From Jacks to Joysticks Michael John Patrick, 2017 **From Jacks to Joysticks** ,2015 *From Jacks to Joysticks* Michael John Patrick, 2017-11-30 Trenchard Brat Flying Spanner Left Hand Seat Nicknames abound in aviation But not many get to be called them all especially when theyve started life with an aversion to school and a stammer thrown in Mick Patrick started his aviation career as an RAF Apprentice and finished it as an Air Ambulance pilot He never knew he was going to become a pilot just that he was determined to have a good start in life and it seemed the RAF offered this to him As an engineer Mick saw active service on jungle airstrips in the Far East during the Borneo Confrontation with Indonesia and got his hands dirty servicing Cold War aircraft Later he had an opportunity to become aircrew as a Flight Engineer and it was from this position he was able to use his knowledge as part of a crew to take the next step After many years of watching pilots ply their trade Mick decided he could do it too so worked his way up to becoming a commercial pilot Along the way he experienced risky moments that shaped him as an aviator he crashed a float plane in a Texas lake flew casualties to Coventry and elephants to the East nose dived in Nassau and skirted death at Stansted The tales in this book are used to illustrate how they affected Micks approach to aviation and what he took away from those events Immensely readable and delivered by a true story teller *From Jacks to Joysticks* is for anyone who loves tales of aircraft and life in aviation whether in the cockpit or on the ground Above all else this book is about how a lifetime of exposure to aviation has shaped one mans thinking and approach to life and how in aviation you need to keep an open mind **For the Love of Flying** Danielle

Metcalfe-Chenail, 2009 This is the first book to tell the story of one of Canada s most innovative aviation companies Laurentian Air Services and thus fills an important gap in Canadian aviation history Drawing on extensive research and interviews with Laurentian s presidents pilots and ground crew author Danielle Metcalfe Chenail explores the company s 60 year history from its founding in 1936 in Ottawa with small biplanes through to the 1990s when it was operating scheduled flights with twin engine Beech 99s and Beech King Air 200s During those 60 years Laurentian was at the forefront of air tourism in the Ottawa region and the Laurentian Mountains of Quebec as well as fly in hunting and fishing in Canada s north It also pioneered the use of the Grumman G 21 Goose and de Havilland Beaver commercially and provided vital air support to survey and development work for such massive undertakings as the Churchill Falls and James Bay hydroelectric projects This book brings Laurentian s history to life through first hand stories and an exciting collection of colour and black and white photographs the majority of which have not previously been published This is a long overdue book that appeals to armchair bush flyers and aviation historians alike **I Flew For MMA** Reg Adkins, 2020-08-26 Reg Adkins was born in Perth Western Australia in 1926 went to Inglewood State School and after three years at Guildford Grammar School completed his education at the age of 16 From the time he was 11 years old his ambition was to be a pilot Joining the RAAF in October 1944 he was too late for pilot training but spent four and a half years as an Armourer in the service he loved Learning to fly at the

Royal Aero Club of W A at Maylands Aerodrome in 1948 was the first step up the ladder towards achieving his ambition Following an instructor rating and employment at the club for eighteen months he was well on his way when he stepped out of a Tiger Moth into a DC 3 to become one of the first post war Aero Club trained pilots to be accepted into the airlines In 1955 he joined MacRobertson Miller Airlines After a career spanning 33 years flying DC 3s F 27s and F 28s all over W A and the Northern Territory and amassing a total of 21 000 hours he retired in 1986 at the top of the ladder as Senior Captain To use his own words How could anyone have been so lucky I Flew For MMA is a rollicking story covering the massive change in Western Australia s aviation history from the days of post World War Two flying unpressurised piston engined DC 3s with virtually no navigation aids and the most basic of equipment and accommodation to the introduction of the comfortable and fast F 27 turboprop then to the magical jet era and the state of the art F 28 Reg and his colleagues really were the trail blazers of post war flying up to the modern age But I Flew For MMA is more than just a terrific historical record of flying in W A and the N T It lays bare the highs and the lows of being an airline pilot The personalities the family aspects the industrial battles and the emotional trials and tribulations that go with being responsible for the lives of the passengers in sometimes trying and stressful conditions all the while being mindful of the desire to get the job done
