Freya of the Seven Isles a Classic Illustrated Edition Joseph Conrad, 2021-07-25 This little known novella from one of the masters of the form is so unusual for Joseph Conrad's work in several respects although not in its exotic maritime setting or its even more exotic prose it is unusual in that it is one of his very few works to feature a woman as a leading character and to take the form of a romance Still it's a Conradian romance a sweeping saga set in the Indian Ocean basin against a turbulent background of barely suppressed hostilities between Dutch and British merchant navies told by one of Conrad's classically detached narrators In the end the unique perspective of the sharply etched character of Freya is one of Conrad's most piercing studies of how the lust for power can drive men to greatness or its opposite
