Fritz and Tommy Peter Doyle, Robin Schäfer, 2015-10-05 It was a war that shaped the modern world fought on five continents claiming the lives of ten million people Two great nations met each other on the field of battle for the first time But were they so very different For the first time and drawing widely on archive material in the form of original letters and diaries Peter Doyle and Robin Sch fer bring together the two sides Fritz and Tommy to examine cultural and military nuances that have until now been left untouched their approaches to war their lives at the front their greatest fears and their hopes for the future The soldiers on both sides went to war with high ideals they experienced horror and misery but also comradeship Kameradschaft And with increasing alienation from the people at home they drew closer together the Hun transformed into good old Jerry by the war s end This unique collaboration is a refreshing yet touching examination of how little truly divided the men on either side of no man s land during the First World War *Languages and the First World War: Communicating in a Transnational War* Julian Walker, Christophe Declercq, 2016-05-24 This book examines language change and documentation during the First World War With contributions from international academics the chapters cover all aspects of communicating in a transnational war including languages at the front interpretation translation and parallels between languages communication with the home front propaganda and language manipulation and recording language during the war This book will appeal to a wide readership including linguists and historians and is complemented by the sister volume *Languages and the First World War Representation and Memory* which examines issues around the representation and memory of the war such as portrayals in letters and diaries documentation of language change and the language of remembering the war **Wherever the Firing Line Extends** Ronan McGreevy, 2016-06-02 The First World War was the biggest conflict in Irish history More men served and more men died than in all the wars before or since that the Irish fought in Often forgotten at home and written out of Irish history the Irish soldiers and their regiments found themselves more honoured in foreign fields From the first shot monument in Mons to the plaque to the Royal Irish Lancers who liberated the town on Armistice Day 1918 Ronan McGreevy takes a tour of the Western Front At a time when Ireland is revisiting its history and its place in the world McGreevy looks at those places where the Irish made their mark and are remembered in the monuments cemeteries and landscapes of France and Flanders MY BIT George Ashurst, 2011-10-18 George Ashurst served with the Lancashire Fusiliers taking part in First Ypres Gallipoli and the Somme and enduring months of trench warfare on the Western Front making numerous grim and dangerous patrols into no man s land His memoirs vividly reveal the reality of life in the trenches and the feelings of those who had to suffer it Ashurst was often frightened and uncertain occasionally infuriated by the shirking amongst the officers was usually ready for a cigarette or drink but when his battalion attacked he would not shrink from his duty My Bit is a fascinating and moving first hand account of the First World War written by a working class soldier Hart's War John Katzenbach, 2002-01-29 Second Lieutenant Tommy Hart a

navigator whose B 25 was shot out of the sky in 1942 is burdened with guilt as the only surviving member of his crew Now he is just another POW at the fiercely guarded Stalag Luft 13 in Bavaria Then routine comes to a halt with the arrival of a new prisoner First Lieutenant Lincoln Scott an African American Tuskegee airman who instantly becomes the target of contempt from his fellow soldiers When a prisoner is brutally murdered and all the blood soaked evidence points to Scott Hart is tapped to defend the soldier In a trial rife with racial tension and raw conflict where the lines between ally and enemy blur there are those with their own secret motives and a burning passion for a rush to judgment no matter what the cost

Unknown Germany Hanna Hafkesbrink, 1948 An account of the German reaction to the European War drawn from the letters and diaries of the soldiers of the Kaiser Reich and from the autobiographies and writings of German poets and thinkers

"Over the Top" Arthur Guy Empey, 1917 Excerpt of the trench One dead German was lying on his back with a rifle sticking straight up in the air the bayonet of which was buried to the hilt in his chest Across his feet lay a dead English soldier with a bullet hole in his forehead This Tommy must have been killed just as he ran his bayonet through the German Rifles and equipment were scattered about and occasionally a steel helmet could be seen sticking out of the mud At one point just in the entrance to a communication trench was a stretcher On this stretcher a German was lying with a white bandage around his knee near to him lay one of the stretcher bearers the red cross on his arm

covered with mud and his helmet filled with blood and brains Close by sitting up against the wall of the trench with head resting on his chest was the other stretcher bearer He seemed to be alive the posture was so natural and easy but when I got closer I could see a large jagged hole in his temple The three must have been killed by the same shell burst The dugouts were all smashed in and knocked about big square cut timbers splintered into bits walls caved in and entrances choked Tommy after taking a trench learns to his sorrow that the hardest part of the work is to hold it In our case this proved to be so The German artillery and machine guns had us taped ranged for fair it was worth your life to expose yourself an instant Don t think for a minute that the Germans were the only sufferers we were clicking casualties so fast that you needed an adding machine to keep track of them Did you ever see one of the steam shovels at work on the Panama Canal well it would look like a hen scratching alongside of a Tommy digging in while under fire you couldn t see daylight through the clouds of dirt from his shovel After losing three out of six men of our crew we managed to set up our machine gun One of the legs of the tripod was resting on the chest of a half buried body When **"Over the Top," by an American Soldier who Went, Arthur Guy Empey, Machine Gunner, Serving in France** Arthur Guy Empey,1917
