Effective Medical Communication Subhash Chandra Parija,Balachandra V. Adkoli,2020-06-16 Effective communication is at the heart of medical profession whether it is patient doctor communication interpersonal communication or communication with the scientific and research community However medical professionals are not adequately trained in these skills and when it comes to presentations the message is often lost due to inadequate preparation ineffective slides and a generally unconvincing performance by the presenter This book addresses all aspects of the communication skills required by individuals entering medical school as well as professionals farther up the career ladder Each chapter offers a quote or a statement that captures the essence of the text Adopting a unique approach known as A B C D and E Assess Need Brief Contextualize Describe and Evaluate the book includes abundant illustrations real world case scenarios anecdotes tables graphs and cartoons as well as practical information and tips on communicating effectively As such it is a valuable resource for new and experienced clinicians educators and researchers wanting to improve their communications skills **Language**

Disorders from Infancy Through Adolescence Rhea Paul,2007-01-01 This text provides students with the information needed to properly assess childhood language disorders and decide appropriate treatments The book covers language development from birth to adolescence **Critical Perspectives on Literature and Culture in the New World Order** Washima Che Dan,Jason Sanjeev Ganesan,Noritah Omar,2012-11-15 The fifteen chapters in this volume explore both new and tested theoretical perspectives on literature and culture at large this multiplicity of discourses is a reflection of the implicit discontent in conforming to the New World Order and a contestation against hierarchical relationships between

countries which inform the social cultural and political climates of weaker nations With the political and economic hegemony of stronger nations weaker nations run the risk of being dominated or at the very least having their own national identity and sovereignty steeped in ambivalence in the face of a globalised culture This volume hopes to bring together critical views in relation to the construction of cultural studies in the Western framework the application of literary theory in the readings of vernacular literature contestation of the mainstream scientific methodology of cultural evaluation the role of English literature in Asian cultures the application of postcolonial theory in literature literary ethics in relation to Islamic literature as well as the Islamic and Western conceptions of democracy More than half of the articles in this collection centre on Islam as a guiding principle or as a context through which critical perspectives are made on literature and culture in today's globalised world order This inadvertent foregrounding of Islam reflects a continuing dialogue on and with Islam and its significant impact on existing academic discourses founded upon Western style scholarship

Simulation Scenarios for Nursing Educators, Third Edition Suzanne Hetzel Campbell, Karen Daley, 2017-10-28 Second Edition was a winner of the AJN Award Unique to this book and what sets it apart from other books on simulations and clinical scenarios are the personal experiences that the authors bring to the chapters The authors' passion, enthusiasm and inspiration are truly reflected and demonstrated in each chapter Authors talk about lessons learned, teaching strategies and in-depth research Key highlights in the book include the practice application of how to develop, implement and evaluate clinical simulations in your nursing program The authors make understanding simulation pedagogy an easy journey and one that is exciting that educators will want to try and embrace even when there is hesitation and uncertainty Pamela R.
