## **From Hebrews To Revelation A Theological Introduction:**

**From Hebrews to Revelation** Lewis R. Donelson, 2001-01-01 In this clearly written introduction to the latter half of the New Testament Lewis Donelson begins by asking if we read this text in this way what voices do we hear Such a reading strategy requires historical imagination because the documents are separated from us by time space language and culture It also requires making these texts conversation partners in our understanding about God and ourselves **An Introduction**

**to the Catholic Epistles** Darian Lockett, 2011-11-17 This book introduces the Epistles and discusses the different interpretive approaches which have been used to gain a clearer understanding of them An introductory chapter defines the Epistles and describes the history of their canonization following chapters are devoted to each of the texts with each chapter including 1 historical cultural background 2 the social scientific context 3 social rhetorical purposes 4 narrative discourse 5 postcolonial and 6 feminist insights and finally 7 theological perspectives At the end of each chapter there are suggestions for further reading and a list of reflection questions Several chapters include a section or two considering a particular interpretive issue especially relevant to the particular text After taking up each text Lockett considers again whether the Epistles are a unified whole or to be heard as individual voices Here the book interacts with some of the ideas of Rob Wall and David Nienhuis regarding the various thematic theological connections running through the texts A final chapter takes up the relationship between the Pauline Epistles and the Catholic Epistles within the New Testament Conversations with the New Testament John Holdsworth, 2014-11-30 The Learning Church series offers a range of brief and accessible introductions to the key themes of Christian discipleship and theology Conversations with the New Testament introduces the major themes and critical issues of the New Testament in a way that relates them to current experience context and culture The starting point is the reader's own experience and engagement with Scripture in a variety of different contexts

Introducing the New Testament Mark Allan Powell, 2018-05-15 This lively engaging introduction to the New Testament is critical yet faith friendly lavishly illustrated and accompanied by a variety of pedagogical aids including sidebars maps tables charts diagrams and suggestions for further reading The full color interior features art from around the world that illustrates the New Testament's impact on history and culture The first edition has been well received over 60 000 copies sold This new edition has been thoroughly revised in response to professor feedback and features an updated interior design It offers expanded coverage of the New Testament world in a new chapter on Jewish backgrounds features dozens of new works of fine art from around the world and provides extensive new online material for students and professors available through Baker Academic's Textbook eSources Joshua Traditions and the Argument of Hebrews 3 and 4 Bryan J. Whitfield, 2013-06-26 This monograph examines the place of chapters 3 and 4 in the larger argument of Hebrews particularly the relationship of the people of God in Heb 3 7 4 13 to the surrounding discussion of the high priest The connection between the great high priest and the people of God proved a central question for twentieth century scholars including Ernst K

seman The first chapter of this work examines previous attempts to explain the flow of the argument and revisits the proposal of J Rendel Harris who thought attention to the two Joshuas of the Hebrew Bible was the key to connecting Heb 3 7 4 13 to its frame The second chapter examines reading practices within Second Temple Judaism that shaped those of the author of Hebrews Two subsequent chapters explore the history of Second Temple interpretation of the texts central to Harris s proposal Numbers 13 14 and Zechariah 3 The Levi priestly tradition receives particular attention The following chapter provides a careful study of the early chapters of Hebrews that explores allusions and echoes to Numbers and to Zechariah The monograph concludes with a positive assessment of much of Harris s proposal

**Apostles** Darian R Lockett, 2017-11-30 Rather than reading the Catholic Epistles in isolation from each other understanding their individual historical situations as the single determinative context for their interpretation this study argues that a proper understanding of these seven letters must equally attend to their collection and placement within the New Testament canon Resisting the judgment of much of historical critical analysis of the New Testament namely that the concept of canon actually obscures the meaning of these texts it is the canonical process by which the texts were composed redacted collected arranged and fixed in a final canonical form that constitutes a necessary interpretive context for these seven letters This study argues that through reception history and paratextual and compositional evidence one can discern a collection consciousness within the Catholic Epistles such that they should be read and interpreted as an intentional discrete canonical sub collection set within the New Testament Furthermore the work argues that such collection consciousness though not necessarily in the preview of the original authors being perhaps unforeseen yet not unintended is neither anachronistic to the meaning of the letters nor antagonistic to their composition *Keep Yourself From Idols* Terry Griffith, 2003-03-01

