## **From Dessalines To Duvalier Race Colour And National Independence In Haiti:**

From Dessalines to Duvalier David Nicholls, 2018 Rich in subject matter and eminently readable this book is also a fine work of scholarship The more than 1 200 footnotes are models of clarity and relevance the bibliography and index seem scrupulously accurate While each generation must rewrite its own history as Nicholls remarks no book on Haiti for a long time to come will properly be able to ignore the analysis he here provides Ethnic and Racial Studies Step by step Nicholls guides us through the various historical time periods of Haitian political and national development illuminating each one of them by a cogent and learned discussion of the main ideas and ideologies that accompanied them The Political Quarterly Probably the best book written about Haitian history after its independence a thorough thoughtful extremely well researched work Handbook of Latin American Studies In this lively provocative and well documented history David Nicholls discusses the impact of color on political and social alliances during almost two hundred years of Haitian history While consciousness of racial identity has been a powerful factor which from the earliest days has united Haitians in a determination to preserve their national independence color has been a divisive factor leading to the erosion of the stability of that independence Nicholls grounds this sophisticated analysis in great historical detail and engaging witty prose Students and general readers alike will gain much from this insightful and informative history of Haiti A new preface to this edition covers the last ten years in Haitian history David Nicholls is a major authority on Haiti and was in the country as a newspaper correspondent during the 1987 election disaster His other books include Haiti in the Caribbean Context Ethnicity The Pluralist State and Deity and Domination **Before Haiti: Race and Citizenship in French Saint-Domingue** J. Garrigus, 2006-06-24 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks This book details how France's most profitable plantation colony became Haiti Latin America's first independent nation through an uprising by slaves and the largest and wealthiest free population of people of African descent in the New World Garrigus explains the origins of this free colored class exposes the ways its members supported and challenged slavery and examines how they shaped a new American identity The Americas in the Age of Revolution, 1750-1850 Lester D. Langley, 1996-01-01 Langley examines the political and social tensions reverberating throughout British French and Spanish America pointing out the characteristics that distinguished each upheaval from the others the impact of place or location on the course of revolution the dynamics of race and color as well as class the relation between leaders and followers the strength of counterrevolutionary movements and especially the way that militarization of society during war affected the new governments in the postrevolutionary era Langley argues that an understanding of the legacy of the revolutionary age sheds tremendous light on the political condition of the Americas today virtually every modern political issue the relationship of the state to the individual the effectiveness of government the liberal promise for progress and the persistence of color as a critical dynamic in social policy was central to the earlier period **Race and Nation in the Age**

**of Emancipations** Whitney Nell Stewart, John Garrison Marks, 2018-04-15 Over the long nineteenth century African descended peoples used the uncertainties and possibilities of emancipation to stake claims to freedom equality and citizenship In the process people of color transformed the contours of communities nations and the Atlantic World Although emancipation was an Atlantic event it has been studied most often in geographically isolated ways The justification for such local investigations rests in the notion that imperial and national contexts are essential to understanding slaving regimes Just as the experience of slavery differed throughout the Atlantic World so too did the experience of emancipation as enslaved people s paths to freedom varied depending on time and place With the essays in this volume historians contend that emancipation was not something that simply happened to enslaved peoples but rather something in which they actively participated By viewing local experiences through an Atlantic framework the contributors reveal how emancipation was both a shared experience across national lines and one shaped by the particularities of a specific nation Their examination uncovers in detail the various techniques employed by people of African descent across the Atlantic World allowing a broader picture of their paths to freedom Contributors Ikuko Asaka Caree A Banton Celso Thomas Castilho Gad Heuman Martha S Jones Philip Kaisary John Garrison Marks Paul J Polgar James E Sanders Julie Saville Matthew Spooner Whitney Nell Stewart and Andrew N Wegmann

**Red & Black in Haiti** Matthew J. Smith (Ph. D.), 2009 In 1934 the republic of Haiti celebrated its 130th anniversary as an independent nation In that year too another sort of Haitian independence occurred as the United States ended nearly two decades of occupation In the first comprehensive political history of the occupation, *Jean-Price Mars, the Haitian Elite and the American Occupation, 1915-35* Magdaline W. Shannon, 1997-04-12 Dr Jean Price Mars educated and trained in political and educational positions in Haiti and France became one of its leading nationalists in the twentieth century As one of the intellectual members of the predominantly mulatto Haitian elite he attempted to apprise them of their responsibility for the welfare of the black peasant population and the importance of returning democratic self government to Haiti Although successful in neither effort he continued a political and academic career which made him one of Haiti's most remembered politicians and scholars

