To Read and To Know Bogdan Costea, Alexandru Costea, 2024-01-10 In some language groups Bible commentaries and translations are of lesser quality often due to the lack of training in Greek Hebrew and Aramaic for their authors and translators Additionally many commentaries are authored by those who are unfamiliar with the language church and culture of the target audience Further some language groups struggle with the quality of translations even of the biblical text itself A translation may not be based on the biblical languages but on a Bible translation in another modern language This can result in the theological perspective of the previous translators being unwittingly written into the subsequent translation How can these challenges be addressed In this volume of the Tyndale Theological Seminary Theses Series two brothers Bogdan and Alexandru Costea address these types of biblical studies issues in Romania Bogdan writes about the importance of having a Romanian commentary series that compares the biblical languages with the Romanian Bible versions used by Evangelicals and interacts with the Church Fathers Alexandru evaluates the meaning and implications of as translated in the Romanian Orthodox Bible a word commonly translated as save in many English contexts These two men thus grapple with the core issues related to commentary production suitable for the Romanian context as well as provide a model for other language contexts Their interest in conjunction with that of Dr Octavian Baban and Dr H H Drake Williams III has helped to produce the *Seria Comentarii Exegetice Române* ti Oradea RO Decenu 2023 *Fortress Commentary on the Bible* Margaret

Can be used with any Bible translation but is best used with the New King James version **The Crucified King** Jeremy R. Treat, 2014-05-27 The kingdom of God and the atonement are two of the most important themes in all of Scripture Tragically theologians have often either set the two at odds or focused on one to the complete neglect of the other In *The Crucified King* Jeremy Treat demonstrates that Scripture presents a mutually enriching relationship between the kingdom and atonement that draws significantly from the story of Israel and culminates in the crucifixion of Christ the king As Israel's messiah he holds together the kingdom and the cross by bringing God's reign on earth through his atoning death The kingdom is the ultimate goal of the cross and the cross is the means by which the kingdom comes Jesus death is not the failure of his messianic ministry nor simply the prelude to his royal glory but is the apex of his kingdom mission The cross is the throne from which he rules and establishes his kingdom Using a holistic approach that brings together the insights of biblical and systematic theology this book demonstrates not only that the kingdom and the cross are inseparable but how they are integrated in Scripture and theology *International Review of Biblical Studies / Internationale Zeitschriftensschau Fur Bibelwissenschaft Und Grenzgebiete* Bernhard Lang, 2009-02-15 Formerly known by its subtitle *Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete* the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950's Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered
