Delinquency Eleventh Edition discusses delinquency as it relates to and emerges from the youth's family, neighborhood, school, peer group, social class, and overall cultural and social environment. Balancing theory with application, the authors explore the different causes of juvenile delinquency, examine its behaviors and consequences in social contexts, explain the role of the police and court system, and propose strategies for treatment and prevention. Leaving Boyhood Behind Jason M. Craig, 2019-02-08 What makes a man? This is a question many men in our society today do not feel equipped to answer because they were never initiated into manhood themselves. They do not know how to pass on authentic manliness to their sons, so boys get stuck in unending adolescence. Everyone suffers from the resulting crisis of male immaturity, and we see its effects everywhere in our society. *Leaving Boyhood Behind* shows how we can actually do something to address this crisis. Author Jason Craig, cofounder of Fraternus, a Catholic mentoring program for boys, walks through each stage of initiation into manhood, helping readers understand what rites of passage are and why they are necessary for men. Christ's own rites of passage and initiation. What it means for a young man to put away childhood. The importance of belonging vs. isolation in the life of men. The important role both mothers and fathers place in initiation. Discipline and the masculine identity. Living the ultimate rite of passage and much more. This book is an invaluable resource for all Catholics who care about the intellectual, physical, and spiritual development of the next generation of men. Deacon Harold Burke Sivers, author of *Behold the Man: A Catholic Vision of Male Spirituality*.

The Undercurrents of Adolescence

Bret Stephenson, 2014-08-03 Imagine a great movie about adolescence like Rebel Without a Cause or The Breakfast Club with a written commentary rather than a DVD audio one For years I have used movies about teens to learn and grow from As a movie fan and as I became more entrenched in the world of teenagers I

found myself looking at teen movies in a couple different ways With each new teen film I would just turn off my brain and enjoy the movie But then I found myself watching the same movie again with my adolescent filters on and a legal pad pen for keeping notes I saw countless useful pieces in almost every movie from hedonistic party driven films like Dazed and Confused to true life tearjerkers like Freedom Writers Classics like West Side Story and American Graffiti or musicals like Footloose all gave me great material to use in helping parents and other adults involved with teens a venue to learn from While researching for my first book From Boys to Men Spiritual Rites of Passage in an Indulgent Age I learned of a somewhat unknown spike of delinquent and adolescent discontent in the 1950s Beginning with Catcher in the Rye in 1951 through James Dean s brilliance and into West Side Story the undercurrent of teen problems was coming to the surface The youth of the 50s were children of two wars and not buying into the post WWII I Love Lucy and Father Knows Best vision of suburban America The idea for tracking the adolescent undercurrents through the past 100 years or so originally came to me from a teen which seems appropriate Almost 30 years of working with adolescents has taught me a great deal much of which I hope to share in this book My nephew created a PowerPoint slide show in lieu of a boring book report on Catcher in the Rye He began the report with a quick look at what was happening in 1951 when Catcher in the Rye was published and quickly became one of the most banned books in American history In his first few slides he pointed out that It s 1951 and the US is celebrating the war is over I Love Lucy started its first season rock roll was about to top the charts Next my nephew explained that The US was happy not realizing problems that were right under their nose That s why J D Salinger decided to publish a wakeup call While writing my first book I started thinking about movies that might have come out around the same time as Catcher or that also showed a different side of the teen story While most 50 s teen movies were wholesome and positive I recalled a few that fit the undercurrents profile A couple of classics and a couple of not so famous movies came to mind In 1953 we first saw Marlon Brando as The Wild One a reenactment of an actual motorcycle gang that had taken over a small southern California town The wholesome town residents are completely lost in how to deal with a new form of trouble delinquent and violent young people The section in my book about this period and films became one of the most popular components of my workshops When on line streaming and rentals as well as inexpensive movie sales arrived I realized I could finally write a book where readers could watch the film and read my comments on adolescence By deeply paraphrasing each movie even people who could not view each of the ten classic films I use in Undercurrents could learn a lot about teens and adolescence And because I have strongly paraphrased the movie plots and scripts you can learn a lot even without the movies at hand