**Haiti: The Aftershocks of History** Laurent Dubois, 2012-01-03 A passionate and insightful account by a leading historian of Haiti that traces the sources of the country's devastating present back to its turbulent and traumatic history Even before the 2010 earthquake destroyed much of the country Haiti was known as a benighted place of poverty and corruption Maligned and misunderstood the nation has long been blamed by many for its own wretchedness But as acclaimed historian Laurent Dubois makes clear Haiti's troubled present can only be understood by examining its complex past The country's difficulties are inextricably rooted in its founding revolution the only successful slave revolt in the history of the world the hostility that this rebellion generated among the colonial powers surrounding the island nation and the intense struggle within Haiti itself to define its newfound freedom and realize its promise Dubois vividly depicts the isolation and impoverishment that followed the 1804 uprising He details how the crushing indemnity imposed by the former French rulers initiated a devastating cycle of debt while frequent interventions by the United States including a twenty year military occupation further undermined Haiti's independence At the same time Dubois shows the internal debates about what Haiti should do with its hard won liberty alienated the nation's leaders from the broader population setting the stage for enduring political conflict Yet as Dubois demonstrates the Haitian

people have never given up on their struggle for true democracy creating a powerful culture insistent on autonomy and equality for all Revealing what lies behind the familiar moniker of the poorest nation in the Western Hemisphere this indispensable book illuminates the foundations on which a new Haiti might yet emerge **Slavery, Race, and Conquest in the Tropics** Robert E. May, 2013-10-07 Slavery Race and Conquest in the Tropics challenges the way historians interpret the causes of the American Civil War Using Abraham Lincoln and Stephen Douglas s famed rivalry as a prism Robert E May shows that when Lincoln and fellow Republicans opposed slavery in the West they did so partly from evidence that slaveholders with Douglas s assistance planned to follow up successes in Kansas by bringing Cuba Mexico and Central America into the Union as slave states A skeptic about Manifest Destiny Lincoln opposed the war with Mexico condemned Americans invading Latin America and warned that Douglas s popular sovereignty doctrine would unleash US slaveholders throughout Latin America This book internationalizes America s showdown over slavery shedding new light on the Lincoln Douglas rivalry and Lincoln s Civil War scheme to resettle freed slaves in the tropics **Dominion of Race** Laura Madokoro, Francine McKenzie, David Meren, 2017-06-09 How has race shaped Canada s international encounters and its role in the world How have the actions of politicians diplomats citizens and nongovernmental organizations reflected and reinforced racial power structures in Canada In this book leading scholars grapple with these complex questions destabilizing conventional understandings of Canada in the world Dominion of Race exposes how race thinking has informed priorities and policies positioned Canada in the international community and contributed to a global order rooted in racial beliefs While the contributors reconsider familiar topics including the Paris Peace Conference and Canada s involvement with the United Nations they enlarge the scope of Canada s international history by subject geography and methodology By demonstrating that race is a fundamental component of Canada and its international history this important book calls for reengagement with the histories of those marginalized in or excluded from the historical record **The Statesman's Year-Book, 1996-7** B. Hunter, 2016-12-27 The 133rd edition of The Statesman s Year Book is completely revised and updated Widely respected as an authoritative and accessible reference work The Statesman s Year Book provides the basic building blocks of knowledge about any country in the world constitution and government international relations industry agriculture trade and social issues Known as a people events and statistics work this year s edition includes accounts of the latest developments in trouble spots such as Bosnia Israel and Northern Ireland and records the results of recent elections in Italy Austria Spain and Turkey **The Unexceptional Case of Haiti** Philippe-Richard Marius, 2022-04-19 When Philippe Richard Marius arrived in Port au Prince to begin fieldwork for this monograph to him and to legions of people worldwide Haiti was axiomatically the first Black Republic Descendants of Africans did in fact create the Haitian nation state on January 1 1804 as the outcome of a slave uprising that defeated white supremacy in the French colony of Saint Domingue Haiti s Founding Founders as colonial natives were nonetheless to varying degrees Latinized subjects of the Atlantic They