Challenging gnosticizing interpretations of the letter Terry Griffith explores how the polemic against idols was variously used in Jewish and Christian circles to define self identity and the limits of community He shows that the rhetoric of 1 John is not polemical but pastoral directed at confirming Johannine Christians in their fundamental confession of faith and preventing further defections of Jewish Christians back to Judaism Griffith argues that the christological focus in 1 John concerns the identification of Jesus as the Messiah and that the ending of the letter both contributes to the author s overall pastoral strategy and sheds light on the issues of sin and christology that are raised in this letter **New Testament**

**Theology** Frank J. Matera, 2007-01-01 In this systematic book by book exploration of the theology of each New Testament writing Frank J Matera explores theological diversity and unity in the writings of the New Testament After an introduction to the history and method of New Testament theology he explains and describes the theologies of the Synoptic Pauline and Johannine traditions as well as the rich theology of other New Testament voices Hebrews the Catholic Epistles and the book of Revelation Integrating both Protestant and Catholic approaches this work provides students pastors and scholars a comprehensive view of the New Testament that is rich in exegetical and theological insight **A Shadow of Glory** Tod Linafelt, 2002-10-04 The writers of the New Testament were largely Jewish and laying the blame for the Holocaust at their feet would be absurd However the later cultural origins of anti semitism means that reading the New Testament after the

event calls for a new ethics of interpretation These essays address this grave issue in detail **They Went Out from Us** Daniel R. Streett, 2011 Most interpreters of 1 2 3 John believe that the author's opponents called antichrists deceivers and false prophets advocated gnostic or progressive doctrines that denied or downplayed the humanity of Jesus Christ and the importance of ethical behaviour and eventually split the Johannine community Against this consensus Streett argues that the opponents are former Jewish Christians who have left the community to return to the synagogue after renouncing their belief that Jesus is the Jewish Messiah Cry of the Elephant Man Erik L. Strandness MD MATH, 2016-06-30 We are in danger of losing our identities as unique beings created in the image of God Our culture not wanting to answer to a higher authority tries to expel God from the planet but in the process strips off the very image that makes us human If we officiate at the death of God we will also be forced to preside over the funeral of man The good news is that despite the loud voices declaring that we are just evolved animals the vast majority of us behave as if we are special Since the characteristics that make humans unique are found nowhere else on the planet we are compelled to look to the heavens We have a choice we can find significance running with the pack or in becoming children of God We can howl at the moon or offer prayers to our Father but either way we will end up worshipping our maker Dr Strandness explores what it means to be created in the image of God by examining those qualities that are universally recognized as unique to humankind He makes the case that these characteristics have a heavenly origin and can only be adequately explained by a Biblical understanding of humans as God's image bearers *New Testament Books for Pastor and Teacher: Revised and Updated to 2002* Ralph P. Martin, 2002-07-23 Designed to serve as a companion volume to Brevard S Childs acclaimed *Old Testament Books for Pastor and Teacher* this convenient reference provides authoritative up to date listings of books in the New Testament field for those in the pastoral ministry as well as for teachers in churches colleges and seminaries Comprehensive in scope it considers basic exegetical tools translations dictionaries encyclopedias introductions histories theological reference works and commentaries Dr Martin gives priority to books in English although he cites exceptional works in German and French This practical book includes a basic list of what the author considers the most valuable current publications along with classic older volumes that should be the nucleus of a good New Testament library Containing a complete bibliography it will help readers of all denominations acquire the basic tools to understand and communicate the message of the New Testament **Faithful to the End** Terry L. Wilder, J. Daryl Charles, Kendell H. Easley, 2007 Faithful to the End provides fresh classroom ready introduction to Hebrews through Revelation emphasizing each of these New Testament book's theme of perseverance in the faith *James and Jude* William Frank Brosend, 2004-06-21 Sample Text **Christian Understandings of Christ** David H. Jensen, 2019-04-02 Seeing the contours of Christian thought about Christ Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How

do we make sense of our own thought in light of theirs The Christian Understandings series offers to help In this insightful volume David H Jensen offers an engaging tour through more than two millennia of thought on Christ Starting with the New Testament and moving forward Jensen outlines the myriad beliefs developments and questions encompassing the attempts to understand Christianity s most central and most mysterious figure From the patristic portrayals to medieval Christology from the Reformation to the Enlightenment and into the twentieth century and beyond Jensen presents a helpful and needed guide
