American Jewry joined in the British Jewish protest campaigns and diplomatic efforts Relates the activities of some Jewish leaders e g Moses E Levy from Florida and Moses Montefiore Not all of the Jewish interventions were successful however the significance of the new Jewish politics can be measured not only by the formal successes of its campaigns From the start this new politics attracted masses of Jews in Britain and the USA and developed

into broad social movements The tradition of popular movements for the defense of Jews worldwide continued during the rise of Nazism in Germany in the 1930s and during the campaign for the rights of Jews in the USSR in the 1970s

Jews in Muslim Lands, 1750-1830 Yaron Tsur, 2023-09-16 Raises questions about the nature of diasporas of elites and of Jewish responses to modernity

History, Metahistory, and Evil Barbara Krawcowicz, 2021-01-26 Much post Holocaust Jewish thought published in North America has assumed that the Holocaust shattered traditional religious categories that had been used by Jews to account for historical catastrophes But most traditional Jewish thinkers during the war saw no such overwhelming of tradition in the death and suffering delivered to Jews by Nazis Through a comparative reading of postwar North American and wartime Orthodox Jewish texts about the Holocaust Barbara Krawcowicz shows that these sources differ in the paradigms modern and historicist for North American thinkers traditional and covenantal for Orthodox thinkers in which they emplot historical events

The Power of Myth, or on the Meanders of Historical Writing Krzysztof A. Makowski, 2023-09-25 This monograph presents a critical analysis of the body of historical writing on the history of the Jewish population in Poznan in the era of the Prussian rule 1772 1918 including the identification and verification of the attendant myths and stereotypes The interest in the Polish edition of this book was considerable Similarly noticeable was the academic response to the title despite its ostensibly local subject matter While this study was also noticed abroad the language barrier has severely impeded its impact This prompted the author to work towards the English edition of this book hoping it would find its way into global academic circulation Some changes and additions were made in the English version It includes an updated survey of scholarship on this subject of the past twenty years a response to reviews engaging with the Polish edition and some general reflections on the evolution of historiography in the recent years