envisioned freedom differently than the African born former slaves who sought to replicate African nonstate societies Haiti's Founders indeed first defeated native Africans' armies before they defeated the French. Not surprisingly, problematic vestiges of colonialism carried over to the independent nation. Marius recasts the world historical significance of the Saint Domingue Revolution to investigate the twinned significance of color, race, and class in the reproduction of privilege and inequality in contemporary Haiti. Through his ethnography, class emerges as the principal site of social organization among Haitians, notwithstanding the country's global prominence as a Black Republic. It is class and not color or race that primarily produces distinctive Haitian socioeconomic formations. Marius interrogates Haitian Black nationalism without diminishing the colossal achievement of the enslaved people of Saint Domingue in destroying slavery in the colony, then the Napoleonic army sent to restore it. Providing clarity on the uses of race, color, and nation in sociopolitical and economic organization in Haiti and other postcolonial bourgeois societies, Marius produces a provocative characterization of the Haitian nation-state that rejects the Black Republic paradigm.

*Haiti: From Revolutionary Slaves to Powerless Citizens* Alex Dupuy, 2014-03-05 This title focuses on Haiti from an international perspective. Haiti has endured undue influence from successive French and US governments; its fragile democracy has been founded on subordination to and dominance of foreign powers. This book examines Haiti's position within the global economic and political order and how the more dominant members of the international community have in varying ways exploited the country over the last 200 years.

**Race, Ideology, and the Decline of Caribbean Marxism** Anthony P. Maingot, 2015-08-25 Most studies view the Caribbean as disparate countries prone to revolution and ripe for rebellion. In a refreshing departure from the norm, Anthony Maingot, using historical and contemporary examples, explains that the region is actually populated by resilient, adaptable societies that combine both modern and conservative elements. Despite the Caribbean's diverse languages, nationalities, racial differences, ideologies, microhistories, and political systems, it is defined by a similarity of challenges faced in the postcolonial era. Challenges Maingot examines: the contemporary intellectual, social, economic, and cultural trajectories of Caribbean nations and locates the common conservative thread in its many revolutions and transitions. He concludes that this prevailing tendency deserves better acknowledgment by which the Caribbean can chart possible productive paths that have not yet been considered, especially with regard to combating increased corruption. By focusing on changes since the 1990s, this ambitious volume, by one of the preeminent scholars in Caribbean studies, helps define the future course of investigations in this complex region.

**Politics and Power in Haiti** K. Quinn, P. Sutton, 2013-03-20 Examining the political legacies of the Duvalier period and after and revisiting the work of the late David Nicholls, *Politics and Power in Haiti* provides some of the keys to understanding the turbulent world of Haitian politics and the persistent challenges at home and from abroad which have distorted development.

**War, Peace and Progress in the 21st Century** Mark Berger, Heloise Weber, 2013-09-13 The history of development is one marked by insecurities, violence, and persistent conflict. It is not surprising, therefore, that development is

now thought of as one of the central challenges of world politics. However its complexities are often overlooked in scholarly analysis and among policy practitioners who tend to adopt a technocratic approach to the crisis of development and violence. This book brings together a wide range of contributions aimed at investigating different aspects of the history of development and violence and its implications for contemporary efforts to consolidate the development security nexus. From environmental concerns through vigilante citizenship to the legacies of armed conflicts during and after decolonization the different chapters reconstruct the contradictory history of development and critically engage contemporary responses and their implications for social and political analyses. In examining violence and insecurity in relation to core organising principles of world politics the contributors engage the problems associated with the nation state and the inter state system and underlying assumptions of the promises of progress. The book offers a range of perspectives on the contradictions of development and on how domination violence and resistance have been conceived. At the same time it exemplifies the relevance of alternative methodological and conceptual approaches to contemporary challenges of development. This book was published as a special issue of *Third World Quarterly*      Caribbean Crossing Sara Fanning, 2015-01-02 Reader's Digest Endowed Book Fund      *Politics or Markets?* Mats Lundahl, 2002-01-31 First published in 1992 Routledge is an imprint of Taylor Francis an informa company
